FARMERS INSTITUTE HELD AT HERMISTON WILL CONTINUE TODAY

LIGHT ATTENDANCE MARKS YESTERDAY'S OPENING DUE TO MISUNDERSTANDING

Dates Are Confused—Demonstrations In Domestic Science Are Given—Lectures Prove Instructive—Cooperative Growing Is a Subject Which Is Given Careful Attention.

(Special Correspondence.) HERMISTON, Ore., Feb. 17.—Farmers institute was conducted here yesterday to rather a light attendance, caused by misunderstanding the date. Those, however who were fortunate enough to be able to attend on short notice were much pleased with the demonstrations in domestic science and the lectures delivered by the various authorities on the subjects discussed. In the morning and afternoon Miss Turle lectured and gave demonstrations in bread-making at the high school.

In the morning at Skinner hall, W. E. Brown lectured on cooperative growing and marketing. His lecture was based largely on his personal experience in cooperation in both producing and marketing were more than usually weighty. It is to be regretted that more of the settlers did not hear the lectures.

In the afternoon E. R. Fitts covered the subjects care and management of dairy herds and the improvement of dairy herds, both subjects were instructive to a high degree.

Among other things he complimented the Jersey breeders' association on the progress they had made toward the improvement of dairy stock locally.

C. C. Lamb lectured on the subjects of poultry feeding and care and marketing of poultry products. At the conclusion of his lecture the interest in the aroused questions he was called on to answer by the various members of his audience. The institute will continue through today.

HAIL YOU A JITNEY BY WAVING A FLAG

SAN FRANCISCO, Feb. 17.—Now comes the jitney flag. San Francisco will need one to stop the nickel buses hereafter, if the plans of the San Francisco Jitney Bus association are carried out.

Just hold up the flag when the bus you want comes along. The driver will stop, you climb in and shove your flag into your pocket.

Since the buses have been operating here their owners have been eager to work out some uniform signal which would indicate to them that patrons wanted them to stop. So, H. V. Means, director of the Jitney men's organization, evolved the flag. Hundreds of them are being made now, it is said. They are tiny pennants, with blue base and white top. It is proposed to distribute them about the city for use of patrons.

French Charge on Ski

GENEVA, via Paris, Feb. 17.—What is said to be the first bayonet charge on ski during the present war was made in the Vosges mountains, near Col-du-Bonhomme.

Forty Alpine chasseurs with two officers were cut off by the Germans and were ordered to surrender. They refused and charged down the snow-covered slope on their ski into the German trenches, where a terrible struggle took place before the French were overcome.

WOMAN BASEBALL MAG-NATE EATS CANDY

DENVER, Colo., Feb. 17.—After fatally wounding Louis Sacco and his wife in their home here, Paul Rico, 46, placed a revolver to each side of his head and blew out his brains. Rushing into the Sacco home, Rico opened fire with both revolvers. He is believed to have gone insane when he was refused permission to marry a young daughter of the Sacco family.

Planes Battle Zeppelin

GENEVA, Feb. 17.—A thrilling aerial battle between a Zeppelin dirigible balloon and three French aeroplanes was seen by thousands of German and French troops in the trenches a little south of Muehausen, in Upper Alsace.

The Zeppelin came from the Black forest and was sailing toward Belfort when it met the aeroplanes, which were flying much lower. A battle ensued and the conflict lasted about 40 minutes, both sides keeping up a continued fire. The aeroplanes struggled to reach a higher level which would place them above the dirigible and had almost succeeded, when the Zeppelin retired to the north at great speed.

NEW YORK, Feb. 17.—A waiter carried a tray into the room in the hotel where the National League owners were in conference. On the tray were five bottles of beer, six highballs, (three scotch, three rye), fifteen cigars, ten packages of cigarettes, and a five pound box of candy.

The candy was for Mrs. Helen Hathaway Britton, owner of the St. Louis team.

BRITISH AND FRENCH AIRMEN RAID GERMAN BASES IN BELGIUM

40 AVIATORS TAKE PART IN DASH WHICH IS REPORTED SUCCESSFUL

Bombs Are Dropped on Gun Positions, Trawlers and Barges but Care Is Taken That Residence Section Is Not Molested—Good Results Accomplished Says Statement.

LONDON, Feb. 17.—Forty French and British aeroplanes and seaplanes yesterday attacked the German positions at Ostend, Middelkerke, Ghistelles and Zebrugge in Belgium and, according to the official reports, with good results.

Bombs were dropped on gun positions, trawlers, barges and an aerodrome.

The official statement concerning the air raid says: "The air operations of the naval wing against the Huges, Ostend and Zebrugge district were continued. Forty aeroplanes and seaplanes bombed Ostend, Middelkerke, Ghistelles and Zebrugge.

"Bombs were dropped on the heavy batteries situated on the east and west side of Ostend, on gun positions at Middelkerke, on transport wagons on the Ostend-Ghistelles road, on the mole at Zebrugge to widen the breach damaged in former attacks, on the locks at Zebrugge, on barges outside Blankenbergh and on trawlers outside Zebrugge.

"Eight French aeroplanes assisted the naval machines by making vigorous attacks on the Ghistelles aerodrome, this effectively preventing German air craft from cutting off our machines. It is reported that good results were obtained.

"Instructions are always issued to confine attacks to points of military importance and every effort is made by the flying officers to avoid dropping bombs on any residential portions of towns."

Most Old People Are Constipated

The wear of years impairs the action of the bowels. With advancing age people are disposed to restrict activity and exercise, which is responsible for the constipated condition of most old folks. The digestive organs are more sensitive to the demands made upon them and rebel more quickly. A mild, effective remedy for constipation, and one that is especially suited to the needs of elderly people, women and children, is the combination of simple laxative herbs with pepsin that is sold in Caldwell's Syrup Pepsin. A free trial bottle can be obtained by writing to Dr. W. R. Caldwell, 452 Washington St., Monticello, Ills.
