RUSSELL CONWELL HAS EARNED BIG FORTUNE ON LECTURE PLATFORM

MOST OF THE MONEY HAS BEEN GIVEN FOR PHILANTHROPIC WORK.

His "Acres of Diamonds," Which Will Be the Lecture Here on Tuesday Evening, Has Been Delivered Over 5000 Times and Is the Most Popular Lecture in the World.

SOME CONWELL FACTS.

- Dr. Conwell has been delivering "Acres of Diamonds" for 54 years.
- He has delivered this lecture over 5000 times.
- The total earnings of this lecture is over \$4,000,000.
- The total earnings of Dr. Conwell from all his lectures is over \$8,000,000.
- For 35 years he has given all of the proceeds of his lecture away.
- He has built a college and a hospital and developed a second college.
- He has helped thousands of men and women through college.
- Besides being a lecturer, he is an active lawyer, pastor and educator.
- His lecture, "Acres of Diamonds" is the most popular lecture in the world.

Few people but who have heard of Russell H. Conwell and have learned something of his great work. Because of his great fame as a lecturer, minister, educator, philanthropist and worker, his visit to Pendleton next Tuesday evening will be an event of importance to this city. And when it is said that he will deliver his greatest of all lectures, "Acres of Diamonds" to the patrons of the Lyceum course, Pendleton people will appreciate the opportunity presented to them.

For more than 54 years Dr. Conwell has been delivering this same address and at his home city, Philadelphia, on May 21st last, he delivered it for the 5000th time before an audience which was the greatest ever gathered in the historic Academy of Music since the nomination of General Grant for the presidency of the United States. At that time he was presented with a purse of \$500 and an album containing the autographs of 5000 friends.

Dr. Conwell has earned \$5,500,000 by his lecture work and has devoted practically the whole of it to philanthropic work.

There are many philanthropists beside whose gifts this sum is small, but the remarkable and striking feature of it all is that Dr. Conwell earned it himself. It would be perfectly safe to say that in this respect Dr. Conwell is a unique figure among his fellows, being perhaps the only man in the world who has been able to give such a vast amount directly as the fruit of his own labor. All honor is due to the man who can muster a hundred companions to help him harvest a fortune, but the laurel belongs to the vigorous giant who goes in alone and single handed renders from earth's treasury such a generous portion.

If you, my sister, are unhappy because of ill-health, if you feel unfit for household duties, social pleasures, or daily employment, write and tell me just how you suffer, and ask for my free ten days' trial of a home treatment suited to your needs. Men cannot understand women's sufferings. What we women know from experience, we know better than any man. I want to tell you how to cure yourself at home at a cost of about 12 cents a week. If you suffer from women's peculiar ailments causing pain in the head, back, or bowels, feeling of weight and dragging-down sensations, falling or displacement of pelvic organs, causing kidney and bladder weakness or constipation and piles, painful or irregular periods, catarrhal conditions and discharges, extreme nervousness, depressed spirits, melancholy, desire to cry, fear of something evil about to happen, creeping feeling along the spine, palpitation, hot flashes, weariness, sallow complexion with dark circles under the eyes, pain in the left breast, or a general feeling that life is not worth living.

I INVITE YOU TO SEND TODAY FOR MY FREE TEN DAYS' TREATMENT

and learn how these ailments can be easily and surely conquered at home without the dangers and expense of an operation. When you are cured, and able to enjoy life again, you can pass the good word along to some other sufferer. My home treatment is for young or old. To Mothers of Daughters, I will explain how to overcome green sickness (chlorosis), irregularities, headaches, and lassitude in young women and restore them to plumpness and health. Tell me if you are worried about your daughter. Remember, it costs you nothing to give my home treatment a ten days' trial, and does not interfere with daily work. If health is worth asking for, then accept my generous offer and write for the free treatment, including my illustrated booklet, "Woman's Own Medical Adviser." I will send all in plain wrappers post-paid. To save time, you can cut out this offer, mark your feelings, and return to me. Send today, as you may not see this offer again. Address,

Thief Would Pay Victim.

NEW YORK, March 12.—Isaac Abermann, of the Bronx, felt a tug at his scarf as a subway train was pulling into the One Hundred and

Forty-ninth street station a few days ago. He turned, saw a man running, and yelled to the guard in time to have him slam the door and stop the train. Abermann accused him of having stolen his \$50 diamond scarf pin.

"Wait a minute, friend," cried the man, Abermann says. "Here's your pin and here's \$100; now keep quiet." "Not for \$3000 would I keep quiet," replied Abermann. "You are an enemy of society, and I'm going to do my duty by you."

Magistrate Levy held the prisoner in \$2500 bail for examination. He called himself Adolph Schneider. The police say he has just finished a prison term and has a long record and many aliases.

Copperfield Has Saloon.

BAKER, Ore., March 12.—Copperfield has gone wet again after a year of aridity following the famous visit of Fern Hobbs to that little town. Made brave by the news that the little woman of Salem had made her exit from politics, two of the saloonkeepers, H. H. Stewart and William Wiegand, have opened up a place.

These men were among those most in the limelight when Miss Hobbs shut up the saloons. Whether business will be profitable in the remaining 10 wet months of Oregon is doubted.

IN RECORD TIME OUR "SIX" HAS SOLD ITSELF TO THE NATION. Public opinion has endorsed our own belief in the new Studebaker "Six."

Record sales prove the new "Six" the most popular of all Studebaker cars. East, West, North and South this Six has leaped to instant favor.

The phenomenal sales record of the "Six" is simply the result of unusual value in the car itself. For the new Studebaker "Six" sells itself. We have made strong claims for the new "Six"—claims that have caused a sensation in the motor world. Yet every claim has been proved.

Standard Road Tests reveal the "Six" through a course of sprouts which can neither hide its defects nor exaggerate its virtues—a trial such as not one owner in a thousand would give his car.

This is the plan by which the Studebaker "Six" has sold itself to the nation.
