YOU CAN BRING BACK COLOR AND LUSTRE WITH SAGE TEA AND SULPHUR.

When you darken your hair with Sage Tea and Sulphur, no one can tell because it's done so naturally, so evenly.

Gray, faded hair, though no disgrace is a sign of old age, and as we all desire a youthful and attractive appearance, get busy at once with Wyeth's Sage and Sulphur and look years younger.

KEEP URIC ACID OUT OF JOINTS

TELS RHEUMATISM SUFFERERS TO EAT LESS MEAT AND TAKE SALT.

Rheumatism is easier to avoid than to cure, states a well known authority. We are advised to dress warmly; keep the feet dry; avoid exposure; eat less meat, but drink plenty of good water.

Rheumatism is a direct result of eating too much meat and other rich foods that produce uric acid which is absorbed into the blood. It is the function of the kidneys to filter this acid from the blood and cast it out in the urine; the pores of the skin are also a means of freeing the blood of this impurity.

At the first twinge of rheumatism get from any pharmacy about four ounces of Jad Salts; put a tablespoonful in a glass of water and drink before breakfast each morning for a week. This is said to eliminate uric acid by stimulating the kidneys to normal action, thus ridding the blood of these impurities.

Jad Salts is inexpensive, harmless and is made from the acid of grapes and lemon juice, combined with lithia and is used with excellent results by thousands of folks who are subject to rheumatism. Here you have a pleasant, effervescent lithia-water drink which helps overcome uric acid and is beneficial to your kidneys as well.

"SNOWBIRDS" AT CONEY ISLAND AND BATHERS AT PALM BEACH

Zero weather in the north cannot keep everybody out of the water, while summer weather in the south permits them to bathe every day. This photograph shows two daring young women in their bathing costumes at Coney Island. Nearly every Sunday during the winter there have been such parties, and they have even gone into the water. They said they liked it. In Palm Beach there has been swimming all the year.

MAY WHEAT IS VERY WEAK

(Saturday's Markets) CHICAGO.—Nothing occurred in the wheat trade today to relieve the impression that the bullish situation is at an end for the present at least and that selling pressure is likely to be felt on all hard spots until the foreign conditions change materially. There was nervous feeling among holders at the outset today and stop orders rattled the May price down quickly to 11.50, more than 2 1/2c under the close on the late break Friday.

July was under pressure at the same time covering a range of from 131 to 123. There was only one good rally during the session to 161 3/8, and 1.31 3/4 for the months named, and this was on a buying flurry caused by giving up the names of a brokerage firm on some heavy early purchases, the trade jumping at the conclusion that the buying was for leading La Salle street interests. Reports did not last long, and after dropping back to 1.60 May closed at 1.60 1/2. July reacted to 1.30 1/2, but showed a fair-ty to good rally at the close at 1.31 3/8 because local shorts were covering for the Monday holiday.

this morning. The seaboard claimed 500,000 bushels or more wheat sold to foreigners today. Export clearances of wheat and flour were large at 1,225,000, but this sort of news fails to overcome the uneasy feeling among holders and situation is bearish.

COMISKEY'S CREW OFF FOR CALIFORNIA

BY JAMES O'DEA. (Written for the United Press.) CHICAGO, Feb. 18.—Chicago caught a real harbinger of spring in the act today when Charley Comiskey's personally conducted crew steamed out on a special train for the Paso Robles, California, training camp. There were 100 or more in the party. They included ball players, some who merely are classified under that name, personal friends of the Old Roman, to the number of sixty or seventy, and several Pacific Coast League players en route to join their respective clubs.

Very much among those present was a young man named Clarence Rowland, the erstwhile bush leaguer, who is to lead a big league crowd this summer. Rowland got almost as much of a send-off from fans who went to the depot to see the bunch off as did the beloved Comiskey himself. If he makes use of \$7 1/2 per cent of the good wishes and hopes for success that he carried away with him, he'll make any of the White Hopes in the A. L. break a record to snap the tape ahead of the White Sox.

Great things were promised for Rowland today. The stay-at-homes predicted that Rowland's type—which consists chiefly of speed and then more speed—is exactly what the Chicago Americans need to put them out in the front next spring. Southsiders believe Rowland is going to develop into another Kid Gleason. Incidentally, Kid Gleason was fired this winter.

Another one of prominence among those present today was One Hundred Thousand Dollar Eddie Collins, second sacker, of note and once of the city of Philadelphia. Collins declared he is in great shape and ready for the best game of his career, etc.

Aberdeen Mill Resumes. ABERDEEN, Wash., Feb. 20.—After a shutdown of four months, the Donovan mill reopened here with a crew of 125. President Donovan says the mill has orders enough to keep it running a 10 hour shift for some time. Practically every foot of stock lumber which the mill had on hand has been used since it closed down. This condition is true of other Grays Harbor mills which have closed since the war. The probable opening of two more logging camps on March 1 was announced by John Schafer, of the Schafer Brothers Logging Company. These will each employ about 50 men.

HOGS ARE HIGH AT N. PORTLAND

(Courtesy Sunday's Journal.) PORTLAND, Ore.—While this was a week of serious depression in hog values at North Portland, he it said to the credit of the local market it is the highest in the entire United States of any of the recognized yards.

Hogs ended the week at North Portland around \$6.70 for tops compared with \$6.55 at Chicago, Kansas City and Omaha, and \$6.50 at Denver. At all of the latter places it took somewhat better quality to secure the extreme prices than at North Portland, because the standard of quality is higher in the east, where the marketing is more extensive.

North Portland showed a slight loss in swine arrivals for the last week compared with the previous six days, but the fact that all of the leading killers were well supplied with offerings brought the price down from \$6.90 to \$6.70.

General cattle market range: Best light \$6.65@6.70 Medium light 6.55@6.60 Good and heavy 6.00@6.50 Hough and heavy 5.80@5.90 Stockers 5.50@5.75

Cattle Prices Are Lower. Lower prices were named for cattle at North Portland during the week's trade. For top grain fed steers values are from 15c to 25c below previous quotations and a similar loss is noted from former quotations on hay fed offerings.

Cattle offerings at North Portland for the week were smaller than during the previous six days, but there is a more limited demand. Killers took hold of offerings rather slowly, and everyone seemed to be waiting for the other fellow to establish the price.

General cattle market range: Select grain fed steers \$7.85@7.75 Best hay fed steers 7.15@7.40 Good to choice 6.50@7.00 Ordinary to fair 5.50@6.25 Best cows 6.50@6.50 Good to prime 6.00@6.35 Ordinary 5.25@5.50 Selected calves 3.00@3.25 Farcy bulls 6.50@6.00 Ordinary 4.00@5.00

Mutton Price Is Lifted. There was a further lifting of mutton and lamb prices at North Portland for the week with a fractional increase in the run over last week, although quite a per cent of this week's offerings went on the nearby feed lots and were not offered for sale.

Top lambs reached \$8.25 during the week with one rather liberal sale at that price. The local market for mutton and lambs is perhaps the most favorable in the entire country and is in need of rather liberal supplies for the immediate future.

General mutton trade range: Old wethers \$6.90@7.00 Best yearlings 7.00@7.15 Best ewes 6.00@6.15 Best east mountain lambs 8.25 Valley light lambs 7.85@8.04 Heavy spring lambs 7.50@7.75

LOSS IS FELT IN WHEAT MART

(Saturday Market.) PORTLAND, Ore.—Sharp reductions were forced in local grains for the week, in sympathy with the low prices in Chicago. Foreign markets showed little change, and were it not for the fact that freight rates are advancing to Europe, instead of showing reductions, as expected, higher prices would be available here.

Present situation in the grain trade seems to be more inclined to follow the freight rate situation. Europe is even more eager for wheat supplies than previously, although during the week there were periods when lower values were forced because of some efforts to sell by Argentina.

As has been pointed out in previous articles, Argentine wheat growers are not good holders, especially at the start of the season. The more free offerings of Argentine wheat, therefore, has affected to some extent the prices of the cereal in Europe.

The severe weakness shown at times in the Chicago trade is seemingly more of an effort of the big fellow to cut the ropes which tie the smaller fellows to the bull kite than to any real weakness in the world's situation. Coarse grains have suffered even more than wheat in the local market during the week.

Considerable business is reported passing in the flour market with Europe, a cargo from here being confirmed during the week. It is stated that Italy is one of the chief bidders for flour supplies in the United States at this time.

Patent flour prices show only fractional change locally during the week. Trade is at low ebb, so far as the home demand is concerned, all of the big buyers having been filled up when values were lower.

BLUE EYED OTCORON THREATENS SOLONS BEAUTY

WASHINGTON, Feb. 22.—Representative Frank Clark, of Florida, who started the agitation for "Jim Crow" street cars in Washington, has received a letter from a "blue eyed otcoron" in which she threatens to "spoil his beauty" by throwing a pint of vitrol in his face if negroes are discriminated against in the capital.

This Really Happened.

CINCINNATI, O., Feb. 22.—"Taking the fire to the firemen" is the title of the newest pyrotechnical performance in Cincinnati. Roy Silver accidentally upset an oil stove in his covered wagon. It ignited a bundle of straw. Silver immediately put on high speed ahead and landed promptly at Engine Co. 29. Firemen nonchalantly turned on the nozzle, the blaze succumbed; Silver proceeded, and there was mutual thanks.

A MERITLESS JUDGE

One Who Shows No Favor. A meritless judge is Father Time. Before him the weak and the wanting go to the wall. Only the truth can stand. For years the following statement from a Pendleton resident has withstood this sternest of all tests.

L. Greenwald, prop. shoe repairing shop, 414 Lincoln street, Pendleton, says: "Backache and soreness across my kidneys troubled me day and night. The kidney secretions pained in passage and the flow was too frequent and scant. One box of Doan's Kidney Pills completely cured me." (Statement given May 17, 1910.)

OVER TWO YEARS LATER Mr. Greenwald said: "Doan's Kidney Pills cured me and the trouble has never come back."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Greenwald had. Foster Milburn Co., Props., Buffalo, N. Y.
