Stockmen and Farmers, Well Satisfied—Civil Service Examination is Held for Postmastership at Ukiah—Range Farmer Looking for New Location—Other News.

(Special Correspondence.) UKIAH, Ore., April 3.—Sun/day morning a nice, warm rain began falling and Sunday afternoon the people of Camas Prairie were treated to a real thunderstorm. Hail fell till the foothills were white and the rain fell for a short time in torrents, then ceased till about eight o'clock when it began raining again and lasted all night, to the great delight of the stockmen and farmers.

T. F. Wheelock conducted the civil service examination here Saturday. Three applicants took the examination, trying for the postoffice at Ukiah.

Vol Peterson of Range has sold his farm there to Mat Jones and is in Ukiah seeking a location here. Mr. Peterson has formerly been one of the leading stockmen of Grant county and comes here for the school.

GERMAN OLYMPIC OFFICIAL IS KILLED

Captain Roeseler.

The frightful mortality in the great war among men connected with amateur athletics has caused American followers of the sport to doubt the possibility of holding international Olympic competitions for years to come. The latest athletic official to lay down his life for his country is Captain Roeseler, who was prominently connected with the Imperial German Olympic Committee and said to be the first man to propose the holding of the 1916 Olympic games at Berlin. Captain Roeseler was killed at the head of his company in a desperate charge when the Kaiser's men were driving the Russians headlong through the Manzurian Lakes region.

The casualties among the athletes and officials of the nations at war have been appalling. Jean Bouin, the great French distance runner, was the first athlete of prominence to meet his fate. He was dismembered by a German shell on the western battle front, and his dying scream was, "Vive la France!" Carl Diem, head of the Imperial German Olympian commission, went down with a piece of shrapnel in his leg early in the fighting, and Hanns Braun, the greatest middle distance runner ever developed in Germany, had both legs blown off by a shell from a French "75."

R. Ras, the Kaiser's sprinter, who has defeated both Harry Gosling and "Tex" Ramsdell of the U. S. A., was another early victim of the murderous French field guns. England has suffered, too. The bones of many of her best polo players are lying under the Flanders soil, and among her wounded is Arnold N. S. Jackson of Oxford, the Olympic runner who defeated the American milers in the memorable 1500 meter race in the Stockholm Olympiad in 1912.

WATERSPOUT AT BUTTER CREEK DAMAGES FARMS

FENCES ARE WASHED AWAY AND CONSIDERABLE LAND IS FLOODED.

(Special Correspondence.) BUTTER CREEK, April 3.—Following a severe rain and hail storm here last night a very serious water spout flooded the R. G. Warner ranch of this section, destroying a great deal of property, such as fences, feed racks, sheds and so on. A number of sheep were drowned and a thick layer of mud was washed over the fields and lawns, and in the sheds, and various ground floor buildings. A large levee, built to protect the house failed to hold and the occupants were forced to seek refuge on the side hill.

Mr. Gilliland, one of the hands, was washed for some distance down the flood but was rescued before drowning. Miss Hatch, the school teacher, who was boarding at the ranch was also taken up in the flood but finally succeeded in gaining a foothold and saving herself.

Nothing was destroyed which can not be replaced in a short time except the loss of the sheep, probably 15 or 20 head.

YOUNG GIRLS SOLD IN N. Y. AT \$25 EACH

NEW YORK, April 2.—Young girls can be bought in New York for \$25 apiece.

Four have actually been sold during the past few days at that price. This startling announcement was made by Police Commissioner Woods who declared that the four, all in their teens and little more than children, had been purchased outright by detectives during the police crusade now being conducted against white slavers.

Woods' statement came simultaneously with the beginning of the trial of Louis Abrams, aged 19, on charge of selling Lily Levine, aged 10, to one of the detectives. The trial is expected to disclose evidence of sensational character showing the operations of a ring which is engaged in the hideous traffic.

FOOTBALL

The members of the M. E. church choir were most pleasantly entertained Saturday evening by Rev. and Mrs. C. A. Hodshire at the M. E. parsonage. It was in nature, a surprise, the occasion being the birthday anniversary of the choir leader, Mrs. J. S. Landers. An impromptu program consisting of solos, a male quartet, readings, violin solos, and musical guesting contents, furnished interesting entertainments early in the evening. A bouquet of carnations and a souvenir booklet appropriately decorated, containing kodak pictures of the exterior and interior of the church, the parsonage and Rev. and Mrs. Hodshire, also a group of the choir members, and their autographs, were presented to Mrs. Landers who responded with appreciative remarks.

A feature of the delicious refreshments which were served, was a handsomely frosted cake bearing lighted tapers of "sweet sixteen," which was cut and served by the surprised recipient.

This enjoyable evening closed with many expressions of wishes for "many happy returns of the day."

Mr. and Mrs. John Pridoux of Portland, are visiting their daughter Mrs. A. J. Owen.

In response to quite a general demand, the choir of the Methodist church, under the direction of Mrs. J. S. Landers, will this evening repeat the cantata, "The Resurrection and the Life," which was given last evening as a part of the Easter services. Though there was a large congregation present to enjoy it last evening many from other churches were unable to attend and it will be largely for their benefit that it will be repeated. No admission will be charged but an offering will be taken.

Today inaugurates the post-Lenten season in the social world and Pentecostion matrons and misses are planning many gay events before the approach of summer drives them to coast and mountain resorts. Tomorrow afternoon the Civic Club card party for the benefit of the park fund will be held in the Eagle-Woodman hall and there promises to be a large number of ladies there to contribute with their fifty-cent pieces toward maintaining the beauty spots of the city. On Friday evening the Phoenix Club will hold its annual dancing party in the auditorium of the Eastern Oregon State Hospital. The function, an exclusive one for the members of the club and their invited guests, is always one of the most brilliant of the year.

Mr. and Mrs. Hershel H. Bond and little son, Henry, will arrive this evening and will remain in Pendleton for two months. Mr. Bond, who is a commercial traveler, has been transferred to the eastern Oregon territory for the next two months and has decided to make this city his headquarters.

SANITARIUM AT BAKER DESTROYED BY FIRE

BAKER, Ore., April 1.—Heat from an electric flatiron is believed to have started the fire which destroyed the Radium Springs Sanitarium.

The situation of the sanitarium is such that assistance from the Haines fire department was impossible. The loss is approximately \$15,000, and only a small part of this covered by insurance.

Dr. D. W. E. Emery of Portland, held an option on the establishment, having purchased it only a few days ago from Edward Coles of Haines. Dr. Emery had planned to move the building to Haines and pipe the water from the springs.

FEELS LIKE A NEW WOMAN

As Lydia E. Pinkham's Vegetable Compound Dispelled Backache, Headaches and Dizziness.

Piqua, Ohio.—"I would be very ungrateful if I failed to give Lydia E. Pinkham's Vegetable Compound the praise it deserves, for I have taken it at different times and it always relieved me when other medicines failed, and when I hear a woman complain I always recommend it. Last winter I was attacked with a severe case of organic weakness. I had backache, pains in my hips and over my kidneys, headache, dizziness, lassitude, had no energy, limbs ached and I was always tired. I was hardly able to do my housework. I had taken Lydia E. Pinkham's Vegetable Compound on one other occasion, and it had helped me so I took it again and it has built me up, until now I feel like a new woman. You have my hearty consent to use my name and testimonial in any way and I hope it will benefit suffering women."—Mrs. ORPHEA TURNER, 431 S. Wayne St., Piqua, Ohio.

Women who are suffering from those distressing ills peculiar to their sex should not doubt the ability of Lydia E. Pinkham's Vegetable Compound to restore their health.

If you want special advice write to Lydia E. Pinkham Medicine Co., (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

Rheumatism? Here Are Some Real Facts

How to Overcome the Torture Without Harmful Drugs.

A legion of people have used R. S. S. and have overcome the worst forms of rheumatism. This disease of the blood is little understood because of its strange symptoms, scarcely two people having it exactly alike. And yet, no matter what its form or how painful and distressing, R. S. S. seems to have almost a divine influence in driving it out, rousing the nerves from pain and clearing the joints and muscles so they work without restraint. The best explanation for this happy result is the fact that in R. S. S. are certain ingredients which act as an antidote. They are nature's providence to man. Just as the meats, fats, salts and sugars of our daily food provide us with nourishment, so does R. S. S. give to the blood the exact medicinal requirement to clear the stream, drive out impurities and reconstruct the body if destructive germs have gained a foothold. Go to any drug store today and get a bottle of R. S. S. It will do you good. But be sure to refuse any and all substitutes. And if yours is a stubborn case, write to the Medical Adviser, The Swift Specific Co., 109 Swift Bldg., Atlanta, Ga. This department is presided over by a physician proud of his name by virtue of his distinguished family and a foremost doctor on his own merits.

The monument will be erected at the corner of Avenue Louise and Boulevard Waterloo, the most conspicuous spot in Brussels.

Mexican Raiders Killed.

SANTA FE, N. M., April 5.—A raid on the Dwyer Mercantile Company store at Dwyer, Grant county, by Mexicans from nearby settlements, who had broken smallpox quarantine, was followed by a battle with losses from Silver City and Deming, in which several of the Mexicans are reported to have been killed. Deputy Sheriff Lefe Justin and George Tidwell, members of the posse, were wounded. Some of the Mexicans were captured and late advices said the pursuit of the others still was in progress.

The raiders robbed the store at Dwyer, securing a considerable sum of money, firearms and ammunition.

PLAGUE PRECAUTIONS INTERFERE IN TRADE

WASHINGTON, April 5.—Although they interfere with trade and especially with shipments destined for the United States, there is small chance that plague precautions at Hongkong can be abandoned, according to a report from Consul Anderson made public by the commerce department today. The precautions, remarks An-

der, "represent expense, which, of course, sooner or later, is paid by the American or other foreign consumer." He admitted that they were necessary, however, Hongkong having had 2148 plague-cases in the past year, of which 2024 were fatal.
