### "WHICH I WISH TO REMARK AND MY LANGUAGE IS PLAIN"

—Dret Hart.

The first object in glass fitting is to relieve the eye trouble, the second is to get normal vision if possible. One fourth of the people wearing glasses have better than normal vision.

We have never, in ten years found one of these patients that was not wearing fake glasses, because the glass fitter made a blunder in supposing that it was the head instead of the eye that needed fitting. The eye is like a camera and may need adjusting, but it is also a part of the brain, receives its power from the brain, it is knowing how to CONTROL this power with a glass that makes OUR SYSTEM of glass fitting superior TO ALL OTHERS.

# Pastime

TODAY AND TOMORROW!

## The Blessed Miracle

With Ethel Clayton and Joseph Kaufmann

This is a heart-gripping play. Intense in sentiment to the shrine of motherhood and fatherhood. A play for every man and every woman. A story of the childless marriage. Another woman pretends sympathy and wins the man away. The wife discovers almost too late that the long-looked-for has happened. She tries to communicate with her husband, but the letter is returned unopened—afterwards it is discovered that it was done by the other woman. She seeks her husband and at his hotel the "blessed miracle" takes place. Words cannot describe the story.

**MOTHERS FREE**—Any mother who feels that circumstances will not permit her to afford the price to see "The Blessed Miracle" will gladly be admitted free of charge between the hours of 2 and 5 today.

PASTIME THEATRE.

# Charlie Chaplin

WILL BE WITH US AGAIN SATURDAY IN "IN THE PARK"

## Newsy Notes of Pendleton

### Good Friday Services.

The three hours Good Friday service at the Church of the Redeemer will be from 12 noon until three in the afternoon. Any person may attend all or any part of this service.

### Harry Redford Is Home.

Having completed his sentence in the Portland jail for introducing liquor upon the reservation, Harry Redford, who farms on the reservation, arrived back in Pendleton several days ago.

### Installation of Officers Tonight.

This evening the local lodge of ERS will install their officers recently elected for the ensuing year. Last evening a special meeting was held in honor of K. K. Kubli, district deputy exalted ruler, who made an official visit.

### Dog Goes Mad; Killed.

Just eighteen days after it had been bitten upon the nose in a fight with a coyote, a sheep dog on the ranch of the J. E. Smith Livestock Co., on West Birch creek, developed rabies and was killed, according to Alfred Smith, one of the managers of the company, who is in the city today.

### Will Build Another Bungalow.

Cox & Lonergan, who have been building a number of bungalows on the north side, took out a permit today to build another on Raley street. It will be a one-story bungalow with full cement basement and will cost about \$2000. Mr. Cox also took out a permit to build a frame garage at his Perkins avenue home.

### Natorium Bids Not Opened.

Owing to the fact that the committee had decided upon some changes in the specifications for the natatorium, no bids for the construction work were opened last evening. The bidders had been previously notified so that they were not put out. It was decided to wait until the specifications had been corrected and then to let the concrete work, the carpentry and plumbing all at once. No definite date for the opening of bids has yet been set.

### Some Weather Statistics.

March closed last night with a total rainfall for the month of 2.19 inches, considerably in excess of normal. The total amount fell on ten different days but a good deal more than half of it during the last four days of the month. Consultation of the records kept by the local observer, E. F. Averill, show that the warmest day of the month was the 22nd when the mercury ran up to 77 and that the coldest night was on the 8th when it sank to 25. The greatest variation of temperature occurred on the 21st when there was a range of 47 degrees. On ten days there was enough rain to measure, 15 days were clear, 15 partly clear and seven cloudy.

### Holdbrook Held to Grand Jury.

After having been arrested and convicted in police court of disorderly conduct on a charge of drawing a knife on another man, W. L. Holdbrook found himself in still more serious trouble. Chief Kearney yesterday learned that he was the same man who had robbed the blacksmith shop on the ranch of Carl Newquist and turned him over to Sheriff Taylor to await investigation by the grand jury. It seems that on Monday he offered to take a laborer out to the Newquist ranch and, without permission, borrowed the team and buggy of Ed Fortier for the purpose.

### Funeral Held Yesterday.

The funeral of little Elizabeth Alice Richardson was held yesterday morning at 10 o'clock at the home of her parents, Mr. and Mrs. Seth Richardson. Rev. Charles Quinney of the Church of the Redeemer conducted the services and members of the Sunday school class to which the deceased belonged sang several hymns. Six little schoolmates acted as flower girls. Interment was made in Olive cemetery.

### Dr. Temple Sells Home.

A deed recorded today tells of the sale by Dr. and Mrs. I. U. Temple of their fine home, 224 South Main street, to E. W. Oliver of Portland. The consideration was \$7500 according to the deed, the property being put in at that amount on a trade by which the doctor secures 400 acres of good farm land in the Grand Ronde valley. Dr. Temple is in La Grande today completing the deal. Dr. and Mrs. Temple contemplate eventually the building of a bungalow for a residence here.

### Taxes Slower Coming In.

The first period of tax collection closed yesterday evening and, though no additions have been made to determine the exact amount collected to date, Treasurer G. W. Bradley states that the amount is much short of the amount collected at this time last year. He has not yet received notification as to the date when he is to turn the books over to the sheriff, but, as the new law goes into effect May 22, it is assumed that the sheriff will take charge of the balance of the collection on that date.

### Assault Case Is Dismissed.

Appearing tearfully in the police office yesterday afternoon, Harry Manning, 11 years old, told a tale that led to the arrest of Calvin Bowen, proprietor of the Owl restaurant, on a charge of assault. When the latter told his story this morning in court, however, the case was dismissed. The little boy and his brothers declared that Bowen had struck him with a club. Bowen declared an older boy had been pummeling young Manning and that he had separated them. The latter, thereupon, began using language unseemingly inasmuch as girls were passing and Bowen declared he remonstrated. The boy then picked up a club with which he threatened to "brain" the other boy and Bowen declares he took the club away from him.

### He drove the horses so hard that one of them died and the other is expected to.

At the ranch, it is alleged, he stole blacksmith tools to the value of \$22.55. These tools were found yesterday by Chief Kearney at the home of a negro named Stewart, 423 Pine street, where he had cached them.

### Birth of a Boy.

A nine pound son was born yesterday afternoon to Mr. and Mrs. Joseph Lang at their home, 104 Bluff street.

### Holdman Child at Hospital.

The little daughter of J. A. Hartle of Holdman this morning underwent a minor operation at St. Anthony's hospital.

### Daughter is Born.

A daughter was born this morning to Mr. and Mrs. Charles Pell at the home of Mrs. I. E. Earl. The little girl weighed seven pounds.

### Lung Operation.

Miss Marie Hansen, daughter of Mr. and Mrs. D. C. Hansen, this morning underwent an operation for acute appendicitis at St. Anthony's hospital.

### Buys First of New Machines.

The first of the new Edison electric 16 phonographs, the last word in inventions of this character, to be sold in this city, was delivered by H. M. Warren today to Mrs. Lana H. Sturgia.

### Comes Here for Treatment.

Charles King of Hermiston, came up from that place this morning to take medical treatment. It is believed that he is suffering from tumor of the brain. His brothers, James and Ross King of Weston, are here with him today.

### No Fishing Today.

Though the spring fishing season opened this morning, very few indeed were the anglers who went out with rod and line in quest of the sportive trout. The recent rains have so raised the streams and muddled the waters that the sport will not be good for some time.

### Suit Was Settled.

Through mutual agreement yesterday a suit to foreclose a sidewalk lien against her property at the corner of Thompson and Webb streets owned by Mrs. George Miner was settled. Mrs. Miner states the action was due to a misunderstanding.

### Look Over Water Decree.

J. W. Messner, president of the Western Land & Irrigation Co., and John D. Watson, bookkeeper for the same company, were up from Hermiston yesterday to look over the findings of the water board in the Umatilla adjudication. Owing to the fact that there is but one copy on file and hundreds of persons interested, some difficulty will be encountered in consulting the findings.

### Buy Indian Land.

Bids on two pieces of Indian land on the reservation were opened today at the agency and the prices accepted. Frank Curl, the only bidder on \$0 acres known as the Isaac Guber piece, secured it for \$10,227 and John McPhail was the higher of two bidders on 29 1/4 acres known as the Eddie Burnett land. His price was \$2810.

### Funeral Held Yesterday.

The funeral of little Elizabeth Alice Richardson was held yesterday morning at 10 o'clock at the home of her parents, Mr. and Mrs. Seth Richardson. Rev. Charles Quinney of the Church of the Redeemer conducted the services and members of the Sunday school class to which the deceased belonged sang several hymns. Six little schoolmates acted as flower girls. Interment was made in Olive cemetery.

### Dr. Temple Sells Home.

A deed recorded today tells of the sale by Dr. and Mrs. I. U. Temple of their fine home, 224 South Main street, to E. W. Oliver of Portland. The consideration was \$7500 according to the deed, the property being put in at that amount on a trade by which the doctor secures 400 acres of good farm land in the Grand Ronde valley. Dr. Temple is in La Grande today completing the deal. Dr. and Mrs. Temple contemplate eventually the building of a bungalow for a residence here.

### Taxes Slower Coming In.

The first period of tax collection closed yesterday evening and, though no additions have been made to determine the exact amount collected to date, Treasurer G. W. Bradley states that the amount is much short of the amount collected at this time last year. He has not yet received notification as to the date when he is to turn the books over to the sheriff, but, as the new law goes into effect May 22, it is assumed that the sheriff will take charge of the balance of the collection on that date.

### Assault Case Is Dismissed.

The latter, thereupon, began using language unseemingly inasmuch as girls were passing and Bowen declared he remonstrated. The boy then picked up a club with which he threatened to "brain" the other boy and Bowen declares he took the club away from him.

## TELEPHONE COMPANY SAID TO BE POORLY EQUIPPED

### NORTH SIDERS AROUSED OVER POOR FACILITIES—CITY COUNCIL TO ACT.

Aroused by the alleged discovery that the Pacific Telephone & Telegraph Co. has no facilities on the north side of the river for the accommodation of new patrons, the city council last evening struck an attitude of resentment and proposed to learn why a company, holding a franchise for the use of the city streets, does not keep its plant in condition to serve all of the residents who want service.

The situation became apparent when Councilman Phelps made application for a telephone in his new home on Martin street. The company was unable to grant the application although Manager Mable declared today that the telephone would be installed within a short time. However, members of the council last evening declared it to be a fact that with the present lines and equipment on the north side the company will be unable to provide telephones for any of the new houses going up in that vicinity. Though no action was taken, an investigation was recommended and the suggestion made that the matter be presented to the state public utilities commission.

Report was made by the fire committee last evening that an inspection of all the moving picture theaters had been made and that in every one of them they found that sufficient precaution was not being taken in case of fire. However, they reported that the proprietors had all promised to correct matters at once and that some have already started.

### New Water Main Needed.

It was decided last evening that it is practically imperative that the city put in a new water pipe on High street from Thompson to Jane and down Jane, the present line, which is wooden, being so rotten that water is leaking out and doing damage to property just below. A cast-iron pipe was declared for and it is probable that some action will be taken at once.

Mrs. F. Stickler petitioned the council last evening to inspect a barn opposite her place at 405 Clay street, alleging cattle were being kept in it and making the locality obnoxious.

### La Pine Saloon Is Unique.

LA PINE, Ore., April 1.—One saloonkeeper here has a large poster on which the Lord's Prayer appears.

## The New Cosy Theatre TONIGHT
