D. RESTA, DRIVING PEUGEOT CAR IS WINNER OF RACE

AUTOMOBILE CLASSIC RUN UNDER MOST UNFAVORABLE CONDITIONS.

- The Grand Prix.**

 - 5. Anderson...Stutz...7:34:51

SAN FRANCISCO, March 1.—Under the most miserable conditions in the history of the classic, D. Resta, driving a Peugeot car, Saturday afternoon won the Grand Prix race, the blue ribbon event of America, over the course laid out on the grounds of the Panama Pacific International exposition.

His official time was 7 hours, 7 minutes and 57 seconds—the lowest in the history of the event. His average speed throughout the 492.29 miles covered by the race was 57 1-2 miles, 7 1-2 miles per hour slower than the slowest previous Grand Prix.

Howard Wilcox, in a Stutz, was second, time 7:14:36, average 55 1-4 miles. Hughie Hughes, in an Ono, finished third. Time 7:31:46. Louis Disbrow was fourth. He drove a Simplex. His time was 7:31:38. Gil Anderson, piloting a Stutz, finished fifth. His time was 7:34:51.

After Anderson had crossed the line all of the other contestants were fagged off the course and the race officially ended. In view of the almost continuous rainfall, Resta's performance was remarkable. He drove a steady, careful race. He outclassed from the start, all of the other drivers, excepting Hughie Hughes and he distanced the latter after the fifty-fifth lap, following a sensational brush extending over the five laps. From the fifty-fifth lap on the victor was never overtaken and went over the finish line miles ahead of his nearest competitor. Wilcox and Hughes fought it out for second place in a sensational manner.

SPORT DOPE.

BY HAL SHERIDAN.
(Written for the United Press.)
NEW YORK, Feb. 27.—If it was not for Freddie Welsh, the British holder of the lightweight bantam, there wouldn't be any international sporting events a-tall in 1915. Bill Nick, George and Prexy Ponce, who wields the baton over sunny France, seem to have a corner on the international sporting events which they refuse to relinquish. Getting bromidic, if it hadn't been for the war, 1915 stood an excellent

chance at going down in history as one of the greatest 365 days in the annals of sport. Its predecessor 1914, was undeniably the greatest one until the struggle started, and 1915, bid fair to eclipse it.

As to 1915, don't look especially alluring, either. Certain it is that even should the war close before the next New Year's Day, Europe will be in no position to stage sporting events of any great moment. Berlin, according to reports from the German capital, has not yet relinquished all hope of staging the 1916 Olympic games but from this safe and sane angle it doesn't look probable.

Then, too, many of the old world's athletes have been killed in the war. They flocked to the colors early in the fray. Even should they emerge with two arms and two legs their days of physical prowess will probably have been left in the trenches and a new crop will have to be developed.

So until somebody knocks off Freddie Welsh—and judging by the way he is side-stepping bouts where he stands to lose his crown it doesn't seem likely—Americans are going to have to be satisfied with contests among themselves. It looks, at that, as though Earl Kitchener and Winston Churchill overlooked a good bet when they allowed Freddie to embark for these United States. He has shown a remarkable aptitude for getting out of tight places where a decisive outcome was imminent. What a wonderful strategist the Welshman would have made! If he could circumvent the Germans and Austrians as he has American contenders for his title the war would soon be over. What.

College Teams Meet.
PRINCETON, N. J., Feb. 27.—Princeton and Georgetown were to meet today in a two mile relay race and other events.

San Francisco Has 1900 Jitneys.
SAN FRANCISCO, Feb. 27.—According to figures given out by the license bureau of the police commission, there are now 1900 5-cent automobiles in operation in this city, with 400 applications pending. January 15 there were but 350 of the cars operating in San Francisco.

Raw Rubber Confiscated.
VENICE, via London, Feb. 26.—Advices received here from Vienna say the military authorities there have confiscated the entire supply of raw rubber, pneumatic tubes and rubber hose.

Contracting teamsters say that unless this action is revoked it will be impossible to supply Vienna with food and their factories will suspend operations.

A boycott instituted by Viennese housewives against the use of pork is spreading. Retail prices of pork have dropped about 4 cents a pound, but the boycott will be continued.

Loss of Appetite is also loss of vitality, vigor, tone. To recover appetite and the rest take Hood's Sarsaparilla—that strengthens the stomach, perfects digestion, makes eating a pleasure. It also makes the blood rich and pure and steadies the nerves.—Adv.

HOWARD DREW TO RUN IN PENN RELAYS

LOS ANGELES, March 1.—The University of Southern California will be presented in the spring at the Penn Relays at Franklin Field, Philadelphia in the late spring by Howard Drew, sensational negro flier, it has been announced. Despite the stories which have been bandied around as to Drew's professionalism, the former bellboy of Worcester, Mass., will compete against the swiftest sprinters in the country at the big intercollegiate event.

Cattle Prices Soaring.

READING, Pa., Feb. 27.—Record prices for livestock, the highest ever heard of in Berks county, are now being received at sales and there are rumors that among the bidders are agents from the foreign government at war. Some of the cattle have been bought by strangers and have been shipped away.

As an example of how the prices are advancing, a milk cow offered at the sale of Thomas Yoder, at Mosheim Springs, was knocked down for \$167, and on the farm of Robert Heffner, of Kutztown, a cow sold for \$128. Horses, sheep and hogs offered for sale are always bid up to high prices and spring shoats especially are in demand.

This week has witnessed a drop in

the price of wheat and several millers say they are now paying only \$1.40 a bushel. A week ago wheat was bought at \$1.50 and farmers sold in great bulk. Some believed when this figure was paid for wheat the danger zone had been reached and they quit buying, in expectation of the price dropping.

Preacher Sunday's Goat.

NEW YORK, Feb. 27.—The Rev. Billy Sunday's "goat" is in town. He is the Rev. Edward H. Emmett, Englishman and Baptist minister, who told 500 persons at the midweek prayer meeting in the Baptist temple in Brooklyn, that he goes ahead of Billy Sunday from town to town to stop the tin cans and other hard things that are always thrown at the

baseball evangelist and his movement. I am the great man's goat," he said. "Every saloonkeeper and unmentionable person in New York and Brooklyn will be a possible disciple of Jesus Christ when Billy Sunday begins to preach his gospel in this city," concluded Rev. Emmett.

Grain Brokers Close Books to Probe

CHICAGO, Feb. 25.—Grain brokers engaged in business on the Chicago Board of Trade have flatly refused to submit their books and records to government officials investigating the high prices of wheat and flour, it was said, the inquiry which centers in the causes for the advanced price of bread is at a standstill.

Help the Stomach Digest Your Food
When the stomach fails to digest and distribute that which is eaten, the bowels become clogged with a mass of waste and refuse that ferments and generates poisons that are gradually forced into the blood, causing distress and often serious illness.
Most people naturally object to the drastic cathartic and purgative agents that shock the system. A mild, gentle laxative, positive in its effect and that will quickly relieve constipation is Dr. Caldwell's Syrup Pepsin, sold by druggists at fifty cents and one dollar a bottle. It does not gripe or cramp, but acts easily and pleasantly and is therefore the most satisfactory remedy for children, women and elderly persons. For a free trial bottle write to Dr. W. B. Caldwell, 452 Washington St., Monticello, Ills.

Unreachable Neighbors

TWO neighbors on the same street who are not connected with the same telephone system are practically far apart.

The telephone users in the community who can be reached by one are inaccessible to the other.

To reach them all means the inconvenience and added expense of two telephones.

A community gets the best service from one good telephone system which is linked up by toll and long distance lines with the rest of the country.
