

COMB SAGE TEA INTO GRAY HAIR

DARKENS BEAUTIFULLY AND RESTORES ITS THICKNESS AND LUSTRE AT ONCE.

Common garden sage brewed into a heavy tea, with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and luxuriant; remove every bit of dandruff, stop scalp itching and falling hair. Mixing the Sage Tea and Sulphur Recipe at home, though, is troublesome. An easier way is to get the ready to use tonic, costing about 50 cents a large bottle, at drug stores, known as "Wyeth's Sage and Sulphur Compound," thus avoiding a lot of fuss.

While wispy, gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractive ness. By darkening your hair with Wyeth's Sage and Sulphur, no one can tell, because it does it so naturally, so evenly. You just damped a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared. After another application or two your hair becomes beautifully dark, glossy, soft and luxuriant and you appear years younger.

TAKE SALTS TO FLUSH KIDNEYS

EAT LESS MEAT IF YOU FEEL BACKACHE OR HAVE BLADDER TROUBLE.

Meat forms uric acid which excites and overworks the kidneys in their efforts to filter it from the system. Regular eaters of meat must flush the kidneys occasionally. You must relieve them like you relieve your bowels; removing all the acids, waste and poison, else you feel a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment; the channels often get irritated, obliging you to get up two or three times during the night.

To neutralize these irritating acids and flush off the body's urinous waste get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine and bladder disorders disappear. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys and stop bladder irritation. Jad Salts is inexpensive; harmless and makes a delightful effervescent lithia-water drink which millions of men and women take now and then, thus avoiding serious kidney and bladder diseases.

EUROPE SEEKS WHEAT IN U. S.

(Friday's Market.) PORTLAND, Ore.—Europe is bidding in a spirited way for wheat supplies here as well as on the Atlantic coast and prices are again tending higher. For club wheat tide-water is freely bidding \$1.54@1.55 a bushel for spot delivery, but the country is not a free seller and very little business has resulted.

Italy is seeking flour in this market and while no confirmation of any sales for that account is forthcoming from milling interests, the reports come from Paris closely allied and are therefore in a position to know definitely what is doing. England continues to bid for flour supplies.

Oats and barley markets are almost at a standstill in the interior with little disposition among country interests to press sales.

Clover Seed—Buying price; Nominal No. 1, uncleaned, 11 1/2@12c; ordinary, 11c; cleaned, 11c. Flour—Selling price Patent, \$7.20; Willamette valley, \$7.20; local straight \$6.40; bakers, \$7.00@7.40.

Hay—New crop, buying price; Willamette valley timothy, fancy \$14.50@14; eastern Oregon-Idaho fancy timothy, \$15.50; alfalfa, \$13@12.50; vetch and oats, \$9@10; clover, \$8 per ton.

Grain Sacks—1915 nominal, No. 1 Calcutta, \$6. Millstuffs—Selling price; Bran, \$30@31; shorts, \$33. Rolled Barley—Selling price: \$34@37 per ton.

While there was fair activity in the trade for wheat on the Portland Merchants' Exchange today, prices showed little change. Sales included: Fifteen thousand bushels March blue-stem, \$1.55; 5000 bushels April blue-stem, \$1.57 1/2; 5000 bushels March club, \$1.53; 10,000 bushels prompt red Russian, \$1.43; 5000 bushels April red Russian, \$1.47; 5000 bushels March red flite, \$1.45 1/2; 10,000 bushels March red flite, \$1.45; 15,000 bushels April red flite, \$1.49.

Men Chasing Wrinkles. CHICAGO, Feb. 19.—Chasing wrinkles before 40 is no longer a purely feminine diversion.

The tired Chicago business man seeks the beauty doctor and the fountain of youth at least a decade before the woman engaged in commercial life.

The secret was revealed by the Chicago man himself, when William A. Austin, business man and ex-president of the Hamilton club, addressed the members of the Woman's Association of Commerce at the Auditorium Hotel. Husbands and brothers of members of the association heard the statement and upheld it. Then they discussed their own views on whether the woman in business is practical.

"The man in commercial business wrinkles away in life," declared Mr. Austin. "I've looked the situation over carefully," he continued. "The woman in business retains her youth and her good looks much later than the man who follows the same pursuits."

"Women always have had the responsibilities of motherhood and wifehood, and ways they proved themselves practical. Now they have taken on the additional ones of political and business life, but they probably will be just as practical in these as in the others."

A lawyer's estimate of woman's practicality was paid by John A. Watson. "Men are not in it with women when it comes to being practical," declared Mr. Watson. "I am not speaking from the business standpoint, but from that of the lawyer. The fundamental thing in woman's life is being practical."

Woman are so practical that there ought to be more of them on the municipal court bench, according to McKenzie Cleland, another speaker. John A. Watson, Henry W. Rathbone and Harrison W. Parker also spoke.

Four Science Girls Leave. OREGON AGRICULTURAL COLLEGE, Feb. 19.—Mrs. Henrietta Calvin, dean of the school of home economics at the Oregon Agricultural college; Miss Sarah Lewis, of the home economics faculty, and the Misses Inez Bozarth and Kareen Hansen, senior students in domestic science, left Corvallis for San Francisco where they will be in charge of the domestic science department in the Oregon building at the Panama-Pacific exposition. Mrs. Calvin will return as soon as the work at the fair is organized.

Four other young women will leave for San Francisco to assist with the domestic science work there. These will be Miss Lorene Parker, of Independence; Miss Jessie Harriet of Salem, Miss Katherine McDermott of Portland, and Miss Evelyn Conklin of Grants Pass.

THOMAS M. MOORE. CHARLES C. MOORE.

Thomas M. Moore, general manager in the east of the Panama-Pacific International exposition, which will open in San Francisco Feb. 20, and Charles C. Moore, president of the company, are not related. But to them belongs most of the credit for making the exposition one of the great successes of many years. Under handicaps which might have discouraged many others Thomas M. Moore persuaded the European nations now at war to exhibit at the fair. Charles C. Moore has had the management in the west, and has made a pre-eminent success of that.

County Court Has Jury. PORTLAND, Ore., Feb. 18.—For the first time since County Judge Cleston was elected, a jury was impaneled in his court to try a civil suit. The suit itself is one of five that have been filed in this court in nearly five years.

Beside the probate work, the County Court is given jurisdiction in civil suits involving amounts less than \$500. Yesterday's suit was filed by Carl Leaca against C. E. Bolds for \$355.65 alleged to be due on a contract. A jury of six men heard the case.

The rectification said the depositions would be made at Portcanto Hills, N. Y., February 25. Mr. Rockefeller sometime ago asked the federal court to restrain the Cuyahoga county treasurer from making any effort to collect the tax, alleged due, declaring that he is a resident of New York state.

AMERICAN TRADE IN HOGS WEAK

(Courtesy Friday's Journal.) PORTLAND, Ore.—While lower bids were again named for hogs in the North Portland yards today, the trade here is fully as good as that shown in stockyards and market of the east.

There was a fair run of swine reported in the yards overnight, but bidding for these was slow and then generally only at a reduction of a dime from what the same sort of stuff would have been worth on yesterday's market.

General hog market range: Medium light \$6.95@6.70 Medium light \$6.55@6.60 Good and heavy \$6.00@5.50 Rough and heavy \$5.80@5.90 Stockers \$5.50@5.75

Sheep Go on Feed. While there was a rather good run of mutton and lambs reported in the North Portland yards overnight, most of the arrivals went on feed at nearby feed lots.

Very strong tone continues for mutton and lambs at the extreme prices quoted yesterday. Only the big killers have any supplies to offer in the dressed meat trade, and they claim they are losing money on these because of being compelled to finish stock with high priced feed.

General mutton trade range: Old wethers \$4.90@1.00 Best yearlings \$7.00@7.15 Best ewes \$6.00@6.15 Best east mountain lambs \$2.25 Valley light lambs \$7.85@8.00 Heavy spring lambs \$7.50@7.75

Poor Cattle Demand. Another small run of cattle put in appearance in the North Portland market but killers were not anxious bidders even at the low prices recently put in effect here for most of the week.

General cattle market range: Select grain fed steers \$7.65@7.75 Best hay fed steers \$7.15@7.40 Good to choice \$6.50@7.00 Ordinary to fair \$5.50@6.25 Best cows \$6.00@6.35 Good to prime \$6.00@6.35 Ordinary \$5.25@5.50 Selected calves \$8.00@8.25 Fancy bulls \$5.50@6.00 Ordinary \$4.00@5.90

CHICAGO WHEAT CLOSES AT LOSS

(Friday's Market.) CHICAGO.—Wheat showed an advance of 3 1/4 to 4 1/4c a bushel early in the session today but closed with a net loss of 1 1/2c for May and 1c for July. Market opened with May up 1 3/4c and July 1 1/2c over the finals of yesterday. From \$1.63 1/2 May jumped quickly to the high mark at \$1.65 with the July moving at the same time from \$1.55 to \$1.56 3/4.

Pressure from shorts became intense at the high mark, leading operators being credited with a desire to break the market in their desperate effort to shake out the small fellows who persist in tying on to the bull kite.

WHEAT. May—Open, \$1.63 1/2; high, \$1.65; low, \$1.61 1/2; close, \$1.61 5/8. July—Open, \$1.55; high, \$1.55 3/4; low, \$1.52 1/8; close, \$1.52 5/8.

WHITE PLAINS, N. Y., Feb. 17.—Mrs. Aimee Crocker Gouroud has made affidavit here that she was present when Mrs. Eugenie Ferrier Lord was married in San Francisco city hall by an attorney on Nov. 24, 1888. Her deposition is in connection with the request of Mrs. Eugenie Ferrier Lord that the will of Thomas A. Lord, retired lawyer, who died in Yonkers on June 17, last, be reopened to prove that she can prove she is his widow. Mr. Lord was believed to be a bachelor and none of his estate of a quarter million went to any of his relatives.
