SPORTSMEN PROTEST.

(Continued from page one.)

Sportsmen further assured the senators that under the commission system the hunting and fishing had greatly improved in this county and that the game laws had been enforced as never before.

It was made plain to them that the sportsmen were not fighting to have the scalps of the members of the commission but, on the other hand,

would, if necessary, use all their influence to secure the resignation of the present commissioners if that would help in saving the system.

Whether or not the attitude of the legislators was affected by the arguments presented remains to be seen.

ECHO YOUNG MEN ARE ON TRIAL IN CATTLE CASE

Arthur Gulliford and Carl Kirk, two well known young men of Echo, are on trial today in the circuit court on a charge of stealing cattle from Nelson Bros. and the case is one of the most important on the January docket. The alleged crime was committed last October and the young men were arrested at that time by Sheriff Taylor but, when the case was presented in a preliminary hearing in the local justice court, it was dismissed for lack of evidence. However, the grand jury returned a true bill upon an original investigation.

The evidence against the young defendants is nearly all circumstantial. The state expects to trace the movements of the defendants and try to prove that they drove the cattle away from the Nelson ranch to a pasture adjoining the Gulliford place. Plaster casts taken by Sheriff Taylor of the hoof marks of the horses trailing the cattle will form an important link in the testimony against the defendants as the state contends the hoof marks were made by the horses they were riding.

L. A. Esteb is attorney for the defense and in his opening argument, declared he would prove the young men innocent by proving the movements of the young men on the night in question.

Kansas Law Upheld.

WASHINGTON, Jan. 25.—The right of a railway official to compel an employe to withdraw from a union is granted under the laws of Kansas as upheld by the supreme court when it reversed a decision of the Kansas supreme court and the lower tribunal which found T. B. Coppase guilty of coercion.

Santa Fe Increases Time.

SAN BERNARDINO, Jan. 25.—Orders for a 12 1-2 per cent increase in the working time of 1915 Santa Fe shop employes were issued.

Newsy Notes of Pendleton

Many New Students. Many new students are registering at the high school this semester and it is expected that the enrollment will probably be increased to about three hundred if not more.

Cafeteria is Reopened. The high school cafeteria has reopened again to accommodate the students, having been closed during the examination week. It will probably have an increase in patronage this semester due to the increase in students.

Recovers From Operation. Zoeth Houser, former sheriff, has returned to his home at Stanfield from Portland where he underwent an operation for an affliction of the knee. His daughter, Mrs. William Hoskins, was with him.

Fire Loss Adjusted. F. M. Burnside of Seattle, special adjuster for the Manheim Insurance Co., of which Manuel Friedley is local agent, was here today to adjust the loss of Jack Childreth whose auto was recently burned. The full amount of the policy, \$1000, was allowed.

Will Boost Round-up. John Galen Howard of San Francisco is preparing an article on "The Influence of Western Outdoor Life Upon the Fine Arts" and recently wrote to the Commercial association for information on the Round-up. In a letter received today he expressed himself as highly pleased with the information sent by Secretary Cranston and declares it will greatly assist him in the preparation of his article.

More Seeds for the Writing. Senator Chamberlain has a limited number of packages of Soudan grass, Kansas grown alfalfa and field pea seed for Umatilla county people and has instructed Secretary Cranston of the Commercial association to send him the names of those interested. To give all an equal opportunity, Secretary Cranston is requesting those interested to submit their names to him at once.

Back From Hot Lake. Rev. Charles Quinney, rector of the Church of the Redeemer, arrived home Saturday from Hot Lake where he spent two weeks. His health is improved as a result of his sojourn there. A week ago yesterday Rev. Quinney preached at the sanatorium and on Thursday evening lectured on his early experiences among the Indians. W. M. Blakely, who had been at Hot Lake for a fortnight, also returned Saturday and left yesterday on No. 17 for Portland to join Mrs. Blakely.

Waitsburg Girls Win. In a close and interesting basket ball game Saturday night between the girls of Pendleton high school and Waitsburg, the locals were forced to give up the bacon at the grinding score of 18-20 in favor of Waitsburg. The game was probably the closest game played this season and the defeat of the locals is generally blamed to the new floor since the local team defeated Waitsburg once this season on the local floor at a much larger score.

Addresses Appreciated. After the regular morning song service, the local high school students were given a splendid and impressive address by Principal Hampton in which he credited the students for the good work of the past semester and emphasized the importance of incessant, hard work for success in any line of work. Mr. Hampton's address was followed by a second address by Prof. J. S. Landers following the same line of thought as presented by Mr. Hampton. Mr. Landers used Booker T. Washington as an example of determination, labor and consequent success. Both addresses were received with appreciation by the students.

WONDERFUL MERCHANDISE VALUES!

Such values are only to be found at the Golden Rule Stores. It's the way we buy in immense quantities for a big chain of Busy Stores that enables us to offer you high grade goods far below its real worth. In many instances selling you goods for less than our competitors have to pay for theirs. Buying for cash as we do in quantities only, and direct from the mills, and selling for cash only, besides giving values that can't be duplicated elsewhere is what makes this Pendleton's Big Busy Store.

Some exceptional values picked up by our Eastern Buyer just received and will be offered to the TOMORROW (TUESDAY) MORNING at about half buying public elsewhere. These are not special sale prices but just every day Golden Rule Prices.

WE URGE YOU TO COME EARLY AS THESE VALUES WILL NOT LAST THROUGH THE WEEK

Ladies' 10c and 15c Hose values 5c and 10c

Children's 15c and 20c Hose values 10c, 12 1-2c

Ladies' Burson seamless hose at 19c

Would you marry a Chinaman to save the life of the man you love? That is one of the questions that confront Olga Petroff—nihilist, during the Boxer uprising in 1900. The coming of the troops to the relief of the American legation and other dramatic incidents of this interesting play will keep you deeply interested to the last scene.

"The Marked Woman"

A thrilling feature and one we are sure will please

ADMISSION

10c

10c

Joins Wife at Sanatorium. Frank Pedro, local sheepman, left Saturday for Hot Lake to join his wife who is taking treatment there.

Demurs to Indictment. Attorney Alger Fee has filed a demurrer to the indictment returned by the grand jury against Andrew Lewis, alleged bootlegger.

Indictments Are Dismissed. Robert Johnson, indicted by the grand jury on a charge of assaulting Mrs. Hanna of this city and attempting to rob her, was yesterday released from custody, the indictment having been dismissed upon action of the district attorney for want of sufficient evidence to convict. The other indictment against Ed Kilgore and Walter Gilman, convicted cattle rustlers, were also dismissed. The indictment against Dave Witmer and Harry Scheffeld, charged with robbing the cabin of a forest ranger, has been referred to the new grand jury which will meet next week.

Charge Proves a Boomerang. When J. M. Grayble accused Wilfrid Minthorn and Charley Bennett, two well known Indians, of trying to rob him, he began his own undoing. The two Indians in police court this morning told their story and, after each had been adjudged guilty of being drunk and disorderly, Judge Fitz Gerald ordered a complaint made out against Grayble charging him with giving liquor to Indians. Minthorn and Bennett testified that Grayble had shared a pint bottle of whiskey with them after which he had made them a proposal which they refused. The man drew a knife, they said, and Bennett promptly knocked him down. Minthorn displayed a gash in his arm as a result of the encounter.
