Company of 40

Best singing chorus on any stage.

### PRICES:

Entire lower floor \$1.50; balcony \$1.00; gallery 50c.  
Seats on sale Saturday, March 13, at Pendleton Drug Co.

## KIAOCHOW MAY GO TO RUSSIA AS REWARD AT CLOSE OF THE WAR

JAPAN MAY TURN OVER PROVINCE WHICH HAS BEEN HELD BY GERMANY.

Czar Likely to Receive Territory in Compensation for Japan Having Taken Port Arthur—Scholar Believes that Russia Will Be Least Hurt by the War.

By BURTON K. STANDISH (Written for the United Press) WASHINGTON, March 10.—Is Russia to get from Japan what Germany is alleged to have stolen,—diplomatically—Russia, namely, the port of Kiaochow? Is Japan to make this return to Russia, her present ally, for having taken Port Arthur?

Rep. W. D. B. Ainey, of Pennsylvania, has such an idea. He recently returned from a rather extensive trip through the Far East, Siberia included. He is impressed with the continued growth of Russia and believes that nation will be least hurt by the war.

"It may be," he says, "that the weight of influence will slip away from Europe, passing beyond the Ural mountains and find lodgment among the peoples of Asia. Out of this war, Russia, with her great resources, is likely to emerge least harmed of any great power. Russia, territorially, is largely Asiatic; ethnologically, she is allied in large measure with the Orient. Russia, slow-moving, ponderous Russia, that has been notching up in all these centuries until she now occupies one-sixth of the land area of the world with 8,417,000 square miles of territory; Russia, extending from the Atlantic to the Pacific and from the Arctic almost to the Indian ocean; Russia with a population of 185,000,000 people, Russia with a railroad extending 6,000 miles across the continents of Asia and Europe; Russia that can put under arms from 22 to 30 million of men; Russia is a factor in the future development of the world. Russia will pour her commercial activities into the Pacific.

"It is interesting to recall that it was Kiaochow, and not Port Arthur, which was Russia's first love. It was almost within her grasp. China had leased Kiaochow to Russia; with it went the concession to build the trans-Siberian railroad through Manchuria, accompanying it there was an undoubted purpose to build the Kalgan railroad from Lake Balkal to Peking. A straight line would take this road to Kiaochow, thus giving Russia her long-desired open port to the Pacific.

"It was about this time that Li Hung Chang made his celebrated trip around the world; he came to Berlin, and Germany became aware of Russia's purpose. The murder of two Lutheran missionaries on the Shantung Peninsula furnished the pretext. Germany seized Kiaochow and Russia swallowed her chagrin, taking Port Arthur as a consolation. This crowded her against Japan. The result is well known. Today Russia and Japan find themselves in accord and where Kiaochow may ultimately land is beyond the ken of any who are content to deal with facts. Certain it is there are evidences of renewed activity in railroad construction in the vicinity of Kalgan."

## HOW THE PIRATES ARE TO LINE UP IS YET MUCH OF A MYSTERY

### HANS WAGNER WILL PLAY AGAIN—THIS MUCH APPEARS TO BE CERTAIN.

But Just Where He is Going to Play. That's Another Question and the Problem—Others Will Play on Base-stand in the Field.

(By a United Press Staff Correspondent.) PITTSBURGH, March 12.—Clarke and his Pirates—and the Pirates before Clarke for that matter—have always been the last of the big league teams to go south when the robins began to chirp and the fans to inquire anxiously about the possibilities of a rise in the price of pop. Consequently, it was generally well into March before any definite idea as to the lineup of the team could be dropped.

This year promises to be an exception in that respect. The prospect is that it will be the middle of April before very much is known. Hans Wagner is going to play again. But where is uncertain. The aforesaid dopesters are certain that that Flying Dutchman will let his sail flap off the CC—means Cemetery Corner, allusion to the dopesters to the extent that he thinks this possible. Fred Clarke opines there is more than a chance that Wagner may be in that charming spot. As for Wagner—nobody home.

And there is still Hinchman, late of Columbus, O. Hinchman will play in right field. That is just as certain as it is that Wagner will play first place. As for the others:

Carey will play in the field. Viox will play somewhere. Adams will pitch and Gibson will catch. Several others will pitch and catch. And others will play bases and field positions. But who they are and what they will do are questions.

The Pirates this year is to be an "experimental team." What this means is conjectural. Pittsburghers hope that it means the Pirates will get somewhere above the beltline in the percentage column. Further than that they have been given no grounds for hope.

Whatever its record in the field may be, the first-to-last-in-two months aggregation has the 1914-15 pennant clinched again. It is the most traveled team in the major league circuit, chiefly because of its half-way position between east and west on the map. Some fans say that were it no so long on the Pullman and diner suit it might be more than half-way in its position in the percentage column. However, they aren't running the team.

Careful censoring of the war-panels shows that the team will "do the usual" in the line of playing at home on Saturday; jumping to some foreign country—Cincinnati, St. Louis or Chicago—for Sunday games and back for the beginning of an at-home series on Monday.

The rebels scored on the Pirates when it came to announcing their roster. While there doubtless will be some of the 25 whose names were given out by Manager Oakes in Pittsburgh whose services will not be used, the Feds, just now, look like this: Rebel Oakes, manager, Homer, La.; Hugh Bradley, lb., Worcester, Mass.; Edward Lennox, ss., Detroit, Michigan; Stephen Yerkes, ss., Milledale, Conn.; James Savage, cf., Camden, N. J.; Jack Lewis, sb., Steubenville, O.; Edward Holly, ss., Rochester, N. Y.; Michael Menoskey, cf., Flint, Michigan; Ken J. Rheim, fb., Bellevue, Ill.; Ralph Mattis, cf., Roxborough, Pa.; Claude Berry, c., Lynn, Ind.; Elmer Knetzer, p., Carrick, Howard Camnitz, p., Louisville, Ky.; Cy C. Barger, p., Columbia, Ky.; Walter Dickson, p., Greenville, Tex.; George McClair, p., Farnham, Quebec; Edward Konetchy, fb., St. Louis; Wm. D. Perritt, p., Riceland, La.; Pat O'Connor, c., Windsor Locks, Conn.; Bunny Hearne, p., Chapel Hill, N. C.; Frank Allen, p., Newborn, Ala.; Frank Diehanty, c., Cleveland; James Austin, fb., Cleveland; Martin Berghammer, ss., Pittsburgh.

Ed Konetchy, Pirate first baseman last year; "Pol" Perritt, pitcher for the St. Louis Nationals last year; Pat O'Connor, Bunny Hearne, Frank Allen, Jimmy Austin and Martin Berghammer are new to the Rebel list. Several are recruits picked up by Fed scouts and it is said that several more will join the team when it goes south.

### EVANS AND SHANNON WILL FINISH TRAINING TOMORROW

Tomorrow afternoon Bobby Evans and Eddie Shannon, who will meet Tuesday night at the Oregon theater, will finish up their training. They will box with their sparring partners several fast rounds and will then rest until the hour comes for them to shake hands and square away. Both boys have been training faithfully and their many friends are expecting a fast, hard bout. Apparently sentiment is about evenly divided, both boys having strong backers and their opponents being neutral in their opinions. Promoter Shav promises that the bout will be conducted in a manner above reproach and that the match will be fought strictly on the

### Sportland Sparkles

"Cap" Rolio Brown, the veteran leader of the Walla Walla Bears, who was incapacitated last year by injuries, may coach the Walla Walla high school team this year, an effort being made to sign him up. The "cap" knows considerable about the game.

Baker not only has a golf links but has a club house and a professional instructor in the pastime. J. T. Canaban arrived Thursday from Sioux City, Iowa, to take charge of the links and to instruct the members in the sport. He is quoted as saying that the links of the Baker Country Club compare very favorably with those in the east.

"Rabbi" Coyote has no more to fear the electric trap than he has a boy with an airgun, according to a letter received from Fred Beck, who with his wife and Glen Bushie, set out some months ago for southern Utah to trap coyotes with an invention which was calculated to elude the animals that tampered with the trap. He declares that up to the time Bushie returned to Pendleton, they had not taken a coyote.

Local golfers are rejoicing over the death of one of the badgers which has been digging pitfalls for their unwary little pellets. The animal evidently ate some of the poisoned wheat and was in its last moments when a party of golfers came upon it Wednesday afternoon. They soon stopped its ebbing career with a few blows from their clubs.

In the new high school trophy room are some mighty interesting pictures of early day athletic teams, the teams which pioneered it here. Some of the members of those teams are prosperous business men and farmers here now and are sending children to school. Incidentally, the gallery is not complete and the school would appreciate the donations of old pictures by such early-day students as have them lying about their homes.

The next clash between the Pendleton and Walla Walla high schools will be in a dual track meet on April 30 and both teams will train hard for the contests. Walla Walla carried away the bacon in football and the basketball honors were divided 50-50. Therefore, to be even for the year, Pendleton must win the track and field meet. Walla Walla high's first meet is with Watsburg on April 17.

The probable lineup of the Pilot Rock team in its St. Patrick's Day game with Pendleton is announced as follows: Royer, ss.; Gilbert on third, Westgate and Clock, first; Dore or Pickett, second; Albrecht, c.; Darling and Kennison, p.; Evans, Balcom, T. Hinkle, Smith, Shafer and Jones, fielders.

An endorsement for Marion Jack, well known Pendleton man, for appointment as eastern Oregon's representative on the game commission, was sent to Governor James Withycombe, from the Milton Rod and Gun club the first of this week. The letter was signed by F. E. Cockburn, president; G. A. Cowl, acting secretary, and T. W. Hewitt, treasurer.

Walla Walla high school's interclass and cross country run will be held Friday afternoon, the course being from Dixie to Walla Walla. Five men from each class will participate, each running two mile relays.

Athena and Weston seem to be flitting with two prospective leagues, the six-county league to be discussed here Monday night and a four club league with teams in Freewater, Milton, Helix, Athena and Weston. The following item appeared in the Weston Leader of this week: "At a baseball meeting held here last Monday evening J. H. Price was unanimously elected as manager of the team which Weston proposes to put into the field this season. This greatness was thrust upon Mr. Price during his absence from town, and he played even by in turn thrusting it upon Clark Wood. A delegation was over from Athena this week per automobile and proposed a strictly amateur league to consist of Helix, Athena, Weston and Milton. Freewater. They say the proposition is received with favor in the several towns and that it is likely such a league will soon be organized."

## ORRINE

FOR DRINK HABIT  
So uniformly successful has ORRINE been in restoring the victims of the "Drink Habit" into sober and useful citizens, and so strong is our confidence in its curative powers, that we want to emphasize the fact that ORRINE is sold under this positive guarantee. If, after trial, you get no benefit, your money will be refunded. ORRINE costs only \$1.00 per box. Ask for Free Book. TALLMAN DRUG COMPANY

## Services at Local Churches

Methodist.  
Sunday school at 10 a. m. Epworth League at 6:30 p. m. Preaching at 11 a. m. and 7:30 p. m. Morning theme, "The Fruitless Life." Text, Mark 11:13. "And when he came to it he found nothing but leaves." Evening subject, "The Healing of Naaman." Text 2 Kings, 5:13. Special music at each service. Chas. A. Hodshire, pastor.

Christian Science.  
Corner E. Webb and Johnson Sts. Services Sunday 11 a. m. and 8 p. m. Sunday school 10 a. m. Subject of lesson sermon, "Substance." Wednesday 8 p. m. The reading room at the church is open daily, except Sunday from 2 until 4 p. m.

Baptist.  
Bible school 10 a. m. Preaching 11 a. m. Subject, "The Bread of Life." B. Y. P. U. 6:30 p. m. Preaching 7:30 p. m. Text, "And the word became flesh and dwelt among us." E. R. Clevenger, pastor.

Presbyterian.  
Corner College and Alta, it opposite the court house. The public is cordially invited to attend the following services tomorrow: Sunday school 10 a. m. Morning worship, 11 a. m. Sermon by the pastor upon the subject, "In the Providence of God." Young Peoples' meeting 6:30 in the church parlor. Popular evening service 7:30. Subject of sermon "The Reasonableness of Religion." A sermon to men and young people. Good music by chorus choir under the leadership of Hal Bishop. Solo by Mayree Snyder. J. E. Snyder, pastor.

## OPEN NOSTRILS! END A COLD OR CATARRH

How to Get Relief When Head and Nose are Stuffed Up.

Count fifty! Your cold in head or catarrh disappears. Your clogged nostrils will open, the air passages of your head will clear and you can breathe freely. No more snuffing, hawking, mucous discharge, dryness or headache; no strugling for breath at night.

Get a small bottle of Ely's Cream Balm from your druggist and apply a little of this fragrant antiseptic cream in your nostrils. It penetrates through every air passage of the head, soothing and healing the swollen or inflamed mucous membrane, giving you instant relief. Head colds and catarrh yield like magic. Don't stay stuffed-up and miserable. Relief is sure.

The wonderful record made by Diamond Tires last year proves that they are right structurally.

It proves that the materials we put into Diamond Tires have the weight, strength and wearing qualities that combine to give the most economical mileage in actual service.

Recently we conducted a test by mail to find out what jobbers and tire dealers had to say about 1914 Diamond Tire records. The hundreds of letters received from them show that Diamond Tires have more than made good.

These letters from dealers in all parts of the country, show that Diamond Tires in 1914 established a service record which stands supreme. We have put these letters into a book. They furnish concrete evidence of the big mileage Diamond users get and the freedom from tire troubles they enjoy.

Write to Akron, Ohio, for this remarkable book of letters. It's a wallop—and we want you to have a copy.

In addition to the extraordinary mileage and freedom from trouble that you get in Diamond Squegee Tread Tires, you can buy them at the following

## FARMERS' ATTENTION!

**FAIRBANKS MORSE & CO.,** have made a big cut in the prices of their Gasoline Engines. For a limited time will make a special proposition to those who are in need of gasoline engines or pumping machinery.

You can buy direct from the Manufactures. Our representative will be at the Hotel Pendleton five days, March 18-19-20-21-22.

If not convenient to call at Hotel, drop me a card or telephone and I will call on you.

**P. B. VANCEL, Salesman**

**Fairbanks Morse Co.**  
95 1st Street, Portland, Oregon

## The Safest Way. The Cheapest Way.

# HOLT COMBINED HARVESTERS

There's a Holt Harvester (either gas or ground power) for every farm.

**D**ON'T experiment. It's expensive and dangerous. Not every Combined Harvester is a Holt—just the successful ones. Holt Harvesters are long past the experimental stage. The design is standard—the improvements added year by year are the finishing touches that add to the owner's convenience and success. Their cut ranges from 12 to 22 feet. Their worth has been proven by years of successful operation and the saving of thousands of dollars to their owners in eastern Oregon and Washington.

This agency alone has delivered over 600 Holt Harvesters with no dissatisfied owners and not a single rejection.

## A Gas Holt Harvester Will Make You More Money

It will save your down grain and save you from 40 per cent to 50 per cent the stock needed to pull your machine. Come in and let us figure with you NOW, as the supply is limited for this season.

### GAS MOTORS CATERPILLAR ENGINES

We have separate gas motors that can be attached to your old ground-driven harvesters. They are of four cylinders and come in 30 and 45 H. P. sizes—also the midget motor weighing under 1000 lbs., for driving small harvesters. The new aluminum base on all these gas motors, this year, make them much lighter.

The traction engine that is the peer of them all. Sizes 75, 60, 45, 30 and 18 H. P. Unequaled for plowing, harrowing, seeding, harvesting, hauling and stationary power purposes. The Caterpillar is the only tractor which takes no account of soil or weather conditions. It works where horses and other tractors are forced to quit.

Necessary Extra Parts Always on Hand.

**E. L. SMITH & COMPANY**
