## The Peoples Warehouse

WHERE IT PAYS TO TRADE      SAVE YOUR T. P. W. TRADING STAMPS

**STAMP ACT RESISTED.**

PORTLAND, Ore., Feb. 18.—Portland business houses using coupons and trading stamps will contest enforcement of the anti-trading stamp act, passed by the legislature, on the ground that such a law is unconstitutional. The intent to face a fight on the act was announced by J. Wolfer, Portland manager of the United Cigar Stores company, and F. A. Kress, manager for the Sperry & Hutchinson company. The protested act places a tax of 5 per cent on the gross receipts of stores using trading stamps and coupons. "In more than a score of the states of the union where similar laws have been enacted, such acts have been declared unconstitutional," said Mr.

Kress, "the court holding that the laws were class legislation, or were prohibitory, and, as such, violated the 14th amendment to the constitution of the United States. "We have a case against a similar law passed by the Washington Legislature two years ago, now in the United States supreme court. The Federal court declared the law unconstitutional and the case then was taken to the state court, which held against us, although its decision was a weak one. "We intend to stay in the trading stamp and coupon business and will fight the anti-trading stamp bill if we have to take it to the United States supreme court." J. Wolfer announced the intention of the United States Cigar Stores company to continue to give coupons.

**Premium on Babies Urged.**  
PARIS, Feb. 18.—The problem of repopulation in France is receiving the attention of the Academy of Moral and Political science. Figures were read at a meeting of the academy showing that the number of births annually in the country during the past 20 years fell from 860,000 to 750,000. It was estimated that if a proportionate decrease continued for another 20 years the future military classes would be 30,000 below the classes of 1914, 1915 and 1916. The question was considered so vital that it was suggested that important advantages should be accorded fathers of families having numerous children and that the idea be generalized that the normal family comprises three children. It was suggested also that the heads of such families be allowed to share in a proposed recompense.

**MANY BILLS APPROVED.**  
SALEM, Ore., Feb. 18.—The house passed the following bills:  
H. B. 453, by Anderson of Wasco—Fixing qualifications for osteopathic physicians. This bill was defeated yesterday and reconsidered.  
H. B. 313, by Lafferty—to increase salary of deputy sheriff from \$1020 to \$960, to conform with amendments made by special committee on salaries.  
H. B. 283, by Smith of Klamath—To provide administrative code for counties exclusive of Multnomah county.

**Fire Cry Starts Panic.**  
LONG BEACH, Cal., Feb. 18.—What the police believe was a deliberate attempt to set fire to the municipal auditorium during the progress of the Lincoln day celebration of the Illinois society threw a throng of 2500 men, women and children into a panic here. Somebody shouted fire. There was a general rush for the doors, but excitement subsided quickly and most of the assemblage returned to complete the programme. S. B. 91, by Moser—to prevent manufacture of mattresses from old clothing that has not been disinfected.  
S. B. 187, by Hollis and Vinton—to enable Tillamook and Yamhill counties to form joint road districts.  
S. B. 198, by Smith of Coos and Curry—to require county courts to designate road districts.

**Briton Defends German.**  
LONDON, Feb. 18.—Sir John Lonsdale, honorary secretary and whip to the Irish Unionist party, disclosed in the House of Commons that Baron von Bissing, a brother of the German Governor-General of Belgium, has a residence at Hove, Sussex, from which "signaling operations might easily be carried out." When asked whether the British war office acquiesced in Baron von Bissing's residence in the prohibited area, Harold J. Tennant, under secretary of state for war, replied that the Baron was a naturalized British subject and that although the fullest inquiries had been made, nothing had been found which would justify the war office in demanding his removal. Mr. Tennant denied that Baron von Bissing had done any secret service work for Germany. If the war continues long enough, North America may become acquainted with South America. Being neutral is well worth while, notwithstanding the puzzling problems that have to be faced.
