

COLDS

An up-to-date remedy for colds. That is what Peruna is. In successful use over 50 years.

Colds are caught in many ways: In ill ventilated rooms; rooms that have direct draughts; crowded rooms; damp houses; stuffy school rooms; offices ill heated.

A dose of Peruna at the right time, at the first symptom of cold, before the bones begin to ache, before the sore throat manifests itself, or the cough, or the discharge from the nose, just a dose or two of Peruna before these symptoms begin is generally sufficient. But after the cold is once established with the above symptoms prominent, a bottle of Peruna, or maybe two, will be necessary.

"For several years I have been troubled with colds at each change of season. I took Peruna and have not been troubled with the slightest cold this entire season." Mr. Harry Fisher, 1218 Mosher St., Baltimore, Md.

"I give the children Peruna if they have a cold, and it always relieves them." Mrs. J. D. Hayes, 1227 Druid Hill Ave., Baltimore, Md.

"When I feel a cold coming on I take a little Peruna, and it does me good." Mr. Charles S. Masny, 12 Water St., Ossining, N. Y.

"No family should ever be without Peruna, for it is an unfailing cure for colds." Mrs. M. F. Jones, Burning Springs, Ky.

ARSON TRUST IS SAID TO THRIVE IN NORTHWEST

TESTIMONY BRINGS OUT STARTLING STATEMENT REGARDING WORKINGS.

SEATTLE, March 6.—Testimony that an arson syndicate has existed in the Pacific northwest for the last two years was brought out in the superior court in the trial of E. Rosenthal, a tailor, charged with arson in the second degree. For a few hundred dollars according to witnesses who testified, a merchant whose business was not prosperous could arrange to have his place burned in such a manner that detection was almost impossible. When the insurance was paid, the "arson syndicate" would collect its share.

Blackmailing as Side Line. It was also brought out that the "syndicate" conducted a black mailing business as a side line. If a small merchant was burned out by a fire of natural origin, he would be approached by a representative of the "syndicate" who would demand payment under a threat to give the authorities circumstantial evidence that the fire was of incendiary origin. Rather than face a charge difficult to disprove, many small merchants contributed to the gang, according to testimony.

Joseph Forman, whose place of business was burned before Rosenthal's arrest testified that he was present when Rosenthal arranged with a man known as "Silk Kiely, representing the syndicate, to have Rosenthal's store burned. The price, Forman said, was \$400. Forman paid \$500 to have his store burned, he said.

Ben Ehrlich, another alleged member of the gang, and Kiely both of whom are alleged to have confessed to the police before the trial, have fled and can not be found. The alleged "arson syndicate" operated not only in Seattle and other Washington cities, but also maintained an agent in Vancouver, B. C.

BROOKFEDS ARE NOT IN THE RUNNING FOR PENNANT THIS YEAR

AT LEAST THIS IS THE WAY THE SITUATION HAS BEEN DOPED OUT.

Dodgers Likewise do Not Stack up Favorably With the Other Clubs in Their Respective Leagues—Marquard May Change Luck of Brookfeds if They Get Him.

BY HAL SHERIDAN. (Written for the United Press.)

NEW YORK, March 5.—Chances for a pennant going across the bridge this season are rather cloudy. Neither the Brookfeds nor the Dodgers appear to stack up favorably with the other clubs in their respective leagues. If the Brookfeds are successful in getting Rube Marquard, the erratic pitcher, their chances will look better, as they have a fair array of pitching talent, already.

Wilbert Robinson, the corpulent leader of Ebbets' crew, declares his club's chances of getting into the world's series rest largely on how his veteran pitchers, particularly Nap Rucker perform. Rucker was out most of last season with a bum shoulder, but he has been taking treatment all winter and is now at Hot Springs, Ark., taking the baths. If he is in shape and Jack Coombs should pull a come-back, the Dodgers are going to prove extremely annoying to the pace setters for they've a gang of sluggers any manager might be proud of.

Hard luck camped on their trail incessantly last year. After Rucker went out, O'Mara, whom many critics declare the most promising young shortstop in either league, also went out with a broken leg. He was certainly living up to the critics' opinion when he had the accident. He is in shape again and will undoubtedly fill the short field berth.

The Dodgers lost three men to the Feds during the stove league raidings. Jack Dalton, the slugging center fielder, took the burrito to the Butfeds. His loss is going to be keenly felt for he was a real honest-toe John ball player. Fischer and Allen, the other two lost in Gilmore's raiders, are not so important. Fischer was a second string catcher and Allen occupied the same position among the pitchers.

"Big Ed" Pfeffer is Robinson's particular pitching star. He was a wonderful performer last season and Robbie is counting heavily on him this season. Backing him up are Pat Ragan, Aitchinson, Brown, Schmutz and the usual quota of recruits including Appleton of Fort Worth, Cadron of Wilkesbarre, Chabak of Harrisburg, Rell of Seattle, Donald of Waco, Goodbred of Oshkosh, Howell of Chattanooga, and Smith of Newark. All of them have records better than usual.

Behind the bat Robinson has Otto Miller and McCarty, and to help them out has Snook of Oshkosh and Mack Wheat of Newark, a brother of Zach Wheat, the Dodger's heavy hitting fielder.

Dalton's place in the outfield probably will be filled by "Hi" Myers who amassed a batting average of .256 in seventy games last season. Casey Stengel and Zach Wheat will work on either side of him unless Willie Zimmerman, a Newark recruit, grabs their jobs, which is about as probable as the Naps winning the American league pennant.

Jack Daubert will undoubtedly play

first again and in all probability Cutshaw will cover second. For short, O'Mara will win back his berth. Gus Getz who played third last year may have to put up a stiff battle to stay there. Schultz, a youngster has put in a bid for the job. He played in 155 games with Rochester last year and emerged with a batting average of .316. Hummel and Dick Egan supply the utility force.

The only place the Brookfeds have been materially strengthened is at second base. Leo Magee, the new manager, is going to covet thereabout and if he performs as he did with the Cards it should be a large factor in their upward struggle. Magee's leadership, too, must be reckoned with. Bill Bradley last year was a disappointment as a manager, and didn't get the best work out of his men, according to the Wards. Magee undoubtedly will.

Tom Seaton heads Magee's array of twirlers. Comment on his work is unnecessary. Jim Bluejacket, the big Indian recruit, should prove a bear now that he has had the experience of a part year with the Brookfeds. Nick Cullip is expected to do better than last season and Byron Houck late of the Athletics, should slip over a few wins. Eddie Lafitte was a good man last year. The others are Finneran, Wilson, Marion, Peters, Somers, Upham, Chappelle and Juel.

"Hap" Myers probably will hold down first again. Magee will go to second Eddie Cagnier to short and Tex Westerville to third. Delehanly and Holtz will fill in as needed.

Magee has an outfield he is expecting much of. Steve Evans was a bear with the stick last season. He is backed up by Claude Cooper late of the Giants and Eddie Murphy, old Athletic captain. Anderson will sub Griggs, Chouinard and Walsh will all be carried. Mike Simon, Grover Land and a Mr. Watson from the receiving staff.

BASEBALL DOPE.

(BY HAL SHERIDAN.) (Written for the United Press.)

NEW YORK, March 5.—Watch the White Sox and the Yanks this season; next October is going to find them a whole lot nearer the top than did last October. Maybe one of them will win the pennant; maybe not—but you can take it from me the team that wins it is going to have to play these two hard and safe all the way. This was the warning given at a recent league meeting here by a veteran manager who has seen seasons come and go—many more than he cares to admit.

"For why?" he echoed. "Just this—the Sox are due to make things hot for the winner because they have all the requisites of a darned good team; and the Yanks because they are in the Braves' class—not conceded much of a chance at the start of the season—and have a rip-snotin' manager in Bill Donovan who will get more work out of his men than any man in the business with the exception of George Stallings.

"Those White Sox have a real team now that Eddie Collins is playing second bag. He's a whole team in himself, for that matter. Their pitching staff last year was second to none in the league—Cloutie, Faber, Russell, Benz and Scott won't take anybody's dust if they're in any sort of condition. Collins is going to cover a multitude of sins with his batting and base tude of runs with his batting and base running. And he's going to steady this big, heavy-hittin' Frenchman Fournier, at first, too.

JESS WILLARD AND THE "GREASERS"

Jess Willard, the giant of six feet and seven inches, who is in training near Yuleta, Texas, for his fight of forty-five rounds with Jack Johnson, is a perpetual wonder to the Mexicans of the border. In order to impress two he stood up with them and had his photograph taken. The photograph incidentally shows that Willard is already in pretty good condition for the fight. He weighed at the time 245 pounds, and he said he wished to be reduced to 230. He expects to enter the ring with Johnson at that weight. Johnson will be considerably smaller, and will probably not go more than 215 pounds. If he can get down to the proper condition, Johnson is older, but not near so large a mass as Willard. Of course, those persons now on the ground expect to see Willard win. He has shown such capability in his training that they cannot imagine how a smaller man will stand in front of him.

Diamond Tires satisfy 99% of their users

That means an awful lot when you come to think about it. It means built-in mileage of the sturdiest sort—and the price is honest and low, not padded. This letter explains it:

"Philadelphia, November 28, 1914. "We believe that it will interest you to know that out of 1500 Diamond cases sold this year up to October first, the number that have been returned to us for adjustment amounted to less than one per cent. This we consider a remarkable showing, and speaks volumes for the quality that is built into Diamond Tires. About ninety per cent of the total number sold were Squeegee Treads, which we consider the best tire value we can offer our customers. The service rendered by this type of tire is consistently uniform.

"CHILD'S TIRE COMPANY, "Per Chas. J. Roth."

And other dealers all over the country tell the same story. Added to the wonderful Diamond Service, you can now buy Diamond Squeegee Tread Tires at the following "FAIR-LIST" PRICES:
