### LITTLE RESEEDING IS DONE BY FARMERS IN THE NOLIN DISTRICT

WEATHER IS BEAUTIFUL NOW AND ALL BUSY WITH THEIR PLOWING.

Three Cars of Mutton are Sent to Market—Fisher Wheat Thinned Some by Frost But Hybrid Comes Through All Right—Barney Gannon Scorching Lighting Fire.

(Special Correspondence.) NOLIN, Feb. 25.—Beautiful weather and everybody busy plowing, cleaning up and on rare occasions some reseeded has to be done.

Messrs Boylin and Stephens shipped three cars of mutton last night to Seattle after fattening them on the Slusher ranch.

Joe T. Fished states that his blue-stem wheat has been thinned by frost but his hybrid is all right.

Employees of the Slusher ranch have been rather unlucky here of late by getting hurt in some manner or other. A few days ago the baseball boys were practicing when Henry Humphreys was struck on the ankle by a ball and laid up for several days. Barney Gannon was the next unfortunate to get badly scorched about the face while lighting a pile of trash which he had saturated with gasoline and holding an open can of gasoline in one hand while striking a match with the other.

Walter Harrington was caught by the leg by a saddle horse falling with him last Sunday which laid him up for repairs for a while. No bones were broken.

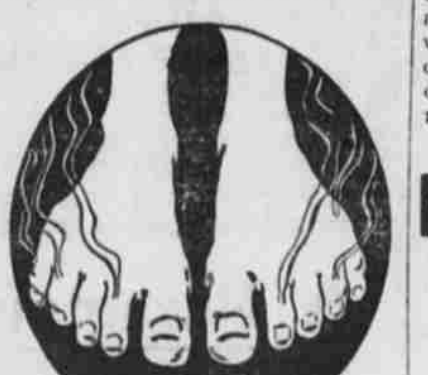

A literary society was organized at the school house last Saturday night. Joe F. Fisher was elected president, Miss Mabel Holmes secretary, and E. A. Hendricks sergt. at arms. Meetings every two weeks.

Prisoners Treated Well. LONDON, Feb. 25.—Nearly \$100,000 has been expended by the government in fitting up Bonington Hall, in Leicestershire, for use of German officers in England as prisoners of war.

Twenty thousand dollars was expended for furniture alone. The ground floor has been converted into a club house.

### Try "GETS-IT," It's Magic for Corns

New, Simple, Common-Sense Way. You will never know how really easy it is to get rid of a corn, until you have tried "GETS-IT." Nothing like it has ever been produced. It takes less time to apply it than it does to read this. It will dum-

Kajip! Corn-pains in Every Nerve! Use "GETS-IT," It "Gets" Every Corn Surely, Quickly!

found you, especially if you have tried everything else for corns. Two drops applied in a few seconds—that's all. The corn shrivels, then comes right off, painlessly, without fussing or trouble. If you have ever made a fat bundle out of your toes with bandages; used thick, corn-pulling cotton-rings; corn-pulling salves; corn-treating plasters—well, you'll appreciate the difference when you use "GETS-IT." Your corns agony will vanish. Cutting and gouging with knives, razors, files and scissors, and the danger of blood-poison are done away with. Try "GETS-IT" tonight for any corn, callus, wart or bunion. Never fails.

"GETS-IT" is sold by druggists everywhere, 25c a bottle, or sent direct by H. Lawrence & Co., Chicago. Sold in Pendleton and recommended as the world's best corn cure by Pendleton Drug Co. and F. J. Donaldson.

### \$6.90 QUOTED FOR TOP HOGS

(Courtesy Thursday's Journal.) PORTLAND, Ore.—Another nickel was added to the price of hogs at North Portland today, again bringing this market to the highest price in the United States of any of the recognized stockyards, even though there was an almost general advance in the east again.

Top hogs sold in the North Portland yards today at \$6.90 a dime better than anything in the east. Quality considered it is safe to figure this market at least 20c better than any other in the country, a distinction which should insure greater marketing here.

General hog market range: Best light ..... \$6.85 @ 6.90 Medium light ..... 6.70 @ 6.80 Good and heavy ..... 6.50 @ 6.60 Rough and heavy ..... 5.80 @ 6.00 Stockers ..... 5.50 @ 5.75

Cattle Market Nominal. With but a handful of stuff offering today in the yards, the market for cattle continues a very nominal affair. No further change either in the price or situation is indicated by this morning's transactions.

With the fresh beef market literally "shot to pieces" and all sorts of prices prevailing, under strenuous efforts of killers to unload, the live stock situation is naturally affected.

General cattle market range: Select grain fed steers ..... \$7.50 @ 7.75 Best hay fed steers ..... 7.25 @ 7.35 Good to choice ..... 6.50 @ 7.00 Ordinary to fair ..... 5.50 @ 6.25 Best cows ..... 6.00 @ 6.50 Good to prime ..... 5.25 @ 6.00 Ordinary ..... 4.00 @ 5.00 Selected calves ..... 8.00 @ 8.25 Fancy bulls ..... 5.50 @ 6.00 Ordinary ..... 4.00 @ 5.00

Mutton Strength Continued. Strength in the mutton trade was continued at North Portland today, with only normal offerings. No tops were received, but the price received for some ordinary lambs, \$8.15, indicated that at least the former top, \$8.25, would still be available for extreme quality.

General mutton trade range: Old wethers ..... \$6.90 @ 7.00 Best yearlings ..... 7.00 @ 7.15 Best ewes ..... 6.00 @ 6.15 Best east mountain lambs ..... 8.25 Valley light lambs ..... 7.85 @ 8.00 Heavy spring lambs ..... 7.50 @ 7.75

Court Martial Order Signed. WASHINGTON, Feb. 25.—Secretary Daniels signed the order for trial by court martial of five officers and men of the cruiser San Diego which was recommended by the court of inquiry following an investigation of the explosion aboard the vessel resulting in the deaths of nine men.

### PRICE WHEAT HOLDING WELL

(Thursday's Market.) PORTLAND, Ore.—Foreign advices are governing the market for wheat in this country. A cable from Russia today stated that in anticipation of the resumption of exports from that country, wheat prices were being lifted sensationally. An advice from Argentina had a similar bullish trend.

The exportable surplus of that country is somewhat below even the reduced estimates recently given, and the activity of Italian buyers in that market is likely to turn most of the Argentine wheat in that direction.

Locally the market is quiet. Leading interests say they see no chance for any material lowering of values here. There is little wheat offering at any price in the country. The recent reductions have more than made up for the amount of tax to be levied March 1, therefore the latter has ceased to be a bugaboo in the trade.

Oats supplies are limited in the interior, few offerings to sell from there being received. In the Willamette valley farmers retain fair supplies, but these are not pressing very strongly for sale. On the other hand most of the dealer speculators have become tired of holding oats, and these have been the chief bearish factor in the trade recently.

Clover Seed—Buying price: Nominal No. 1, uncleaned, 11 1/2 @ 12c; ordinary, 11c pound; alsike, 11c.

Flour—Selling price: Patent, \$7.20; Willamette valley, \$7.20; local straight, \$6.40; bakers, \$7.00 @ 7.40.

Hay—New crop, buying price: Willamette valley timothy, fancy, \$13.50 @ 14; eastern Oregon-Idaho fancy timothy, \$13.50; alfalfa, \$13 @ 13.50; vetch and oats, \$9 @ 10; clover \$8 per ton.

Grain Sacks—1915 Nominal, No. 1 Calcutta, \$6. Millstuffs—Selling price. Bran, \$30 @ 31; shorts, \$23. Rolled barley—Selling price \$26 @ 27 per ton.

Reports that Russian interests were figuring upon an early resumption of wheat exporting, caused a bad break in bids for spot wheat on the Portland Merchants' Exchange today, following the lead of Chicago, for a similar reason. Cash wheat bids on the local exchange for the day were 3c to 5c a bushel below the figures of yesterday. Only two sales were made—a lot of 5000 bushels May bluestem at \$1.46, and a similar amount at \$1.47.

Oats bids on the exchange lost \$1.60 a ton for spot today, but spot barley was unchanged.

### CATTLE TAKES LOWER PRICES

PORTLAND, Ore.—The receipts for the week have been: Cattle, 923; calves, 28; hogs, 3012; sheep, 1905.

Cattle. Cattle receipts have been only moderate this week and have taken a lower level in price. New prices established are 15 to 25 cents lower than former prices. The market is considered steady at \$7.75 for top steers and other lines in proportion.

Hogs. The receipts of hogs have not been as large as ordinarily and consequently prices have advanced accordingly. Top prime light hogs bringing \$6.85 at close of week.

Sheep. The sheep market has not been exemplified by the one word "excellent." Prime lambs are bringing \$4.25 and extra good quality would no doubt bring at least a quarter more than this figure. All killers seem short of supplies.

The following sales are representative:

26 steers ..... \$1.92 27 steers ..... 1.15 28 steers ..... 1.12 122 steers ..... 1.11 90 cows ..... 1.16 1 cow ..... .94 4 cows ..... 1.35 3 cows ..... 1.07 1 bull ..... 1.43 1 stag ..... 1.21 1 heifer ..... .79 7 calves ..... 1.52 266 hogs ..... 1.85 1141 hogs ..... 1.86 707 hogs ..... 1.81 6 hogs ..... 1.56 141 lambs ..... .65 303 lambs ..... .74 219 ewes ..... 1.11 15 wethers ..... 1.01

Trading at Chicago Weak (Thursday's Market.) CHICAGO.—While after the opening loss there was good recovery and a fair advance in wheat options today, closing figures were showing a net loss of 2 1/2c to 3 1/2c from yesterday with July weakest.

Reports of foreign business were responsible for the early advances, but fresh short selling caused the later break. This was aided by the report that Russia was expecting to resume exportation.

Bradstreet's reports of the wheat visible supply: East of Rockies, decreased 2,445,000 bushels, west of Rockies decreased 310,000 bushels, Canada decreased 1,759,000 bushels. Europe and Africa increased 2,600,000 bushels; total world's supply decreased 1,914,000 bushels.

WHEAT. May—Open, 155; high, 157 1/4; low, 153; close, 153 5/8. July—Open, 127 1/2; 129 1/8; low, 124 3/4; close, 125 1/4.

PRISONER CUTS BARS; DIDN'T GET AWAY. EUGENE, Ore., Feb. 25.—Deputy Sheriff George Croner found two of the bars in the east window of the county jail sawed in two. He notified Sheriff Parker and the search of the prisoners resulted in the finding of an improvised saw on the person of William Cameron. The saw had been made from the spring in the sole of one of his shoes.

Cameron is one of the two men arrested in Portland a few days ago accused of assaulting and robbing H. Gotteph, a junk dealer and hide buyer across the river from Eugene, last fall. Gotteph, a junk dealer and hide buyer across the river from Eugene, last fall. Gotteph, who arrived in the city from Albany yesterday afternoon, was taken to the jail and he saw Cameron he almost fainted from excitement. He easily recognized Cameron and the other man arrested, who gave the name of James Smith.

### TO DARKEN HAIR APPLY SAGE TEA

LOOK YOUNG! BRINGS BACK ITS NATURAL COLOR, GLOSS AND THICKNESS.

Common garden sage brewed into a heavy tea with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and luxuriant remove every bit of dandruff, stop scalp itching and falling hair. Just a few applications will prove a revelation if your hair is fading, gray or dry, scraggly and thin. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get the ready-to-use tonic, costing about 50 cents a large bottle at drug stores, known as "Wyneth's Sage and Sulphur Compound," thus avoiding a lot of fuss.

While wispy, gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyneth's Sage and Sulphur, no one can tell, because it does so naturally as evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared, and, after another application or two, your hair becomes beautifully dark, glossy, soft and luxuriant.

MANY CASES OF RHEUMATISM NOW SAYS WE MUST KEEP FEET DRY, AVOID EXPOSURE AND EAT LESS MEAT.

Stay off the damp ground, avoid exposure, keep feet dry, eat less meat, drink lots of water, and above all take a spoonful of salts occasionally to keep down uric acid.

Rheumatism is caused by poisonous toxin, called uric acid, which is generated in the bowels and absorbed into the blood. It is the function of the kidneys to filter this acid from the blood and cast it out in the urine. The pores of the skin are also a means of freeing the blood of this impurity. In damp and chilly, cold weather the skin pores are closed, thus forcing the kidneys to do double work, they become weak and sluggish and fail to eliminate this uric acid which keeps accumulating and circulating through the system, eventually settling in the joints and muscles causing stiffness, soreness and pain called rheumatism.

At the first twinge of rheumatism get from any pharmacy about four ounces of Jad Salts; put a tablespoonful in a glass of water and drink before breakfast each morning for a week. This is said to eliminate uric acid by stimulating the kidneys to normal action, thus ridding the blood of these impurities.

Jad Salts is inexpensive, harmless and is made from the acid of grapes and lemon juice, combined with lithia and is used with excellent results by thousands of folks who are subject to rheumatism. Here you have a pleasant, effervescent lithia-water drink which overcomes uric acid and is beneficial to your kidneys as well.

Pursuit of wealth is the great human hurdle race.
