

Song Haunts Official.
MADISON, Wis., March 5.—Every afternoon at 3 o'clock or shortly afterward a woman's voice has sung "The Holy City" in the governor's private office of the state capitol. For three weeks a persistent search has been made for the mysterious singer, but with no result.

The affair is beginning to get on the nerves of Governor Philipp and Colonel Pixley, his secretary. The voice appears to come from one corner of the governor's office and the governor has ordered the position of his desk changed so he faces the corner. The walls have been searched for a microphone, but without result.

Many a man seeks a job as janitor, so that his wife can do most of the work.

KEEP URIC ACID OUT OF JOINTS

TELLS RHEUMATISM SUFFERERS TO EAT LESS MEAT AND TAKE SALTS.

Rheumatism is easier to avoid than to cure, states a well known authority. We are advised to dress warmly; keep the feet dry; avoid exposure; eat less meat, but drink plenty of good water.

Rheumatism is a direct result of eating too much meat and other rich foods that produce uric acid which is absorbed into the blood. It is the function of the kidneys to filter this acid from the blood and cast it out in the urine; the pores of the skin are also a means of freeing the blood of this impurity. In damp and chilly cold weather the skin pores are closed thus forcing the kidneys to do double work, they become weak and sluggish and fail to eliminate the uric acid which keeps accumulating and circulating through the system, eventually settling in the joints and muscles, causing stiffness, soreness and pain called rheumatism.

At the first twinge of rheumatism get from any pharmacy about four ounces of Jad Salts; put a tablespoonful in a glass of water and drink before breakfast each morning for a week. This is said to eliminate uric acid by stimulating the kidneys to normal action, thus ridding the blood of these impurities. Jad Salts is inexpensive, harmless and is made from the acid of grapes and lemon juice, combined with lithia, and is used with excellent results by thousands of folks who are subject to rheumatism. Here you have a pleasant, effervescent lithia-water drink which helps overcome uric acid and is beneficial to your kidneys as well.

EASY TO DARKEN YOUR GRAY HAIR

YOU CAN BRING BACK COLOR AND LUSTRE WITH SAGE TEA AND SULPHUR.

When you darken your hair with Sage Tea and Sulphur, no one can tell, because it's done so naturally, so evenly. Preparing this mixture, though, at home is messy and troublesome. For fifty cents you can buy at any drug store the ready-to-use tonic called "Weyth's Sage and Sulphur Compound." You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning all gray hair disappears, and, after another application of two your hair becomes beautifully darkened, glossy and luxuriant. You will also discover dandruff is gone and hair has stopped falling.

Gray, faded hair, though no disgrace is a sign of old age, and as we all desire a youthful and attractive appearance, get busy at once with Weyth's Sage and Sulphur and look years younger.

BABY MUST "STRUGGLE" ON \$3,000 A YEAR

GREENWICH, Conn., March 8.—She says \$3000 a year is the least the baby can "struggle" along on. A fortune was left to the infant by its grandfather. In their petitions for \$3000 annually for its allowance, the Tysons said they had to keep two automobiles for the child.

WAR REPORTS AFFECT WHEAT

(Saturday's Market.)
PORTLAND, Ore. — While this week's prices are lower than last week, closing figures for spot delivery are from 1 to 7c a bushel better than on Monday. At the start of the week the trade was thoroughly demoralized. The market was very erratic at all world's centers during the week. The situation is still under much pressure notwithstanding the slight advances for the week. The world's trade has been war-ridden and every advice from Europe regarding the Dardanelles had an instant reflection upon the price of wheat.

Sharply lower prices were forced for wheat in the Portland market during the last week, in sympathy with the extreme declines at Chicago, as well as the weaker feeling abroad.

In forcing these declines the Dardanelles continued to hold a leading part. Rumors of victories for the allies in forcing the straits were immediately followed by substantial reductions in wheat prices at practically all world's centers. In fact, the bulk of the wheat losses during the last 10 days has been due to this condition.

In the midst of all demoralization there is still hope for the wheat market. The price pendulum is just at present swinging to the lower extreme, just as it swung to the upper extreme in the first days of the war. That a reaction upward will follow the sharp declines in wheat, even after the Dardanelles are opened—if such proves to be the case—is now considered not only likely but probable.

The effect of the opening of the Dardanelles for some days been more than safely discounted by the extreme cuts in the price of wheat at leading world's centers. The problem of the wheat trade is today facing is of an entirely different nature, although in some respects a similar situation has been shown for many months. The fear of German submarines and the general lack of sufficient ships to carry supplies at adequate rates are the chief factors which are likely to influence the price of wheat, as well as other cereals for the immediate future.

Less fear is now expressed regarding the offering of the Russian crop than previously, due probably to the fact that the price for some time has reflected this condition.

Decline in the price of flour at Puget sound points caused considerable shading of values all along the north Pacific coast during the week, although millers here generally quoted former values.

HOG MARKET SHOWS STRONG

(Courtesy Sunday's Journal.)
PORTLAND, Ore.—Hog market was the strongest affair at North Portland during the week. While arrivals toward the closing of the week made the totals somewhat in excess of the last two weeks, still the demand continued extraordinarily strong. Sales were made of tops as high as \$7.25 during the week, a sheer advance of 30c over the previous week.

North Portland demonstrated its ability of keeping the swine price above other markets of the country during the week, the lead being sufficient at all times to make it far more profitable for the country to ship here than to other stockyard points.

General hog market range:
Best light \$7.15@7.25
Medium light 7.00@7.10
Good and heavy 6.80@6.90
Rough and heavy 6.50@6.60
Stockers 5.50@5.75

Sheep Market Very Strong.
Great strength ruled the mutton and lamb market at North Portland during the week. While total offerings during the six days were fractionally better than during the previous week, the market was stronger. Sales of top lambs were made at \$8.50 with yearling wethers \$7.50 and top ewes \$6.50.

At the closing of the week it was apparent that the wants of the local trade were still unsupplied even at the extreme prices.

General mutton trade range:
Old wethers 7.25
Best yearlings 7.50
Best ewes 6.50
Best east mountain lambs 8.45@8.50
Valley light lambs 8.00@8.50
Heavy spring lambs 7.50@7.75

Cattle Market is Steady.
Market for cattle was a rather steady affair at North Portland during the week. There was a slight increase in total amount of stuff marketed during the six days but one sale of extreme quality was made at a nickel better than was obtained last week.

The situation in the cattle trade is now reflecting the more limited runs of recent weeks. Killers have been able to dispose of a large per cent of their accumulating surplus and naturally this has had a good effect upon the bidding.

General cattle market range:
Select grain fed steers \$7.50@7.80
Best hay fed steers 7.25@7.50
Good to choice 7.00@7.15
Ordinary to fair 5.50@6.50
Best cows 6.40@6.65
Good to prime 6.00@6.25
Ordinary 4.00@5.00
Selected calves 8.00@8.50
Fancy bulls 5.50@6.00
Ordinary 4.00@5.00

Slocum Hero Spree Long.
NEW YORK, March 5.—One of the heroes of the Slocum disaster, was arraigned in the court of general sessions here, charged with stealing a 50-cent jardiniere and pawning it for a drink. He is Daniel Casey, 57 years old. He was sent to the workhouse for six months.

Casey was a prisoner on Riker's Island, serving a term for selling his wife's furniture and buying whiskey. When the General Slocum caught fire and was beached on the flats off North Brother Island, Swimming over from Riker's Island, Casey saved the lives of 23 children at the risk of his own life. He was given a pardon, a congressional gold medal and a purse of \$257.

"When did you start on this last spree of yours?" asked Justice Kernochen.
"In 1910," replied Casey.

STOCK MARKET LITTLE BETTER

(Saturday's Market.)
NEW YORK.—Despite the many conflicting reports and cross-currents during the past week, sentiment in the financial community underwent a decided change for the better, which was reflected by a substantially higher range of quoted values in the stock list. The most favorable factor appeared to be the adjournment of congress, as for many months commercial and industrial interests were obliged to focus their vision on Washington.

While some liquidation for European account was conducted, the volume of the same was not such as to severely tax the absorptive powers of the stock market. As a matter of fact the same seemed to be of such limited extent as to produce nervousness in the ranks of the short interests.

Military and naval activities will perhaps continue to command close attention for quite some time, but the view expressed in conservative quarters that the rapid dissipation of the physical and financial resources of Europe will force a climax much sooner than was expected several months ago.

RUSSIANS GIVE NICKNAMES TO THEIR COMMANDERS
PETROGRAD, Feb. 15.—(By Mail to New York).—Russian soldiers are quite as prone to nickname their generals as are the fighters of other countries. Most of the names find their origin in some physical or mental characteristic of the subject. For instance, Grand Duke Nicholas, the great commander-in-chief, obviously could not escape the appellation "Big Nick."

General Ivanoff, who commands in the southwest, is called "Turkoman," because of his very black beard. For General Ruzski, now commanding the northwest group of armies, there are several nicknames. The best known is "the scholarly private," but this, it appears was invented by an officer. Soldiers call him "Yellow Tire." The general's motor car lost a wheel, and the tire on the new wheel is bright yellow.

The Austrian generals best known to the Russian soldiers are Generals Dankl and General von Hoepfendorf. Dankl is called "the fox," and also "General Spasibo." "Spasibo" is Russian for "Thanks." The soldiers confuse his name, with the German "Danks," the first word they hear from Austrian prisoners to whom they have shown attention. General Conrad is called "Vienna."

ENGLAND WON'T QUIT EVEN IF ALLIES DO
LONDON, March 2.—Speaking from the floor of the house of commons Premier Asquith indorsed a statement, attributed to Winston Churchill, first lord of the British admiralty in which Churchill was quoted as saying that England would

continue the war against Germany even if Russia and France should withdraw. Premier Asquith added, however, that there was not the remotest possibility of Russia and France withdrawing.

Deafness Cannot Be Cured
by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a running ear, which is nothing but an inflamed condition of the mucous surface. It is entirely closed Deafness is the result, and unless the inflammation can be taken out of this tube restored to its normal condition, hearing will be destroyed forever. Nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surface.

We will give One Hundred Dollars for any case of Deafness caused by Catarrh that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

A PENDELTON INTERVIEW.

Mr. Knight Tells His Experience.
The following brief account of an interview with a Pendleton man four years ago, and its sequel, will be read with keen interest by every citizen.

G. W. Knight, retired farmer, 513 Franklin street, Pendleton, says: "For eight or ten years I was troubled by pains through my back and kidneys and sometimes in my sides. I had to get up several times at night to pass the kidney secretions and there was a great deal of sediment in them, that looked like brick dust. I tried a box of Doan's Kidney Pills and they soon relieved the backache, and regulated the action of my kidneys." (Statement given May 17, 1910.)

OVER TWO YEARS LATER Mr. Knight said: "All I said about Doan's Kidney Pills when I recommended them several years ago, holds good. You may continue to publish my statement for the benefit of other kidney sufferers."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Knight had. Foster-Milburn Co., Props., Buffalo, N. Y.
