THEATRICAL NOTES.

BY BEAU RIALTO.
(Written for the United Press.)
NEW YORK, Jan. 25.—One of the cleverest ways of assuring a Broadway run for a play was attempted in successful fashion recently by William A. Brady with "Sinners." He figured that the best place to "try it on the dog" would be Sing Sing prison. The result is free advertising—the convicts—has fully exceeded his expectations.

Brady offered a prize of \$100 for the best criticism by an inmate of the play as performed at Sing Sing. William Hooper Young, No. 54,029, who figured in a noted murder case in this city and who is now serving a life sentence as a consequence, proved to be the best critic. He wrote, in part:

"The play 'Sinners' appeared for its first trial before the select body of expert 'sinners' gathered together at the justly celebrated summer and winter resort which, by the way, is no sin-e-cure. The jury was large and enthusiastic, and the verdict rendered was 'Not wanting in all that ought to bring success' and the judgement 'Sentenced to be a long life on Broadway with hard labor to handle the crowds around the box office.'

Young immediately turned over the money to the Golden Rule Brotherhood, the association intended to secure work for the convicts after their release.

The critical review by No. 54,029 is probably disappointing to those who expected some genuine ideas of how real sinners would feel in the presence of a play which so closely touched a period in their lives. But the truth of the matter is that 'Sinners' does not tell anything new. It's the old story of virtue rewarded; the old story that always seems human in spite of the cynicism and doubt of today. The play is not an artistic one. The emotions are exhibited in violent fashion; the tears flow in bucketsful and the laughter is the kind that may be heard for a long distance. The finer shades and nuances of feeling are absent. To be brief, it's 'sob stuff.'

But it gets over the footlights just as 'The Old Homestead' and 'Way Down East' do and the play is likely to be enjoyed by many who like to harken back to the good old days when real, golden-haired angels and fierce, black-hearted villains were the best actors.

The play deals with the temptations which befall two girls in the

city and their return, later, to the family homestead and salvation. Mary and Hilda become the wives of honest country folk, live in vine covered cottages happily ever afterward.

The acting, with Alice Brady as Mary Edna Dunn as the mother, is worthy of much higher praise than the play itself. Charles Lichman plays a corking good village doctor and Robert Edeson is a virtuous young man. The villain, John Stokes, is loudly hissed every night for his cruel work which is applause enough.

CHICAGO AUTO SHOW DISPLAYS NEW IDEAS

CHICAGO, Jan. 25.—Nearly 100 automobile concerns and twice as many manufacturers of accessories were represented by exhibits at the annual Chicago automobile show which was formally opened at the Coliseum and in the First Regiment armory today. Practically all the exhibits came from the New York show in Grand Central Palace.

The Coliseum had all the appearances of a huge conservatory when the doors were thrown open. The floor was carpeted with green; booths were half-concealed by palms and evergreens and the sonic roof effects carried out the same idea.

The show will continue for one week. A large attendance of tradesmen is expected this year because of the fact that a large number of companies are revealing new models this year. Several dealers' conventions will be held early next week and the loop hotels are preparing to handle big crowds.

Visitors to the show today noted with delight changes in the designs that will make touring next summer byes of a dust bath. Not only are the motors on the 1915 cars being made much lighter, with smaller bore and longer stroke than in former years, but the aeroplane is beginning to influence the lines of the automobile body.

The smooth, stream lines of the airship by which they move with a minimum of friction through the air have been copied by the auto manufacturers. They say that it not only adds to the looks of the car but means smaller clouds of dust and more comfort for road travelers.

BRITISH SOLDIERS MAKE WEEK-END TRIPS HOME

LONDON, Dec. 27.—(By Mail to New York.)—Week-end trips home from the trenches are now a regular thing among the British soldiers at the front. The regiments which were engaged during the desperate retreat from Mons, and the subsequent advance north to Ypres, are thoroughly exhausted as a result of three months continuous fighting, and as far as possible they have been withdrawn from the firing line, and replaced by fresher troops. Leave of absence is granted wherever possible and the war-weary veterans make a bee-line across the Channel for a week-end at home.

The names of the lucky ones are published in the orders of the day, and the men selected behave like school boys at the end of the term. "Telegraph for a dinner at the Trocadero, I'm dining and sleeping out" whoops a young officer and on discovering his name in the list, and in ten hours he is in London. The men's chief grievance is that they have to pay their fare back, but it is expected that this will be remedied. Curiously enough the thing the week-enders from the front want most is news, but they are much disposed to discuss their own doings. "Tired of war talk" is the usual response to queries. Five officers who got leave last week, made for a south-coast resort, went to the best hotel in the place, ordered separate rooms with a fire in each, and for two days had their meals served in bed.

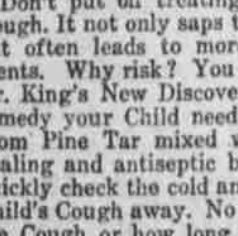

Found Longshoreman in Room.

ALBANY, Ore., Jan. 25.—"Going to arrest me?" was the greeting Miles McKee received from out of the darkness of his room at the Weatherford home, after he entered and was in the act of turning on the light. The man said he was a longshoreman from Portland, had been unable to get work and came down this way. He told McKee he was desperate from hunger when he entered the house. McKee let him go.

SUPERINTENDENT OF UMATILLA COUNTY STATION SHOWS HOW.

Many Ranchers Gather to Hear Interesting Talk and See Practical Work—Purple Giants Defeat Hermiston All Stars—Other News Notes of Town.

(Special Correspondence.)
HERMISTON, Ore., Jan. 25.—Superintendent of the Umatilla County Experiment Farm Ralph E. Allen gave a pruning demonstration at the farm Saturday afternoon to ranchers of the project interested in the horticultural pursuits.

Mr. Allen recently returned from Washington and as he soon leaves for Corvallis where he will conduct pruning demonstrations at the agricultural college during the short course, found it necessary to have his demonstration at this time, owing to the conflicting date with the Hermiston Jersey Breeders' Association. Mr. Allen will give another demonstration in the pruning of fruit trees on his return from Corvallis.

Mr. Allen gave a demonstration to the horticulturists of Stanfield, Friday afternoon. The Purple Giants of Echo defeated the Hermiston All-Stars Friday evening at basketball in the Hermiston hall, 38 to 15. The All stars played well but needless to say were outclassed in every way by the Purple Giants. The game was refereed by Prof. A. E. Bense and Carl Gilbert of Echo, umpired.

Many enthusiasts motored from Echo to see the two teams at battle and attended the Friday night dancing party given in the Mercantile hall after the game.

U. S. TO CONSTRUCT ZEPPELIN AIRSHIP

WASHINGTON, Jan. 25.—Bids for the construction of a Zeppelin model airship and a number of new type aeroplanes will be asked for soon by the navy department, it was learned here. All will be constructed by American firms.

Naval officers for some time have been anxious to obtain an airship of the Zeppelin pattern but, it is said, no American manufacturer can be found who would attempt its construction. Recently, however, several manufacturers promised to undertake the building of such an airship if their bids were accepted. If the experiment is successful, additional Zeppelin models will be built.

Dr. and Mrs. F. W. Vincent left yesterday for Portland for a visit with friends.

Miss Edna Wissler has returned from La Grande where she was a guest of Miss Irene Murphy. She was the honor guest at a party there Wednesday of which the La Grande Observer speaks as follows:

Miss Edna Wissler of Pendleton was given delightful social consideration Wednesday when Miss Irene Murphy entertained for her at the Murphy home. Miss Wissler, who formerly lived in La Grande and has a large circle of friends here still, has returned to her home after being a guest for several days here with Miss Murphy and other friends. After an afternoon of informal pleasantries and needlecraft, the guests were served refreshments. Those present besides Miss Wissler were: Miss Iva Head, Miss Marie Penington, Mrs. Myrton Kiddle of Island City, Mrs. Frank Bay, Mrs. Lloyd Scriber, Mrs. Herman Selgrist, Mrs. A. W. Nelson, Mrs. H. M. Bay, Mrs. George Huntington Curry, Mrs. Richard Duigan, Mrs. W. R. Rinehart and Mrs. Iva Long Culp of Portland and Mrs. Norman Deslett.

Colds Are Often Most Serious—Stop Possible Complications.

The disregard of a cold has often brought many a regret. The fact of sneezing, coughing, or a fever should be warning enough that your system needs immediate attention. Certainly loss of sleep is most serious. It is a warning given by Nature. It is man's duty to himself to assist by doing his part. TUMULTY NAILS NEW RUMOR ABOUT BRYAN

WASHINGTON, Jan. 25.—A statement denying published reports that Secretary of State Bryan had threatened to resign if President Wilson indorsed Roger Sullivan's candidacy for United States senator in the election of November, 1914, was issued by Presidential Secretary Tumulty. It was said that neither Secretary Bryan nor Secretary McAdoo had interfered in the Illinois situation. As to Postmaster Burleson, Secretary Tumulty pointed out that Burleson had made a speech for Sullivan in which Burleson had the consent of President Wilson.
