## PERSONAL MENTION

G. B. Hubbard of Heppner is at the St. George.  
R. R. Yeoman of Nolin was a Pendleton visitor yesterday.  
C. C. Connor, Helix farmer, was in the city last evening.  
Mrs. H. H. Robie is registered at the Bowman from North Fork.  
H. R. Matthews of The Dalles is a guest of the Hotel Pendleton.  
Rev. Harry Gelvin of Pilot Rock has been in the city for the past two days.  
J. P. Hannon, special agent for the O. W. R. & N., is over from La Grande.  
W. W. Whitworth, an Echo farmer is among the visitors in the city today.

**Wheat Price Lower**—There is no activity in the local wheat market today and most of the buyers did not receive prices. On the basis of the Portland quotations yesterday wheat is worth but little over \$1.50 per bushel. No wheat can be bought at that price. Farmers who purchase wheat for reseedling have to pay \$1.50 per bushel.

## NEWS OF FARM AND RANGE

Will Have to Recess—Barney Anderson, who farms extensively north of Pendleton, is in the city today and states that he has become convinced that he will have to recess a large amount of his acreage. Three weeks ago, he said, he examined his fields carefully and determined that his wheat was not damaged. Yesterday, he states, he found that 20 per cent of that which he inspected three weeks ago is now dead. Adjoining farms suffered as badly, he declares, and he is inclined to think that there will be much more reseedling necessary in the county than was predicted a few weeks ago.

**Wool Sales Confirmed**—News of the sale of wool at 25 and 26 cents at Salt Lake is confirmed by a message from Dr. S. W. McClure, secretary of the National Woolgrowers' Association to H. Stanley Coffin of North Yakima. According to the message from Dr. McClure from 25 to 27 cents was paid for quarter blood and three-eighths wool and that a price of 22 cents per pound was offered for fine merino. Some contracts have also been placed in Nevada. It is said that buyers re-arranging German importers are busy around Caspar, Wyo. and also in Montana. The wool trade is much interested in a report that a Boston firm has bought 250,000 pounds on contract in Arizona at 27 1-2 cents.

**Cattle to Seattle**—J. B. Saylor, prominent cattlemen of the Echo country, now has four cars of beef en route to the Seattle market.

**Contracting for Wheat**—Some idea of what wheat prices are expected by dealers to be next fall can be obtained from the statement made yesterday by a Franklin county farmer that one of the warehouse companies in that section has already contracted for several crops at \$1.65 net to the farmer.

Local dealers state that if the war continues long enough this summer that no crops can be planted in Europe this fall, the prices next winter will be fully as high if not higher than this winter, but as yet no contracting of crops has been reported in the Walla Walla district. The local market remained practically the same yesterday as for several days past. About \$1.44 was the quotation on bluestem and \$1.42 for club wheat.—Walla Walla Union.

**Here's Chance for Horsemen**—If there are any horse raisers in this part of the country who have not already had their ranges stripped of all good stock here's a chance to unload. David Storey Shiel of Kallspell, Montana, representing W. Lawson & Sons of London, writes the Pendleton Commercial association for the names of horsemen stating that his firm has a contract to deliver 100,000 cavalry and artillery horses for use in the European war and that he would be glad to give any one a sub-contract to deliver 20,000. Sub-contractors will paid 45 pounds or \$240 apiece for all accepted horses and mares delivered at some port in France, he states. This will leave the contractor a profit of not less than \$40 for each animal, he declares, the cost of shipping from Galveston or New Orleans being about \$70 per head. He himself will buy horses and mares weighing from 850 to 1200, broke to saddle or harness and from 14 hands three inches to 16 hands high, paying from \$75 up. All such animals must be subject to the U. S. inspection.

(Continued from page one.)

the secretary of state and the state treasurer, the authority to appoint heads of the various state institutions, for which the board is responsible, and gives the governor the sole power to make the appointments and to remove any of the officials at pleasure. State Treasurer Kay told members of the senate when he heard of the bill yesterday, that he would not stand for such a change, but the steam roller is proceeding nevertheless.

Among the institutions specified in the bill, the superintendents of which are to be appointed by the governor, are: The Oregon State Hospital, the Eastern Oregon State Hospital, the state institution for feeble minded, the Oregon state training school, the Oregon state school for the blind, the Oregon state school for the deaf, the Oregon tuberculosis hospital, the state penitentiary and the Oregon state soldiers' home.

**Even the Employees.**  
In addition to giving the governor power to name all the institution heads, the bill specifically provides that no subordinate employe can be named without the consent of the governor.

Nothing has been omitted that might tend to strengthen the political machine it is intended to build up in the state. The scheme has been brewing for some time. It came to fruition at a meeting held in the office of President W. Lair Thompson Monday night. Senators Day and

Mr. and Mrs. James Johns, Jr., left yesterday for Portland for a short visit.

Miss Louise Burmester arrived yesterday noon from Salt Lake to remain indefinitely with her mother, Mrs. Theodore Burmester, and sister, Mrs. Roy T. Blacop. Miss Burmester,

who has been in Pendleton before, has just recently completed a course of training to fit herself as a professional nurse.

Members of the United Orchestra will go to Hermiston tomorrow to furnish music for a dancing party there during the evening.

An informal and very enjoyable dance was held last evening in the Eagle-Woodman hall, a number of young men who style themselves the "I Should Worry" Club being responsible for the occasion. A large crowd was present.

Members of the Moose lodge will give a dancing party tonight in the Moose hall.

A very interesting meeting of the W. H. M. S. of the M. E. church was held Tuesday afternoon at the home of Mrs. Chas. Koch, 321 Aura St. Thirty ladies were present and three new members were added. The following was the program:

SONG.  
Roll Call, the responses being unusually interesting.

**Do You Know?**  
I felt like a little child the other day while walking down the street with a new pair of shoes on, and I'll admit that I couldn't help from smiling for they were everything to me what a shoe ought to be—comfortable and good looking.  
Do you know we curtail our efficiency in every duty of life if we wear shoes that hurt us.  
Do you know there are almost as many different shape shoes manufactured as there are differences in feet? Therefore there is no reason why you should buy a misfit.  
Do you know the average person walks about 16 miles a day. Then why not have shoes that fit?  
Do you know I looked all over your little city the other day before I was directed to the Peoples Warehouse for shoes that fit? There I found the largest variety of kinds and sizes, ranging from 5 to 12EE in men's and 2 1-2 to 12 AA in women's.  
Do you know if they were to take the shoes they have in stock and place them in line, one yard apart, that they would reach from Pendleton almost to Athens?  
I have said this to give you a tip. (Adv.) "THE FOOT SPECIALIST."

Cats certainly have their divinely appointed use in this world, but as vocalists they are failures.
