BASEBALL DOPE.

BL HAL SHERIDAN.
NEW YORK, Feb. 12.—Already the worm is beginning to turn. The halcyon days when a ball player bought two or three automobiles, put on parties for that one in the third row back and showed up at the park the next day ready to fight his grandmother are just about gone. To the popular tune of Jim Gilmore's funeral dirge they will be borne out by saddened ball players.

They were dying in the big league two years ago. Then came the Feds and with the siren clink of many dollars lured the slaving toilers from their first loves, promising much gold. The players got the gold and the headaches.

But, as hereinbefore chronicled, the ancient worm has done the Vernon Castle. The announcement comes from no less a personage than James A. Gilmore himself, who, when he isn't calling Ban Johnson names, presides the Federal league. List to Jeems:

On account of the many other things that had to be attended to last season we had little time to look after the playing end. (Kansas City and St. Louis players please copy) of the game and enforce discipline. But we know some of our players failed to display the same activities they did while members of organized ball and also do we know that some of them didn't keep in such condition as to give their best services to the club.

Tennis Crack to Compete.
NEW YORK, Feb. 12.—Notable tennis cracks will compete in the sixteenth annual indoor lawn tennis tournament, on the courts of the Seventh Regiment Armory. The winner of the single championship will receive the seventh regiment's cup won in 1912 by Grant and in 1913 and 1914 by G. F. Touchard. If Touchard wins again this year, the trophy will become his property.

Among the notable entries are I. C. Wright and A. S. Dabson of Boston. King Smith will act as referee.

Bills Introduced in Oregon Senate

The Measures Below Were Introduced in the Senate at Yesterday's Session.

Fencing Meet Tonight.
BOSTON, Feb. 12.—The Eastern Fencing championships were to be decided tonight at the Boston A. A. with Boston and Harvard swordsmen as the principal entrants.

KAISER'S SEALORD DESSERTS BRITAIN ISOLATED

BERLIN, Feb. 11.—On February 11 Admiral Von Tirpitz' threat, made several months ago, that eventually Germany would find it necessary to "starve out England" will go into effect. Or at least the Kaiser's dogs of war will try to make the blockade of English ports effective through the use of the Kiel fleet, the destroyer flotilla and the huge submarine boats of unrevealed cruising radius. When Von Tirpitz first mentioned the German plan to isolate England he was not taken seriously. Even now, since the imperial announcement has been made that all English waters constitute a "war zone" the British Admiralty expresses contempt. "Just wait," we have named the day when our blockade will become effective. We will make it effective," say the German naval officials.

"The Federal league has been a great benefit to the ball players, and I hope they will realize it. We have given them a chance to draw bigger salaries than ever before. And, besides we have been the cause of their getting better treatment from organized ball.

"I don't say any of our players 'laid down' in their playing, but they lacked the aggressiveness they showed with organized ball and we hope to remedy this next season.

"We are going to have discipline!" And this from a man who but a few months ago proclaimed to the wide world that a ball player was a slave and subjected to unjust persecution on the part of his employer and that in the Federal league the poor ball player would find a haven of rest and free content!

Woman's Health Requires Care

Women are so constituted as to be peculiarly susceptible to constipation, and their general health depends in large measure on careful regulation and correction of this tendency. Their delicate organisms rebel at the violence of cathartic and purgative remedies, which, while they may afford temporary relief, shock the system and seriously disturb the functional organs. A mild laxative is far preferable and, if properly compounded, much more effective.

The combination of simple laxative herbs with pepsin sold in drug stores under the name of Dr. Caldwell's Syrup Pepsin, is ideal for women's use. A free trial bottle can be obtained by writing to Dr. W. B. Caldwell, 452 Washington St., Monticello, Ills.

demerit marks in the city's department of public works. Notice was sent by Commissioner Dieck to the civil service board that one employee has been given 20 demerits because his "manner of conducting his personal business is to the city's discredit."

Commissioner Dieck says he believes the failure of an employe to pay his bills throws discredit on the city service and he proposes to bring it to an end through the demerit system if possible.

Woman, 60, Kills Self.

OREGON CITY, Ore., Feb. 11.—Mrs. Katie Wines, 60, was found dead at her home at Gladstone by neighbors. Coroner Hempstead has reached the conclusion that she took carbolic acid.

Mr. Wines died last May and the nearest relative of the dead woman is a niece living in Florida. Until communication is established with her, no arrangements to dispose of the body will be made.

The motive for the apparent suicide is a mystery to Coroner Hempstead. Mrs. Wines was well-to-do and owned her home. She was last seen by neighbors Saturday.

A VALUABLE SUGGESTION

IMPORTANT TO EVERYONE

It is now conceded by physicians that the kidneys should have more attention as they control the other organs to a remarkable degree and do a tremendous amount of work in removing the poisons and waste matter from the system by filtering the blood.

During the winter months especially, when we live an indoor life, the kidneys should receive some assistance when needed, as we take less exercise, drink less water and often eat more rich heavy food, thereby forcing the kidneys to do more work than Nature intended. Evidence of kidney trouble, such as lamie back, annoying bladder troubles, smarting or burning, brick-dust or sediment, sallow complexion, rheumatism, may be weak or irregular heart action, warns you that your kidneys require help immediately to avoid more serious trouble.

Many physicians claim that an herbal medicine containing no minerals or opiates has the most healing influence. An ideal herbal compound that has had most remarkable success as a kidney and bladder remedy is Dr. Kilmer's Swamp-Root.

You may receive a sample bottle of Swamp-Root by parcels post. Address Dr. Kilmer & Co., Binghamton, N. Y., and enclose ten cents; also mention the Pendleton Daily East Oregonian.

\$2,000,000 Asked for Road.
WASHINGTON, Feb. 11.—Secretary Lane asked the house appropriations committee to include \$2,000,000 in the sundry civil bill for the Alaskan government railway.

The limit of expense for construction of the railway is \$35,000,000. Of this \$1,000,000 has been appropriated and mostly spent in surveys.

Town's Central Held Up.
GRANTS PASS, Ore., Feb. 11.—A masked highwayman entered the telephone office here and, shoving a gun through the window to the operating room, made the attendant, Miss Crenshaw, deliver the cashbox.

The highwayman then ordered the girl to go out the rear door. The robber escaped, throwing the box in to the street and keeping the \$3 in change it contained.
