WELL-BELOVED WOMAN HAD BEEN RESIDENT OF THIS COUNTY SINCE 1907.

Had Been Twice Married—Had Been Devoted Member of Methodist Episcopal Church Since Early Girlhood—Rev. Fawcett of Stanfield Conducts Funeral Services.

(Special Correspondence.) ECHO, Ore., March 19.—Yesterday at 11 o'clock a. m. occurred the funeral of Mrs. Rebecca East, who died on Wednesday morning.

Mrs. Rebecca J. East was born in De Witt county, Ill., November 15, 1846, being 68 years, three months and 25 days at the time of her death.

She was married November 21, 1865, to Thomas Burton at Bloomington, Ill. To this union were born five children, only two of which are living, W. A. Burton of Stanfield, and Mrs. C. J. Mikesell of Brush Prairie, Wash.

Mr. Burton died August 17, 1876. On December 3, 1877, his widow was married to R. E. East of Butler, Mo., where they resided until 1907, when they came to Oregon and settled in Grant county. In 1907 Mr. and Mrs. East came to Echo and made their home. On October 1, 1910, Mr. East passed away.

To Mr. and Mrs. East were born three children, Mrs. S. E. Mikesell, Mrs. R. L. Watson and Mrs. Evelyn Skinner, all residing at Echo.

Some Forms of Rheumatism Curable Rheumatism is a disease characterized by pains in the joints and in the muscles. The most common forms are: Acute and Chronic Rheumatism, Rheumatic Headaches, Sciatica Rheumatism and Lumbago. All of these types can be helped absolutely by applying some good liniment that penetrates. An application of Sloan's Liniment two or three times a day to the affected part will give instant relief. Sloan's Liniment is good for pain, and especially Rheumatic Pain, because it penetrates to the seat of the trouble, soothes the afflicted part and draws the pain. "Sloan's Liniment is all medicine." Canadian Soldier Honored. WINNIPEG, Man., March 12.—Lance Corporal Michael O'Leary, First Battalion of the Irish guards, who has been awarded the Victoria cross, is a veteran member of the Royal North Mounted Police, enlisting as a reservist last August. He is a big strapping good natured Irishman, popular with both officers and men. The exploit for which he has just been distinguished occurred February 1, when forming one of a storming party which advanced against the enemy's barricades, he rushed to the front and himself killed five Germans who were holding the first barricade, after which he attacked the second barricade about 50 yards farther on which he captured after killing three or the enemy and making two more prisoners. O'Leary thus practically captured the enemy's positions by himself and prevented the rest of the attacking party from being fired on.

Divorce Called Luxury. NEW YORK, March 12.—Dr. William T. Manning, rector of Trinity Church, which is considered the wealthiest church in New York, if not in the country, in a sermon in that church asserted that divorce was the "shameful luxury of the rich and well-to-do."

"The poor man," Dr. Manning said, "cannot afford divorce, and so he simply follows the example of the illustrious names he reads about in the papers and deserts his home. That is his way of accomplishing the same thing the rich man can accomplish by law."

Salmon Day on Coast. SAN FRANCISCO, March 12.—This is Salmon Day on the Pacific coast.

In recognition of one of the great industries of the whole coast country, banquets and luncheons are being held in all the larger British Columbia and Pacific coast cities. Dining cars and steamships running into and out of this city served a canned Salmon menu.

This is the third annual observance of canned salmon day. The idea of the observance is to foster and encourage the salmon industry.

Admiral's Flag Hoisted. SAN DIEGO, March 12.—Rear-Admiral Thomas B. Howard hoisted the four-starred blue flag of admiral of the fleet on the armored cruiser Colorado, flagship of the Pacific fleet. The flag saluted with 17 guns by the Colorado and immediately afterward by the protected cruiser New Orleans, the only other saluting warship in port at this time.

By this act for the first time in nearly a century the United States has an admiral of the fleet as commander-in-chief in the Pacific.

California Drops Greek. BERKELEY, Cal., March 11.—The Board of Regents of the University of California consolidated the three colleges of letters, natural and social sciences, thus eliminating the study of Greek as part of the curriculum for a degree of Bachelor of Arts.

California is the last of the conservative universities of the country to eliminate the ancient Greek language as a requirement for the degree of bachelor of arts.

## SOCTEER

Of much interest to the members of the Thursday Afternoon Club was the meeting yesterday afternoon at the home of Mrs. E. T. Wade on Bush street. The subject for the afternoon was "Modern Artists and Their Work." Sketches were given of present-day artists and of the artists of former years who had influenced them. As their pictures were described they were thrown upon a screen by Mrs. G. I. La Dow with unusual effect. Many of the pictures were copies of the originals in the original colors.

The program for the afternoon was as follows: "Modern Artists of America" Mrs. George Hartman, Jr.

Three songs, "Mammie's Lullaby" (Sidney Homer); "Banjo Song" (Homen); "Heap o' Lickin'" (Clark), Mrs. J. E. Dickson.

"Modern Artists of Europe," Mrs. A. J. Owen.

"Mural Decorations," Mrs. A. L. Schaefer.

Mrs. E. L. Smith arrived home last evening from Portland to which city she accompanied her mother recently. She was a guest of her daughter, Mrs. Thomas Vaughan.

Mrs. Alexander Sterrett of Walla Walla is at Nolin as a guest of Mrs. Dale Slusher until Sunday.

Mrs. Wilson E. Brock is confined to her home by a slight illness.

Mrs. Gilbert W. Phelps and her father, Mr. Hart, left last evening for La Grande where this evening they will attend the Felice Lynde concert.

Miss Ada Matthews is at St. Anthony's hospital recovering from an operation which she underwent a few days ago.

Students Are to Enlist. SAN FRANCISCO, March 19.—War spirit is running high about the students of the University of Toronto, Canada, according to a letter received here from Professor George Tyler Northrup, which says:

"We are quite in the thick of war here and may close several weeks early to permit our students to enlist in the third contingent. Eighteen hundred of them are drilling every day."

Refiners to Be Put Out. WASHINGTON, March 16.—Secretary Lane announced after the cabinet meeting that he had entered into a contract with private interests to build a \$250,000 plant to handle the invention of Dr. Walter G. Rittman of the bureau of mines—a process for the manufacture of gasoline, dyestuffs and explosives.

Secretary Lane, acting as trustee for the government, has already applied for patents on Dr. Rittman's invention. Later he will announce details of the plan for utilizing it.

Dr. Rittman's invention has been explained to several manufacturers and is expected to cheapen the manufacture of a number of articles.

IN SUCH PAIN WOMAN CRIED

Suffered Everything Until Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Florence, So. Dakota.—"I used to be very sick every month with bearing down pains and backache, and had headache a good deal of the time and very little appetite. The pains were so bad that I used to sit right down on the floor and cry, because it hurt me so and I could not do any work at those times. An old woman advised me to try Lydia E. Pinkham's Vegetable Compound and I got a bottle. I felt better the next month so I took three more bottles of it and got well so I could work all the time. I hope every woman who suffers like I did will try Lydia E. Pinkham's Vegetable Compound."—Mrs. P. W. JANSSEN, Box 8, Allyn, Wash.

Why will women continue to suffer day in and day out or drag out a sickly, half-hearted existence, missing three-fourths of the joy of living, when they can find health in Lydia E. Pinkham's Vegetable Compound?

For thirty years it has been the standard remedy for female ills, and has restored the health of thousands of women who have been troubled with such ailments as displacements, inflammation, ulceration, tumors, irregularities, etc.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

Two Generals Wounded. PARIS, March 16.—An official statement issued by the war office says: "In the course of an inspection of an enemy first-line trench 30 meters (about 90 feet) away, General Mandary, commander of one of our armies, and General de Villaret, commander of one of the corps of his army, were wounded by bullets. They were examining the German line through an embrasure. "The doctors have not yet given an opinion on the gravity of their wounds."

Captured Vessels Sold. LONDON, March 18.—The first steamer captured from the Turks, the Bimbashi Rizza Bey, 1393 tons gross, was sold at public auction to a Liverpool owner for \$65,250.

Three German sailing vessels attracted spirited bidding from Norwegian and British buyers and good prices were obtained. The Urania was sold for \$32,500 to a British owner.

The Melpome brought \$26,250 and the Vignella \$17,500, going to a Norwegian buyer.

To such an extent has the Admiralty taken over steamers that many of the regular lines have had to charter outside vessels to keep their regular service going. Several of the North Atlantic lines have chartered vessels for their services to the United States. Some of the regular sailings have been dropped and others have been arranged "subject to government requisition."

Spain Expects Intervention. PARIS, March 18.—That "anarchy in Mexico and the crimes committed to make intervention by the United States almost inevitable," is a statement credited to Premier Dato, of Spain, in a dispatch to the Petit Journal from its Madrid correspondent.

The premier is reported to have said that the Spanish government had decided not to maintain diplomatic relations with Mexico until the situation there again is normal and will decline the invitation of General Carranza to send a representative to act

an successor to Minister Caro, who was expelled from Mexico.

A dispatch from Madrid on March 18 said that the Spanish government had published a note outlining the negotiations with General Carranza, which grew out of the expulsion of Minister Caro. It was said that Spain had accepted in principle the explanations offered by Carranza and probably would send Manuel Wallis Merino to Mexico as its confidential agent.

Dutch Omit Celebration. THE HAGUE, via London, March 18.—Although this was the centenary of the transformation of the Netherlands into a kingdom under William I, the Dutch nation did not celebrate the event. On account of the condition of the war prevailing in Europe, it was decided not to hold a national festival.

Now, as in 1815, Holland is surrounded by nations at war, but, it is announced, is determined, as then, to keep the strictest neutrality and at the same time to be prepared with its whole military and naval strength as a nation to prevent violation of its territory from any quarter, thus upholding the royal family's motto: "It will maintain."

Larceny Charge Pressed. LA GRANDE, Ore., March 18.—Fred Williams, a young man of this city, for some time employed in the La Grande National Bank, has been bound over to the grand jury on \$1000 bail, on a charge of larceny.

The charge against him is preferred by bondsmen for the La Grande National Bank employees, under which Mr. Williams was bound when an employee of that institution. He had charge of the inactive accounts of the bank when employed there and in this time is alleged to have taken in the neighborhood of \$1000.

While nothing definite is made known, it is understood that Williams may not make much of a defense before the grand jury. He has a wife and two small children.

Hearing Moved to Baker. LA GRANDE, March 18.—Having heard the testimony of local real estate men, contractors and others regarding the valuation of buildings, ditches, water power and other property in Union county now owned by the Eastern Oregon Light & Power Company, the railroad commission adjourned and moved its rate hearing to Baker, where the hearing will be concluded.

The commission's schedule of valuations is averaging less than the company's figures. Elgin, La Grande and Baker attorneys will follow the commission to Baker.

Bigamy Charge Pressed at Astoria. ASTORIA, Ore., March 18.—The preliminary examination of Lloyd C. Robinson, on information charging him with bigamy, was held in the justice court and the defendant was held to await the action of the circuit court grand jury, with bonds fixed at \$150.
