Accounting Law Defended. SALEM, Ore., Jan. 21.—The house judiciary committee considered the bill that has just passed the senate abolishing the uniform accountancy system.

J. Y. Richardson, head of the present law, showing that the proper audit of county affairs requires more supervision than the county court itself can give.

The hearing was adjourned with no action taken, the sentiment of the committee apparently being to consider carefully before recommending the bill for passage in the house.

Planning for the Stork's Arrival. Among those things which all women should know of, and many of them do, is a splendid external application.

This is sold in most drug stores under the name of "Mother's Friend." It is a penetrating liquid and many a mother tells how it so wonderfully aided them through the period of expectancy.

Its chief purpose is to render the tendons, ligaments and muscles so pliant that nature's expansion may be accomplished without the intense strain so often characteristic of the period of expectancy.

At any rate it is reasonable to believe that since "Mother's Friend" has been a companion to motherhood for more than half a century no more timely advice could be given the inexperienced mother than to suggest its daily use during expectancy.

Ask at any drug store for "Mother's Friend," a penetrating external liquid of great help and value. And write to Bradford Regulator Co., 302 Lamar Bldg., Atlanta, Ga., for their book of useful and timely information to expectant mothers. It contains many suggestions that are of interest to all women.

"TIZ" is magical, acts right off. "TIZ" draws out all the poisonous exudations which puff up the feet. Use "TIZ" and forget your foot misery. Ah! how comfortable your feet feel! Get a 25 cent box of "TIZ" now at any drugstore or department store. Don't suffer. Have good feet, glad feet, feet that never swell, never hurt, never get tired. A year's foot comfort guaranteed or money refunded.

Gold Pool Not Needed. WASHINGTON, Jan. 21.—The \$100,000,000 gold pool organized to meet American obligations abroad shortly after the outbreak of the European war will be abandoned because bankers believe the necessity for it has passed.

Bankers back of the pool, it became known, have communicated this decision to the federal reserve board, whose sanction for the undertaking was asked and granted before the plans were completed.

The abandonment of the gold pool is taken by officials here to mean that the foreign exchange problem has settled itself.

THE WORKER AND THE JOB MUST BE BROUGHT TOGETHER

THIS IS THE PROBLEM BEFORE GOVERNMENT DECLARES MILLIONAIRE.

NEW YORK, Jan. 20.—"The government must bring the worker and the job together."

This is the only solution of the unemployment problem in the opinion of Jacob Schiff, millionaire banker, who testified before the federal industrial relations commission's investigation into the Rockefeller, Sage and Carnegie and other foundations.

Schiff declared the unions fared better at the hands of large corporations than they do with smaller concerns.

He said he approved of labor unions and declared no responsible manager of a corporation would consent to a blacklist. He insisted the unemployment problem was the biggest one before the nation today. He said he

HINKLE OPPOSES LOBBY BILL AS PASSED IN HOUSE

STANFIELD ALSO VOTES AGAINST IT WHEN FINAL COUNT IS TAKEN.

SALEM, Ore., Jan. 21.—After a vigorous debate yesterday, the house went on record against the pernicious lobbyist, who infests the house of legislation and whispers words into statesmen's ears out of some dark corner.

After the argument, which was participated in by many orators, the house passed the Shuebel bill requiring the registering of all lobbyists with the secretary of state and forbidding others from appearing as legislative counsel together.

When it came to a vote, those who opposed the passage of a lobby bill were found to be: Bowman of Washington, Thomas Brown of Marion, Cartmill of Baker, Clark of Gilliam, Davey of Harney, Hinkle of Umatilla, Irvin of Lincoln, Lewis of Multnomah, Stanfield of Morrow, Thomas of Marion, Weeks of Marion and Wentworth of Multnomah.

Courage of Convictions.

Success not only means having an aim in life, but also in having nerve enough to pull the trigger when it comes time to shoot.

HOW TO CURE A LA GRIPPE COUGH.

"Coughs that hand on" demand treatment. Stop and think! Reason and common sense tell you that it is folly to "grin and bear it."

Those racking la grippe coughs that wrench the body and cause soreness and pains in the lungs yield more quickly to Foley's Honey and Tar than to any other treatment.

Forty years record of successes proves this. For coughs, colds, croup and other distressing ailments of throat, chest and lungs, larynx and bronchial tubes, you can find nothing that will compare with this reliable remedy. Sold everywhere.—Adv.

Price of Lights Lowered.

BAKER, Ore., Jan. 20.—An agreement was reached between the Eastern Oregon Light & Power company and the city commissioners under which the lighting company will establish a net maximum rate for electricity for lighting of 3 cents a kilowatt hour for the first 100 kilowatts and graded down from that point.

The city commissioners on the other hand will abandon the proposal to install a municipal lighting plant for homes.

The new rates will be effective February 1.

The city commissioners said that it would not be good business for the city to install a lighting plant at a cost of \$130,000 to compete against a company which had agreed to furnish lights at a low rate.

PRESIDENT FAVORS PURCHASE OF MONTICELLO

Mrs. Martin W. Littleton. WASHINGTON, Jan. 21.—Mrs. Martin W. Littleton, of New York, has found President Wilson in accord with the movement in which she has been the leader to have the government purchase Monticello, the Virginia home of Thomas Jefferson.

She understood after the conference that President Wilson would be glad to see the bill for the purchase of the estate purchased by congress as soon as the absolutely necessary legislation is out of the way.

Not "Present Incumbent." SALEM, Ore., Jan. 18.—Representative Weeks, of Marion county, introduced a resolution aimed at the oil portrait of George E.
