

PUT CREAM IN NOSE AND STOP CATARRH

Tells How To Open Clogged Nostrils and End Head-Colds.

You feel fine in a few moments. Your cold in head or catarrh will be gone. Your clogged nostrils will open. The air passages of your head will clear and you can breathe freely.

Tell your druggist you want a small bottle of Ely's Cream Balm. Apply a little of this fragrant, antiseptic cream in your nostrils let it penetrate through every air passage of the head; soothe and heal the swollen inflamed mucous membrane, and relief comes instantly.

It is just what every cold and catarrh sufferer needs. Don't stay stuffy, go up and miserable.

Teeth May Identify Man. APERDEEN, Wash., March 9.—Identification of the body washed up by the sea at Westport as that of Jack French, employe of the Crescent Bottling Works, who has been missing since November, may be made by his wife from gold dental work in the man's mouth.

A son of E. C. Rohrbacher, of Chehalis, believes the body to be that of his father and the teeth were sent to Kelso for inspection by a dentist who had done work for the elder Rohrbacher. The dentist said none of the work had been done by him and that the body is that of Rohrbacher has been abandoned.

It isn't a secret if a woman hesitates in the telling of it.

SPORTS

ATHLETES TOLD TO KEEP THEMSELVES IN HAPPY MENTAL STATE

COACH LIVINGSTON OF HIGH SCHOOL GIVES ADVICE TO TRACK MEN.

Congenial Frame of Mind Keeps Body Free From Nervous Strain He Says—Every Available Moment Should be Spent on Field in Training for Coming Season.

Coach Livingston of the local high school has an individual way to begin a successful track season, which is entirely new to the athletes who have been representing the high school in previous meets. First, Mr. Livingston suggests that the mind shall be in a congenial and happy state, that the body might be relieved of any possible nervous strain. Second, the athletes must spend every moment available on the athletic field in training, and last of all he must appear at the meets as a clean liver, a well-developed man, full of energy and courage to do his best in every thing he undertakes.

Mr. Livingston began his policy yesterday forenoon, in an enthusiastic meeting of the track men which they opened by singing a few good old lively songs, as "It's a long, long way to California," etc., which seem to put one into a good happy frame of mind.

Following the songs, Mr. Livingston gave the boys all a good talk on the secrets of track, and extended encouragement to the new men, who have come into the high school during the year, to get out on the field and see what they were really made of.

Following Livingston's talk, a number of the old athletes were called upon to express their opinions, including such men as West Mimms, who began green at the job last spring and wound up by winning first place in the Eastern Oregon track meet last year in the javelin, and also making a new northwest record, with that feature of the track meet, Charley Gordon, Ned Fowler, and other men contributed their ideas, and extended their encouragement to the Freshmen to come out and get in the game.

As a final address to the meeting, Professor Hampton, delivered a short talk, which he declared he had delivered every year since he had been connected with the school. He reminded the men of such fellows as Chester Fee, and Chester Gordon who have made such splendid records on the athletic field.

Emil Seibert, manager of the track team for this year, then submitted the following official program for the season to the students: Beginning with March 25th, there will be a medley race at the Round-up park. On April 9th, will be the annual interclass meet, in which the best athletes will be chosen to represent the high school in its interscholastic meets. April 15th, will occur a four mile relay race at the local Round-up park, between the most efficient long distance men in the school. April 23rd, it is expected that there will be an interscholastic dual meet between Walla Walla high and Pendleton high. This however, is a rather doubtful date. Then on May 1st, comes the great annual Eastern Oregon interscholastic track meet, to be held this year at La Grande. There may be some exhibition meets after this, as there is a chance of the best men going to the state interscholastic meet at Eugene, Oregon.

Oldfield Wins Grand Prix in a Grand Sprint

FAMOUS RACER TEARS PAST LEADERS IN 300 MILE ENDURANCE TEST.

VENICE, Cal., March 15.—Barney Oldfield won the St. Patrick's day grand prix 300-mile race here yesterday. William Carlson was second and C. E. Ruckstell third. Official time was: Oldfield, 4:24:09 2-5; Carlson, 4:24:43 3-5; Ruckstell, 4:27:27. Of the 19 cars that started 12 finished. Oldfield, who did not stop once during the race, was fifth from the fourth to the 92d lap. He moved up to fourth at this point, with Carlson third. Then Dave Lewis and Eddie Hearne, who had been leaders for mile after mile, suffered engine and tire trouble in the 96th lap, and Oldfield

opened up for the final sprint. Carlson could not hold him, and the veteran took the lead, finishing the 97 laps a mere matter of seconds in front of Carlson, while Ruckstell, a leader until Lewis overtook him in the 63d lap, slid into third place. John Marquis was fourth.

Ed Rickenbacher, who jumped out in front at the start, maintained the lead for nearly half the race before he was ordered out with a burst radiator.

Marquis figured in the only track accident of the day. J. N. Ortiz, aged 72, a spectator, stepped out upon the course and Marquis, tearing along at more than 70 miles an hour, could not swerve his speeding machine entirely out of the way. The car struck the old man, severing his left leg and hurling it 60 feet. Despite his injuries surgeons at the hospital to which he was taken declared Ortiz probably would recover.

Pilot Rock Wins in Pre-Season Game by Close Score of 3-2

PENDLETON TEAM GOES DOWN TO DEFEAT AFTER CLASSIC CONTEST.

If the pre-season game played yesterday afternoon at Pilot Rock between the team of that burg and a Pendleton team is any indication of the class which is to be offered during the season of the Blue Mountain league, then Umatilla county fans will see some real exciting contests. Pilot Rock grabbed the St. Patrick's Day game by a 3 to 2 score but the winning run did not come home until the last of the ninth.

The players on both teams showed the results of their hibernation, especially at the bat but, nevertheless, the big crowd that resulted from the suspension of all business got its money's worth. "Lefty" Schroeder, portside flinger of the Western Tri-

state, started in the box for Pendleton but after four innings retired in favor of McGarrigle who in turn was supplanted by Webb, a spitball hurler who at one time tried out with the Chicago White Sox. Darling twirled the entire game for the Rock with Albrecht on the receiving end. Peterson started at backstop for Pendleton but gave up his place to Roscoe Vaughan.

Pendleton slipped over her first score in the initial frame, Augustus negotiating the circuit partly through good fortune and part through his fleet feet. Pilot Rock promptly evened matters up through the well known slugging abilities of Town Marshal Pickett. Though "Lefty" had been warned of the wallop this husky carried in his bat he did the same thing he did one or twice with Sheeley of Walla Walla at the bat last year. He sailed an offering down the groove and the village copper clouted it so far into the alfalfa fields that he made the round trip before the pill was retrieved.

The game went at one and one for several innings and then it jumped to two and two, remaining there until the ninth. Several times the Pendleton team was in striking distance of home, once with the bases full, but Darling was equal to the emergencies. In the last of the ninth with one man on, the Pendleton team, starting with the catcher, began to give a demonstration of wild heaving and this it was that resulted in the winning tally.

The game was umpired by L. D. Drake of Pendleton. The Pendleton line-up was as follows: Schroeder, McGarrigle and Webb, pitchers, Peterson and Vaughan, catchers, Peters 1 base, Varian 2 base, Augustus, shortstop, Siebert, 3 base, Knight centerfield, Parlett, left field and Rogers, right field.

Sportland Sparkles

With high hopes of getting in the money, the members of the Pendleton bowling team left this morning for Spokane to contest in the northwest bowling tournament. The team is composed of Captain F. J. McMonies, Loren Hoover, Fred Book, Omar Stephens, Pat McDevitt and Jake Myers. In practice these men have rolled over 3000 several times in three games and, if they can hit that stride at Spokane, they should grab off some of the velvet.

Walla Walla high school will send two men to San Francisco to compete in the Pacific coast interscholastic track and field meet there on April 9 and 10. Magrinn, hurdler, and Jaycox, broad jumper, are the strongest bidders for the trip. If Stanford, Montana, sports a baseball team this year, the fans have a sensation awaiting them.

Pal! Listen to this:

Prince Albert is the one pipe tobacco that gets right under the epidermis of the most veteran pipe smoker. Men who have become case-hardened to tongue tortures are falling in line along with young fellows who are just getting pipe broke. Men everywhere love the ripping good flavor and fragrance of

PRINCE ALBERT

the national joy smoke

but what they like most is P. A. peacefulness. They like the absence of the tongue and throat suffering, taken out of P. A. by our famous patented process. P. A. is sold in the tidy, pocket-handly red tins, 10c; toppy red bags, 5c; also in pound and half-pound tins; but the pound crystal-glass humidor is the jim-dandy package for home and office use. You go to it!

You can buy any of these at any store that sells tobacco.

Fortified Tires

Span the Way from Trouble

Goodyear tires have bridged the way for countless men to less trouble and tax. And those men, by their endorsement, brought our last year's output up to 1,479,883 tires.

Why do you suppose that Goodyears hold top place—you who use other tires? They have held that place for years, outselling any other.

The only reason, as you must know, is that Goodyears average best. And that's how they are bound to win you.

The Super-Tire

They are not trouble-proof. Mishaps come to them, misuse affects them, much like other tires.

But Goodyears are Fortified

Tires. They protect you in five ways employed by no other maker. They combat five major troubles in unique

ways, exclusive to Fortified Tires. These five extra features cost us our fortunes. One alone—our "On-Air" cure—costs us \$450,000 yearly. But they save Goodyear users millions of dollars yearly. They avoid countless troubles for them.

Lower Prices

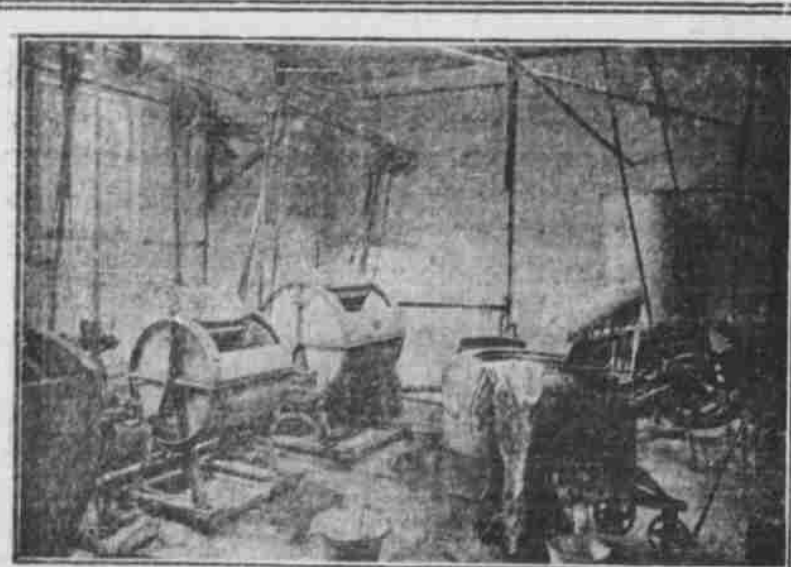

On February 1st we made another big reduction. That makes three in two years, totaling 45 per cent. We are giving you, through mammoth production, the best tire value ever known.

Please prove this, for your own sake, by the tire itself. The following Goodyear Service Stations will supply you:
