NEWS OF FARM AND RANGE

Farm Land Swindlers.—Victims of so-called "wild-cat" real estate operators who have disposed of lands far from transportation facilities in the remote regions of southern Harney county have been appealing to the farm land bureau of the Oregon immigration commission during the last few days in the hope of learning their status.

J. W. Brewer, manager of the bureau received two of these in his mail shedding light on a semi-lottery proposition conducted by a company that has now gone out of business.

CAN CATARRH BE CURED? IF NOT A VISCIOUS SEQUENCE.

The Mother neglects to teach the child to blow his nose; some tissue behind the nose enlarges and the child has to breathe through his mouth—Adenoids—the arch or roof of the mouth goes up, the partition between the nostrils slides, buckles or bends and he will have nasal catarrh until the interior of the nose is made like it was before this happened. The catarrh extends to the ears, he may escape ear disease but later on he will have diminished hearing. If you wait until you are halloed at you never again will hear like you did a few years ago.
