11 Ships Sunk is Reported.
 BERLIN, Jan. 27.—It is reported from Leipzig that the German cruiser Karlsruhe has sunk 11 commercial ships during the last fortnight.

Leipzig is in Central Germany, several hundred miles from any port. It is not likely that news concerning the Karlsruhe, in the ordinary course of events, would reach Leipzig in advance of Berlin.

The Karlsruhe is one of the few German warships still on the high seas. She has sunk a large number of British and French vessels, successfully eluding hostile warships that for weeks have been pursuing her. January 21, it was reported that the Karlsruhe had been sighted off Moro, Porto Rico.

Colds Are Often Most Serious—Stop Possible Complications.

Irrigation Levy Opposed.
 BAKER, Ore., Jan. 27.—Resolutions against a half mill levy for the state for irrigation purposes were adopted unanimously by the Baker County Taxpayers' League and forwarded to the legislature.

Baker county, although dependent largely on irrigation, has been led to believe that the proposed expenditure of about \$450,000 is for work in the Deschutes country. A 1-mill levy for road work was opposed because the taxpayers anticipated that it would be expended in Multnomah county and that the smaller counties would not be benefited.

Blood Remedy Sustains World
 Myriads Have Learned of Its Remarkable Curative Value.

From the very fact that S. S. S., the famous blood purifier is a natural medicine, it is opposed by those who can not give up mercury and other dangerous drugs. Habit is a strange master. Afflicted people use mercury with a blind force of habit. Not warned by the rheumatism they see all around them, unmindful of the locomotor ataxia, paralysis and other dreaded results of mineral poisoning, they cling to the fast disappearing treatment so surely and positively being replaced by S. S. S. wherever the light strikes in. S. S. S. is fast becoming the world's panacea for all blood troubles because it is welcome to a weak stomach, is taken naturally into the blood, is a wave of purifying influence known by its remarkable curative results, and is the standby of a host of people. It goes into the blood and remains a strong medicinal influence to the end and this without any other effect than that of a purely cleansing property. It is the most universally recommended blood remedy known, and has sustained its reputation for half a century. Its ingredients are Nature's delicate antidotes for germs that create our worst afflictions. Get a bottle today of any druggist. Refuse all substitutes. Write the medical department, The Swift Specific Co., 62 Swift Bldg., Atlanta, Ga., for free advice on blood troubles, and how to overcome them. This department is one of the best helps to men, to be found anywhere, and it is entirely free.

**INTERNATIONAL OPERA
 COMPANY WILL BE AT
 HIGH SCHOOL FRIDAY**

LYCEUM NUMBER IS HERALDED AS ONE OF THE BEST NUMBERS OF THE COURSE.

Every Member Is An Artist and the Program of the Company Is Declared to be a Delight for Music Lovers—Varied Numbers Afford Entertainment for All.

Undoubtedly one of the best musical attractions that has ever come to Pendleton will be the concert Friday evening in the high school auditorium by the International Opera Co., which comes under the direction of the Elipson-White Lyceum Bureau. Local people who have heard the members of the company declare they are beyond question real artists.

It is an organization composed of professional performers, each a musician of wide experience and reputation. Their programs will include vocal solos, duets, quartets, piano vocal and an operatic production in costume. These thoroughly trained artists are costumed in rich, beautiful manner for their character songs and the selections from grand opera and popular operas, at the same time have shown good taste in recognizing the limitations of lyceum requirements.

Tekia Farm, late prima donna soprano with Mme. Schumann-Heink in "Love's Lottery," has gained distinction in opera, oratorio and concert work. She sings in English, Swedish, German and Italian. As an associate of the great Schumann-Heink this artist proved her ability and established herself in the musical world. When a singer enters a career which carries her to the position reached by this artist lyceum audiences are certain to appreciate her work.

Rose Heidenreich has attracted the attention of musical critics during several seasons of pronounced success. Her most recent triumph was with the National Grand Opera Company, which filled a long season at a prominent Chicago theater. Miss Heidenreich sings in English, German and other languages and comes to the International Operatic company thoroughly familiar with the roles she assumes.

J. Allen Grubb, tenor, has been prominently identified with important musical productions in Chicago and elsewhere, and has won exceptional success with each appearance. His voice is of the brilliant, robust quality and he sings with the ease and finish of the true artist. Few singers have won such instantaneous recognition, both in the singing and acting of important roles.

Burt McKinnie has a voice of beautiful natural quality. It is a true, rich, vibrant baritone of stalwart proportions. There is in his art the blood of real feeling, a profound sentiment capable of warming the receptive faculties of every audience. He was a leading baritone for years in Savage's English Grand Opera Company and was a valued member of that splendid organization. Mr. McKinnie is well equipped to sing the important roles with the International Operatic company.

Margaret Day, as an accompanist is all that could be desired. She is sympathetic and artistic to a marked degree and gives to the singer just the support needed to secure the best results. As a soloist her work is of exceptional merit. She has made thorough preparation for a concert tour, having studied for many years with the best teachers of her home city, Denver, and with the famous Dodowsky of Berlin.

**CONFESSION IS
 MADE THAT BAKER
 FIRE WAS SET**

STORY COMES AFTER WARRANTS HAVE BEEN ISSUED IN INCENDIARY CASE.

BAKER, Ore., Jan. 27.—Earl Lunsford, arrested yesterday on a warrant charging arson, accused jointly with John Matil of setting the fire which destroyed half a block in the business section of the city, today made a confession of the crime. George Herford, deputy sheriff, first talked with Lunsford and while he would not talk to Mr. Herbert, he was left in tears with a warning that he had better tell the truth to Chief of Police Jackson, whom he knew well. He finally sent for Chief Jackson, whereupon, on being told that the authorities "had the dope," he finally broke down and confessed.

He told Chief Jackson, and finally repeated it in the presence of Sheriff Anderson and District Attorney Godwin, that he had been asked time and again by Matil to burn the building. Matil, he said, had told him he had \$300 insurance on the place and had offered to "split it with him" if he would set the building on fire. He said that he had finally filled a kettle with grease and put it on top of the stove which was red hot. Knowing well that it would soon boil over and make a fire. "But I didn't go to set cause a fire," he asserted. "I knew it probably would cause a fire but I hoped when I was gone that it wouldn't."

Matil, he said, had not only made the offer once but had repeated it time and again.

Iowa Women Are Favored

DES MOINES, Ia., Jan. 27.—Senator Joseph H. Allen will introduce in the senate the proposed constitutional amendment providing for equal suffrage. Owing to the large number of pledges for the amendment in both the senate and house, the adoption is certain.

TRENTON, N. J., Jan. 27.—The senate and house committees on judiciary gave a public hearing on the resolution to amend the state constitution by extending the right of franchise to women.

Dr. Anna Howard Shaw, president of the National American Woman's Suffrage association, spoke in favor of the adoption of the resolution.
