**WORK BEGINS ON NEW
STATION AT CHICAGO**

CHICAGO, March 23.—Thousands
of unemployed men were put to work
today on Chicago's mammoth new
Union station a \$65,000,000 project,
which will be completed December
18, 1918, according to plans. The
new plant will house the Pennsylvania
lines, the Chicago, Milwaukee and
St. Paul, the Chicago, Burlington and
Quincy, and the Chicago and Alton.
It does not mean a consolidation of
any of the railroad terminals, simply
of the replacing the structure at Ad-
ams and Canal streets with a great
plant.

The erection of the station em-
braces several difficult engineering
feats, chief among which is the
straightening of the Chicago river
for several blocks. The new station
is going up to the south of the pre-
sent one, occupying the blocks be-
tween Adams and Jackson streets, a
space two blocks east and west and
one block north and south. Besides
three freight terminals the plans call
for 26 tracks in the passenger ter-
minal, 20 more than the present sta-
tion has. The Northwestern Station

Measure Provides \$25,000,000 in Lump
Sum to be Expended Under the Di-
rection of the Secretary of War to
Maintain Existing River and Har-
bor Projects.

WASHINGTON, March 23.—(Speci-
al).—“As I see it friends of waterways
have no reason for discouragement in
the present situation.” So said Hon.
Joseph E. Ransdell, senior United
States senator from Louisiana, presi-
dent of the National Rivers and Har-
bor Congress, and one of the strong-
est believers in, and advocates of, the
improvement of waterways in the
country. “The Rivers and Harbors
bill which has just been enacted,”
continued Senator Ransdell, “is a very
much more comprehensive measure
than is generally understood. In the
first place, it provides a direct lump
sum appropriation of \$25,000,000, to
be expended under the direction of
the secretary of war and the super-
vision of the chief of engineers in or-
der to maintain existing river and
harbor projects in condition to give
best service and for prosecuting im-
provements thereon.

Other Projects Included.
“It has not always been possible to
expend the funds provided for river
and harbor work within the year that
they are appropriated, so that there
is always standing to the credit of
certain projects sums of money
which are not immediately, no, in the
second place, the bill authorizes the
secretary of War, upon the recom-
mendation of the chief of engineers,
to transfer such funds to other pro-
jects for which money is immedi-
ately needed, up to a total of \$5,000,000.

“Furthermore, the Sundry civil bill
carries nearly \$4,000,000—\$2,882,000,
to be exact—for the projects which
have been placed under continuing
contracts. In addition, the bill au-
thorizes the beginning of work on a
number of projects which have been
held in abeyance until the conditions
attached to the appropriations made
for them have been complied with.
\$36,000,000 Available.

The amounts thus authorized are
upwards of \$1,000,000, so that we
have a total of between \$35,000,000
and \$36,000,000, which will be avail-
able for river and harbor work dur-
ing the coming fiscal year. When we
consider present financial conditions
and the shortage of money for all
purposes, private as well as public,
this is a fairly satisfactory sum and
it is far larger than the average an-
nual appropriations for waterways
ten years or even five years ago.

here, regarded as one of the most
modern in the world, has only 15,
the Pennsylvania in New York only
17. The Union Station in Washing-
ton has 33, only 15 of which, how-
ever, are in use.

The main building will be ten
stories and have three sub-basements.
It will be an imposing looking struc-
ture with great massive columns and
will cost \$6,000,000 exclusive of land,
seds, power plant and interlocking
costs.

**500,000 RAZORS ARE
ORDERED FOR TROOPS**

PARIS, March 2.—(By Mail to New
York)—An order for 500,000 razors
has just been placed by the British
government with the French cutlery
factories at Thiers. They are for part
of the personal equipment of the new
troops now being organized in Eng-
land. When the war broke England
discovered that in spite of her own
immense cutlery factories there was
hardly a razor to be had in all Eng-
land that did not bear the mark
“Made in Germany.” The soldiers
themselves refused to carry these and
the government called on the French
factories to help it out of the predic-
ament.

**PARIS EXPECTS RAID
BUT NONE DEVELOPS**

PARIS.—The war has not interfered
to the slightest extent with the
nourishment of babies at Paris. Pro-
fessor Pinard has just reported to the
Academy of Medicine that with the
opening of hostilities and that with
the taking of precautions for insur-
ing the food supply of Paris, espe-
cial measures were taken to make
certain that the food elements for
babies should not be lacking either in
quality or quantity. So successful
have these measures been that the in-
fant mortality during the seven
months of the war has been less than
it was in either of the two preceding
years.

of possible danger to those who re-
mained in the streets was ignored.

Skin Cleared
By D. D. D.**

Mayor Chapman of Ellis, Kansas,
courteously says he will answer any
letters written him relative to his truly
marvelous cure of skin trouble with
the D. D. D. Prescription.

Mayor Chapman writes: “I think
how I suffered last winter, how I could
do no work. I was covered with ter-
rible blotches, sometimes weeping wa-
ter, sometimes worse. Blotches some-
times 18 inches in diameter. FEARFUL
ITCHING. It was only accidentally
that I learned of the famous specific
D. D. D. I write this in all gratitude
for what D. D. D. has done for me.”

Results from the use of D. D. D.
are immediate. The first, soft, cool
touch and the itch is gone.
Pimples, rashes, dandruff, disappear
over night. Hard crusts and scales,
raw scorching sores, salt rheum, tetter,
no form of skin disease resists.
All druggists have this famous
specific on hand.

If you will come to us we will sell
you the first bottle on the guarantee
that it will reach your case or your
money refunded. You alone to judge.

**DRINK HOT TEA
FOR A BAD COLD**

Get a small package of Hamburg
Breast Tea, or as the German folks
call it, “Hamburger Brust Tee,” at any
pharmacy. Take a tablespoonful of the
tea, put a cup of boiling water upon
it, pour through a sieve and drink a
teacup full at any time during the
day or before retiring. It is the most
effective way to break a cold and cure
grip, as it opens the pores of the skin,
relieving congestion. Also loosens the
bowels, thus driving a cold from the
system.

Try it the next time you suffer from
a cold or the grip. It is inexpensive
and entirely vegetable, therefore safe
and harmless.

**RUB BACKACHE AND
LUMBAGO RIGHT OUT**

Rub Pain and Stiffness away with
a small bottle of old honest
St. Jacobs Oil

When your back is sore and lame
or lumbago, sciatica or rheumatism has
you stiffened up, don't suffer! Get a
25 cent bottle of old, honest “St.
Jacobs Oil” at any drug store, pour a
little in your hand and rub it right
into the pain or ache, and by the time
you count fifty, the soreness and lame-
ness is gone.

Don't stay crippled! This soothing,
penetrating oil needs to be used only
once. It takes the ache and pain right
out of your back and ends the misery.
It is magical, yet absolutely harmless,
and doesn't burn the skin.

Nothing else stops lumbago, sciatica,
and lame back misery so promptly!

LIFE INSURANCE COMPANIES

They Are Closely Observing Public
Health Conditions

An examining physician for one of
the prominent life insurance com-
panies, in an interview on the sub-
ject, made the astonishing statement
that one reason why so many appli-
cants for insurance are rejected is
because kidney trouble is so common
to the American people, and the
large majority of those whose appli-
cations are declined do not even sus-
pect that they have the disease.

According to this it would seem
that a medicine for the kidneys, pos-
sessing real healing and curative
properties, would be a blessing to
thousands.

Dr. Kilmer & Co., Binghamton, N.
Y., who prepare Dr. Kilmer's Swamp-
Root, the well known kidney, liver
and bladder remedy, claim that judg-
ing from evidence received from
cruggists everywhere, who are con-
stantly in touch with their custom-
ers, and also indisputable proof in
the form of grateful testimonial
letters from thousands of reliable
citizens, this preparation is remark-
ably successful in sickness caused by
kidney and bladder troubles. Every
interesting statement that they re-
ceive regarding Swamp-Root is in-
vestigated and no testimonial is pub-
lished unless the party who sends it
is reported of good character. They
have on file many sworn statements
of recoveries in the most distressing
cases. They state that Dr. Kilmer's
Swamp-Root is mild and gentle in
its action and its healing influence
is soon noticed in most cases.

Swamp-Root is purely an herbal
compound and Dr. Kilmer & Co. ad-
vise all readers who feel in need of
such a remedy to give it a trial. It
is on sale at all drug stores in bot-
tles of two sizes—50c and \$1.00. How-
ever, if you wish first to test this
great preparation send ten cents to
Dr. Kilmer & Co., Binghamton, N. Y.,
for a sample bottle. When writing
be sure and mention the Pendleton
Daily East Oregonian.

The Rotterdam Maabode says it
has learned that the crews of the
Batavia V and the Zaanstroom, a
Dutch steamer seized by the Ger-
mans Saturday, together with the wo-
men and children who were on the
two vessels, were released on their
arrival at Zebrugge, but that the of-
ficers and 16 Belgian passengers have
been arrested.

The Batavia V is a steamer of only
350 tons, owned by a Rotterdam
firm. The Zaanstroom, which was
loaded with eggs when seized by the
Germans, is classed in shipping cir-
cles as a trawler.
