An easier way is to get the ready to use tonic, costing about 50 cents a large botle, at drug stores, known 's "Wyeth's Sage and Sulphur Compound," thus avoiding a

lot of muss. While wispy, gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractive ness. By darkening your hair with Wyeth's Sage and Sulphur, no one can tell, because it does it so natur ally, so evenly. You just damped a spenge or soft brash with it and draw this through your hair, taking orc small strand at a time; by morning all gray hairs have disappeared After another application or two your hair becomes mautifully dark, glossy, soft and luxuriant and you appear years younger.
