ECHO LADY IS HOME AFTER A BRIEF VISIT

MRS. ALEX MALCOLM SPENDS FEW DAYS AT WAITSBURG, WASHINGTON.

(Special Correspondence.) ECHO, Ore., Feb. 13.—Mrs. Alex Malcolm has returned home from a visit at Waitsburg, Wash., where she went to visit her grandson, the infant child of Mr. and Mrs. Ralph Singer. Mrs. H. B. Lee of Milton, is here visiting with her daughter, Mrs. O. A. Cannon. Mrs. John Jordan is visiting in Heppner, having gone over on Saturday. Mrs. Joel Halstead is visiting this week in Walla Walla. However excellent the intentions of Europe, it really ought to be more careful.

Quoted Head Yet Defiant. LINNTON, Ore., Feb. 13.—Ex-Superintendent Young of the water works, who was dismissed by the new water board of which Mayor Malone is chairman, still refuses to give up the books of the plant. Mr. Young has asked that receipts and a statement be given him from the department. The matter may be taken into court. Annexation to Portland is being considered by a number of citizens and petitions asking the council to call a special election in the near future probably will be circulated next month.

Schools to Get \$30,000. PORTLAND, Ore., Feb. 13.—School districts of Multnomah county are to receive, immediately, approximately \$30,000 from the county high school fund. A. P. Armstrong, county superintendent of schools, is arranging to make payment from that fund to the districts entitled to receive it for the first term of the school year. The districts are: Portland, St. Johns, Rose Park, Graham, Troutdale, Powell Valley, Rockwell, Gilbert.

PRINCE JUDGES TANGO CONTEST AT BALL TONIGHT

NEW YORK, Feb. 16.—A prince will act as a tango judge tonight at a ball for which society women have posted bills. The affair is the suffrage ball, to be held at Grand Central Palace. Prince Troubetsky, husband of Amelia Rives, the novelist, will determine which of the many society tango experts present is the best tangoist. An army of young women, headed by Miss Agnes Morgenstau, niece of

the ambassador to Turkey, "papered the town last week."

Ship Crew Make Wills. SAN FRANCISCO, Feb. 17.—The British oil tanker Lompoc of the Union Oil company, laden with \$9,000,000 called for London. Officers and members of the crew are said to have made their wills, fearing death should they be attacked on the way by a German submarine. This is the first cargo of the kind to be sent here for the allies.

French Airman Hald Daily. BERNE, Switzerland, Feb. 18.—

French aviators have made several attacks on the Abbaton town of Eichwald across the Rhine from Neunburg. Daily forays into Alsace and Baden have been made for some time, but particular efforts are being directed against Eichwald on account of the location there of German fortifications of greater importance. You may learn something by trying to teach an old dog some new tricks.

HERE'S SURE RECIPE TO FIND OUT IF YOU ARE GROWING OLD

DOES NOISE OF BASEBALL GAME IN NEIGHBORHOOD GET ON YOUR NERVES?

Will There be Hope for You if You Will Follow Advice Here Given—Write to Boys and Girls' Aid Society of Portland—Get Boy in Your Home and Grow Young.

Does the noise of a ball game in your neighborhood get on your nerves? Do you scowl at the "sporting page" and burn the "comic section"? You may have even gotten so far as to be tempted to put coal balls on your part of the hill when there is a chance of good coaching. Well, sir or madam, you are indeed in danger of nervous prostration. Your symptoms indicate that you are threatened with the most virulent form of the dread disease—getting old; but here is the prescription. Get some mud tracks across your back steps, a ball hit hung in the kitchen and a bit of "a shop" in the corner of the basement. Fix a room up stairs with a thick rug and a striking bag, a few books and a lot of pictures—some of them comic. Have the bed springs strong, but do not worry about them, the manufacturers will keep right on making springs after we are in the poor house or have "passed on." Of course, a few cords of wood and a garden patch do save the springs and help to develop muscle and money-sense. Now when these arrangements have been completed, write to the Boys' and Girls' Aid Society of Oregon, E. 25th and Irving streets, Portland, Ore., and ask for a boy to fit them. A boy in the house is a sure cure for nerves, even if he is red headed, freckled faced and stubborn. In a short time you will be writing high school debates, "yelling your head off" at foot ball games, and—growing young.

CHINESE TEAM OF HONOLULU WANTS TO PLAY

University Club Wires for Two Dates at Fresno Camp.

PORTLAND, Ore., Feb. 15.—Two more games were offered the Portland baseball club during the training period at Fresno, Cal., yesterday, when a message came from Nat C. Strong, World building, New York, who is evidently booking agent for the Chinese university team of Honolulu. Strong offered Judge McCredie March 14 and 15 at Fresno, but these dates have already been allotted. The Indianapolis club will meet the Beavers March 13 and 14 and the Chicago White Sox come March 15, 16 and 17. The best date that can be given the Chin students is March 18, 19 and 21. The Chicago Colored Giants are on hand March 21 to and including March 23, when the Beavers depart for Los Angeles to open the Coast league season. Judge McCredie wired Strong what dates could be given the Chinese, and if that wasn't acceptable, said that he would play in one of the nearby towns on the dates stated with a team made up of Beavers in camp.

TINY ACTRESS FILES BIG DAMAGE SUIT

NEW YORK, Feb. 17.—Toby Claude the diminutive actress arrested last Christmas Eve on a charge of grand larceny, filed suit for \$250,000 damages against Herman and Joe Boasberg, jeweler, of Buffalo, N. Y., although barely five feet tall, Miss Claude declares two Buffalo policemen put handcuffs on her and kept a loaded revolver almost constantly in sight while she was being taken to the lockup. Any old thing that goes against the grain of a porcupine gets the worst of it.

HERE'S A NICE JOB FOR NEWSPAPERMEN

AMSTERDAM, Feb. 17.—The German naval staff has invited a number of American, Italian and Austrian war correspondents to join the submarines during the promised attack in the English channel on British merchant vessels. The correspondents have asked the German authorities to insure their lives owing to the risk involved. It is probable that several will be allowed to go as "honorary stokers" in the next raid.

Law to Fix Loaf Put Off.

PORTLAND, Ore., Feb. 18.—Concluding that regulation of the size of a loaf of bread is not feasible City Commissioner Bremster announced that he has dropped his proposed ordinance fixing 16 ounces as the standard for a Portland loaf. He also has postponed the rest of his proposed measure regulating the size of berry boxes and changing other weights and measures standards of the city until the legislature gets through considering weights and measures legislation that is pending. Mr. Brewster also has investigated the bread proposition thoroughly and has found that to fix a standard for a loaf of bread and to require labeling of smaller loaves would cause an unnecessary expense to bakers. He says legislation should be aimed at quality as well as quantity.

Medal Given to Negro.

NEW YORK, Feb. 18.—At the annual meeting of the National Association for the Advancement of Colored People here, Governor Whitman presented to Dr. Ernest Everett Just the first Spigarn medal, a prize worth \$100, given to the man or woman of African descent and American citizenship who shall have made the highest achievement during the preceding year in any field of elevated or honorable, human endeavor. Vow Before Divorce Void.

CHICAGO, Feb. 17.—The marriage of Guy Bates, the actor and Jane Peyton Post was annulled here. The evidence showed that Mrs. Post was divorced October 23, 1907, from A. C. Gordon Wold, to whom she was married May 31, 1903. Mrs. Post testified she understood that the decree had been entered August 8, 1907. She was married to Post August 21, 1907.
