"It is easy to use and quick to respond. No work. Just apply. It penetrates without rubbing."

Read What Others Say:

"Have used your Liniment very successfully in a case of rheumatism, and always have a bottle on hand in case of a cold or sore throat. I wish to say I think it one of the best of household remedies. I would not have used it only it was recommended to me by a friend of mine who, I wish to say, is one of the best boosters for your Liniment I ever saw."—J. W. Fuller, Demos, Cal.

"Just a line in praise of Sloan's Liniment. I have been ill nearly fourteen weeks with rheumatism, have been treated by doctors who did their best. I had not slept for the terrible pain for several nights, when my wife got me a small bottle of the Liniment and three applications gave me relief so that I could sleep."—Joseph Tashke, 615 Commerce Street, McKeesport, Pa.

Soldier, 14, Wounded.

LONDON, Jan. 25.—The youngest member of the British army at the front, Private James Strait, is back in England recovering from a shrapnel wound in the leg. Strait, who is 14 years old, is a son of a corporal who lost his life in the South African war. The boy went to France

with the expeditionary force in August.

D. D. D. In Hospitals; Standard Skin Cure

How many hospital patients, suffering the frightful itch, the raw scorching pain of skin disease have been soothed to sleep by a soothing fluid washed in by the nurse's hands? That fluid is the famous D. D. D. prescription for eczema.

THE SUPERVISING NURSE of one of our prominent Catholic institutions (name of nurse and institute on application), writes regarding her patient: "The disease had eaten her eyebrows away. Her nose and lips had become disfigured. Since the use of D. D. D. her eyebrows are growing, her nose and face have assumed their natural expression."

How many eczema sufferers are applying their doctors for regular treatment and are being treated with this same soothing, healing fluid?

DR. GEO. T. BISHARDSON frankly

TALLMAN DRUG CO.

writes "D. D. D. is superior to anything I have ever found. Soft and soothing, yet a powerful agent."

To do the work, D. D. D. Prescription must be applied according to directions given in the pamphlet around every bottle. Follow these directions—and see!

And it certainly takes away the itch at once—the moment the liquid is applied. The skin is soothed—calmed—so thoroughly refreshed—delightfully cooled.

All druggists of standing have the famous specific as well as the efficient D. D. D. Skin Soap.

But we are so confident of the merit of this prescription that we will refund the purchase price of the first full size bottle if it fails to reach your case. You alone are to judge.

ARREST IS MADE AT BAKER FOLLOWING A FIRE EARLY MONDAY

BUSINESS BLOCK IS NEARLY WIPED OUT BY DISASTROUS BLAZE.

Zero Temperature Hinders the Firemen in Their Work—Frame Buildings Are Easy Prey to Fire—Hospital Nearby Has Narrow Escape from Being Destroyed.

BAKER, Ore., Jan. 25.—John Natli, proprietor of the Little Dream Cafe and Earl Linsford, cook at the cafe, were arrested by Constable Bowman on a warrant issued by Justice of the Peace Hubbard on complaint of District Attorney Godwin, charging them with maliciously burning the building in Monday's Center street fire. The Little Dream Cafe was insured for \$300. Fire Chief Grabner said that the property was not worth \$30, although Natli gave its value as \$300.

Fire starting in the Little Dream Cafe on the north side of Center street between First and Second streets at 1:45 o'clock yesterday morning and burning until 6:30 o'clock, spread in both directions and laid waste half a block of business buildings, including the H. J. Valentine Hardware store, Nevius hall and half a dozen small business places. The total loss is estimated at \$16,250 and the total insurance, thus far reported is only \$6200. The buildings were all of frame construction and in a part where it was almost impossible to insure up to the total value.

Extreme cold hampered the firemen two of the dead ends leading to the fire hydrants being frozen and delaying the start of the battle with the flames which found ready kindling in the weathered timbers. It was five below zero and this not only hampered the fight but caused the firemen much suffering. At times their clothing was covered with ice.

Great apprehension was felt for the patients in St. Elizabeth's hospital at the start of the fire. This was in the adjoining block and for a time it looked as though not only this block but the neighboring one was doomed. Better's ambulance was ready and some of the patients were dressed and prepared for a hurried removal. Four patients, gravely ill, were not awakened and did not know of the nearby peril.

British Fleet Watched. CHICAGO, Jan. 25.—The location of England's great fleet is revealed in a letter recently received by the Chicago Herald from a European capital. The "grand fleet," which consists of England's most modern and powerful fighting ships, is in the Irish sea.

In the North Sea are the battle cruiser squadrons, the destroyer flotilla, the scout divisions of the navy and some of the older dreadnoughts. It is well understood in England that German submarines are on constant watch north and south of the anchorage. They do a tour of duty, resting on the bottom of the ocean, the length of the resting period depending on air and fuel supply.

English submarines, it is also learned.

GREAT KIDNEY REMEDY SAVES TWO CHILDREN IN ONE FAMILY

About one year ago two of my children suffered badly from weak kidneys. They would have severe dizzy spells and were all run down in health. I was just about discouraged. I tried several remedies and finally a doctor, but they did not seem to improve. I know of a friend who was taking Swamp-Root for kidney trouble with good results and I decided to get some for the children. I had noticed that there was some improvement after they had taken two large bottles and continued to give it to them until they had taken one-half dozen bottles and were well on the road to recovery. I think Dr. Kilmer's Swamp-Root has done more for my children than any other medicine I have tried and recommend it to anyone having children that suffer as mine did.

Very truly yours,
R. W. LIENSBY,
Dothan, Ala.

ed, are doing similar scout work off Heligoland, the Kiel canal and the base of the Imperial navy.

The English navy through the intervention of nature, narrowly escaped a tremendous disaster following the raid on Scarborough, Whitby and Hartlepool. The coastal attack was a marine bait. Several German submarines accompanied the Kaiser's cruisers. They took position, planned, along the line of retreat, planned by the German ships. The expectation was that the British ships would pursue and then the submarines would attack.

Pursuit started, but an impenetrable fog settled down—and several British ships were saved from destruction.

Count Zeppelin, inventor and builder of the German war airships, who, in this war, will apparently attain the goal of his life's work, i. e., demonstrating the practicability of the dirigible balloon as an engine of war. The success with which the recent night attack on the Norfolk coast of England by a flotilla of German Zeppelin dirigibles has made the titled inventor the man of the hour in Germany and it is now considered inevitable that the Germans will soon be making nightly attacks on the city of London from the clouds.
