JOHN KEARNEY, Chief of Police.

SANITARY CONDITION OF CITY WAS NEVER BETTER

DR. TEMPLE AND CHIEF OF POLICE KEARNEY REPORT ON THEIR INSPECTION.

That the city is in excellent condition from a standpoint of sanitation was the announcement made to the council last evening by Acting Mayor Dyer who, in company with Dr. J. U. Temple, health officer, Chief of Police John Kearney, made an inspection during the fore part of the week. They found very little that could endanger the health of the community, he said, but did find back of the business houses some trash and rubbish accumulated. However, the business men, when spoken to, invariably promised to remove the accumulation at once, he said.

This inspection was made in anticipation of the clean-up days set for April 2 and 3. Private citizens are also requested to clean-up their premises, sack the trash and place it along the curbing from where it will be gathered by teams of the city.

Fix Cemetery Rates. The rates for watering the lots at the cemetery during the coming season were fixed last evening at \$4 a lot and \$2 for a single grave for the season. These rates were the same as those of last year.

At the suggestion of the mayor the entire council decided to visit the cemetery this afternoon at 2 o'clock in order to decide upon several matters pertaining to its care and upkeep.

New Lights Ordered. Upon the recommendation of the light committee, the council decided last evening to install a new arc light on Lewis street 100 feet north of Beaugard. The petition for a light at Court and Hazel streets was not allowed, the committee reporting that there were few houses in that locality and that the light company would have to extend its lines quite a distance.

The petition for the removal of a barn on Madison street brought the announcement that the owner had promised to move it at once.

UNIQUE FEATURES ARE PLANNED FOR OPENING OF THE CELILO CANAL

EVERY COMMUNITY OF COLUMBIA RIVER VALLEY PREPARING PLANS.

Seriousness will be mingled with gaiety—At Lewiston Historical Development of the Columbia River will be pictured—How Other Towns Will Celebrate.

PORTLAND, Ore., March 18.—(Special.)—Unique features are planned by all the communities of the Columbia river valley the week of May 5-8, 1915, in honor of the official opening of the Dalles-Celilo canal. The occasion seems more and more to be taking on the character of a gala outpouring of the people, wherein seriousness will be intermingled with gaiety.

At Lewiston, Idaho, on Monday, May 3rd, the program will deal with the historical development of the Columbia river country, featuring the growth of the northwestern states from the time of the discovery of the Columbia river by Captain Robert Gray, the coming of the explorers and the missionaries, down to the present time.

At Pasco and Kennewick, Washington, May 4th, similar historical features will be presented, with the addition of allegorical tableaux illustrating the slogan "Where Rail Meets Sail." Mammoth mogul engines of the Northern Pacific railway will unite with a fleet of river steamers in emphasizing this feature. A great country-side barbecue, in which visitors from the Yakima and Upper Columbia regions will unite with the river cities, will be given.

At Wallula, Washington, May 4th, the city of Walla Walla, assisted by the cities of Garfield, Columbia and Walla Walla counties, will stage a distinctive good roads meeting, interspersed with historical features in honor of old Fort Wallula and the pioneer railroad of the Inland Empire, built by Dr. D. S. Baker.

At Umatilla, Oregon, May 4th, in addition to a great day-time celebration in which all Umatilla county will participate, there will be given at night a splendid marine spectacle, with fireworks and general illumination of the city and waterfront.

At Maryhill, Washington, May 5th, the citizens of Goldendale will meet the good roads enthusiasts and excursionists from the Pacific northwest and whirl them in automobiles over the completed sections of the central Washington highway (a link of the Pacific highway) to the marvelous Klickitat valley, famed as the "Garden of Eden" of the northwest.

At The Dalles and Big Eddy, Oregon, on May 5th, the exercises in honor of the formal opening of the canal will be given, preceded and followed by historical parades, auto trips to orchard districts, and marine features. Special boats and trains will bring to The Dalles on this occasion the greatest crowd in its history.

On May 6th celebrations will be held at Vancouver, Washington, and Portland, Oregon. The latter, as the metropolis of the Columbia valley, will be host to a multitude of people from the Columbia and Willamette valleys. Distinctive features are being prepared for the occasion, among the number being a banquet and reception in honor of distinguished visitors by the commercial, business men's clubs and other societies.

May 7th the celebrations will continue at Kalama, Washington, and Astoria, Oregon. At the latter city the visitors will be shown the government jetties and dredgers, the great railway and municipal docks and the other attractions of the Columbia harbor, together with side trips to the seaside resorts of the Oregon coast.

Miss Ardis Callison entertained a number of her friends last night at her home on East Railroad street with a very enjoyable party in honor of St. Patrick.

The rooms were decorated with green crepe paper and green lights, which kept the guests constantly re-
