BUFFEDS WILL MAKE STRENUOUS BID FOR FEDERAL PENNANT

ON PAPER THEY LOOK ABOUT AS STRONG AS ANY TEAM IN THE LEAGUE.

If the Dope is Straight They Should Be Biting the Heels of the Leaders All the Way—Russell Ford is Mainstay of Buffeds—Best Flinger in League Last Year.

(By a United Press Staff Correspondent.)

BUFFALO, March 19.—Larry Schlafly and his crew of battin' Buffeds are going to put in a mighty stiff bid for Jim Gilmore's pennant this season. On paper they look about as strong as any club in the league and should, if the dope holds good, be up there biting the leaders' heels all the way. Buffalo is certainly pulling for them to perform thusly and is rather expecting it.

The team was a good one last year—not a pennant winner, but up their batting the pace setters, and it has been strengthened quite a bit during the winter's raiding.

A great deal of the Buffeds' chances for the pennant rests on Russell Ford, one time Yankee, and the best flinger in the third league last season. Ford's comeback was one of the features of the late lamented 1914. He bowled 'em over right and left, winning 21 and losing only six. Hugh Bedient was added to the staff during the winter. He's a good pitcher; no one can deny that, not even Belligerent Byron Bancroft Johnson from whose backyard he hurred. These two, in form, are going to prove mighty strong arguments against elevated batting averages.

Another pitcher whom Schlafly is expecting much of is Howard Ehrlich, a coast youngster. The boy comes with a mighty sweet record for his first year as a professional. His first shot at league ball last season was with Los Angeles and he pitched forty games, winning 21 and losing 19. Not exactly rotten for a rookie. Fred Anderson, Gene Krapp, Heine Schultz, were all with the

Buffeds last year and did creditable work. Completing the staff are Robert Brown and Courtenay Woodman, two recruits.

Nick Allen and Walter Blair, both with the club last season, form the receiving corps. The Buffeds look a little weak in this department as neither man got above .240 in the batting marks last season. Schlafly looks pretty snugly fortified in the infield and outfield. On first base he has the incomparable Hal Chase. The Prince doesn't need any of this "we have with us tonight" stuff to introduce him. Suffice it to say he stung the Federals' ball last season for .354 and picked 'em off around the corner for a fielding total of .981.

Sportland Sparkles

A few years ago Ed Averill used to ride a pretty sorrel horse about Pendleton. "Burke," he was called. A year ago, thinking the animal getting too old, Averill sold him to Tracy Layne for \$100. Layne, who is a professional horse trainer, soon had converted "Burke" into a polo pony and shipped him to California where he brought \$200. Now he has a reputation all over California among poloists and they are crying for Burke like him. He will be taken to the polo matches at the San Francisco fair by his present owner who wouldn't part with him for several times the amount he paid. Layne intends leaving soon for California on a business mission and if he can find any more "Burkes" he will take them along to help finance his trip.

The Pendleton Tennis Club is now putting a clay sod on its courts at Round-up Park and expects to be ready for play within a short time. The clay was secured from Weston.

"George Naughton has made quite a hit with McCredie and it is going to be a hard job to keep him out of the game," says R. A. Cronin in the Portland Journal. "He takes as long a lead off first as Jimmy Johnston and has had all the infielders that he has played against pretty much worried. Kieper and Reb Russell were industriously engaged in driving him back to first, but it tired them just as much as it did him. McCredie figures he will hit around .250 in the coast league and if he did that he would be an ideal lead-off man for the Champions."

In the story of the game between Portland and the Chicago White Sox occurs this paragraph: "Bobby Coltrin played a careful game at short but did not hit and Naughton stood up under a line drive from Baker's bat in the ninth that was a terror. In fact, Naughton has been playing such a game that Jim Scott told McCredie he wished that George was playing third on the Chicago club. That's the way the major leaguers regard this boy. He has caused more worry to the Chicago batters than all the other players combined."

(Special Correspondence.)
UKIAH, Ore., March 19.—Showers fell all day, Tuesday, which were a great benefit. Most of the farmers are plowing on the high ground, and in a few days all will be busy putting in their crops. Hay is still plentiful in Camas Prairie, and stock of all kinds have wintered well, and are in good condition to be turned on the range some have already been turned out. No loss of stock at all through the winter, only those that died from tables.

The rabid coyotes are becoming so numerous that the stockmen fear a great loss among their stock when they are turned on the range. Reports come in almost daily of the coyotes appearing at the ranches, biting dogs, chickens, hogs and cattle and horses. Parents are afraid to send their children to school on foot.

OLD-TIME GOLD CURE—DRINK HOT TEA!

Get a small package of Hamburg Brewster Tea, or as the German folks call it, "Hamburger Brust Thee," at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teaspoon full at any time during the day or before retiring. It is the most effective way to break a cold and cure grip, as it opens the pores of the skin, relieving congestion. Also loosens the bowels, thus breaking up a cold.

Try it the next time you suffer from a cold or the grip. It is inexpensive and entirely vegetable, therefore safe and harmless.

As M. E. Sturdivant was driving into Ukiah from his farm Thursday noon, he met with an accident which came near being a serious one. He drove through a gate, and when he stopped the team, a tug came unhooked and while he was fixing it one of the horses threw his head down and the bridge rein dropped and when he went to put it back the horse jumped forward knocking him off his feet, but he kept his hold on the horse's bit and the horse fell bruising Mr. Sturdivant pretty bad.

FRIENDSHIP OF DAMON-PYTHIAS WILL BE TOLD

LECTURE WILL BE ILLUSTRATED HERE MONDAY EVENING AT OREGON THEATER.

The thrilling and dramatic story of the immortal friendship of Damon and Pythias will be told to a Pendleton audience next Monday evening at the Oregon Theater by George W. Penniman who is admittedly better qualified than any living person to relate this tale of 2200 years ago. Not only will he tell the story but he will illustrate it with 150 colored stereoscopic views of the scenes where the story was laid.

Mr. Penniman is the past grand chancellor of the Massachusetts lodge Knights of Pythias and he will present his entertainment here Monday evening under the auspices of Damon Lodge of this city which is one of a number of northwest lodges defraying the expenses of his western trip. The lecture will be free to knights and their friends by invitation.

Mr. Penniman has made two trips to Syracuse, Sicily, the scene of the story of Damon and Pythias. While there he investigated every source of information at hand for further light upon the tradition upon which the Knights of Pythias is founded. He took many pictures of the scenes there and, in traveling over Europe, conducted his researches wherever he found a lead. The result, which he has incorporated in "The Story of Pythian Knighthood" is said to be history, art, romance, beauty, patriotism and fraternity welded together into a most entertaining and instructive whole.
