Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teaspoon full at any time during the day or before retiring. It is the most effective way to break a cold and cure grip, as it opens the pores of the skin, relieving congestion. Also loosens the bowels, thus driving a cold from the system. Try it the next time you suffer from a cold or the grip. It is inexpensive and entirely vegetable, therefore safe and harmless.

The crisp, invigorating air and the bright sunshiny day was very influential in swelling the crowd that attended the rabbit drive in the eastern section of the Umatilla project Saturday morning. Machines, carriages and wagons were provided by the neighborhood to convey the town people to Henry Sommerer's ranch and the Columbia school house from which place the drive was started about 9 o'clock. Another drive was made in the forenoon and one after. In all over one thousand rabbits were killed. A delightful lunch was served by the ladies at the residence of Mrs. Otto Heini before the afternoon drive was made.
