UNSIGHTLY ECZEMA ON SISTER'S FACE

Fiery Red, Itched and Burned, Scratched Incessantly. Broke Out on Entire Body. Used Cuticura Soap and Cuticura Ointment. In One Month Healed.

108 Hazel St., Chico, Calif.—"When my sister was a few weeks old a rash came out on her face. It got worse and when about six months old it was pronounced to be weeping eczema. The breaking out was unsightly at times. It looked as though the blood was going to burst through the skin. Where she rubbed, the skin would peel off. The water came through the skin. When the eczema was at its worst her face was fiery red. It itched and burned a great deal and she scratched at it incessantly. She would turn in her sleep and scratch and rub her face. At the age of ten months it broke out on her entire body.
"We used medicine, some of which was so strong, she cried when it was put on. When she was a year old we got Cuticura Soap and Ointment and used them on her. They began to do wonders. With one treatment she was perfectly improved and in a month she was completely healed."

TO ENCOURAGE A MERCHANT MARINE IS AIM OF BILL

MEASURE WOULD HELP PROMOTE
COMMERCE WITH
FOREIGN NATIONS.

PORTLAND, Ore., Feb. 2.—Its purpose being "to encourage private enterprise and capital in upbuilding the merchant marine of the United States and to promote commerce with foreign nations," a bill has been introduced in the senate by Senator Lane, at the request of the Portland Chamber of Commerce.

The bill, which has received its second reading and been referred to the senate committee on commerce, provides that if it should become a law, three or more native born or fully naturalized American citizens, and none other, may incorporate a company to operate a line of ships to foreign countries, except Canada and the West Indies, with power to issue 10 year 6 per cent bonds of \$100 par value up to 80 per cent of the capital stock of the corporation. When the bonds are issued there must be paid into the corporation treasury in subscription to the capital stock an amount equal to 25 per cent of the bonds issued.

"The proceeds of said bonds are to be devoted exclusively to the construction, purchase and operation of vessels in the merchant marine trade," runs the bill, "and the government shall and does hereby guarantee the interest of said bonds at a rate not exceeding 6 per cent per year for 10 years, when the said bonds shall mature, and the said government hereby guarantees the payment of the principal and interest of the said bonds at that time under terms and conditions as hereinafter set forth."

These terms and conditions specify that vessels operating under the act shall enjoy all rights and privileges of vessels under American registry, but on an equality with the most favored competitor vessel of any nation. Such rights and privileges are only to be extended when the vessel is engaged in trade of the United States with foreign nations, and such vessel is to be employed exclusively in that trade, except that it may carry passengers, freight and mail from one foreign port to another along its line of service.

Other details of the bill relate to the manner of handling the stock and bonds of corporations under the proposed act of which the concluding tin is:

"Any vessel now under the American flag and any vessel owned in whole or in part by citizens of the United States under other flags now in existence shall be prohibited from enjoying the bonding privileges of this act. Any vessel found to be unlawfully receiving the benefits of this act shall, on proof thereof, be forfeited to the United States."
