BELGIAN COMMISSION GETS ED. J. WILLIAMS

NEW YORK, April 5.—Officials of the Commission for Relief in Belgium including Mr. Alexander J. Hemphill, treasurer, are highly gratified over the acquisition of Edward J. Williams of Chicago, treasurer of McCord and Company, who has just been appointed assistant treasurer of the commission and assumed his new duties on Monday, March 22nd. The services of Mr. Williams are intended to bring to the commission the benefit of his unusual experience as chief disbursing officer, or treasurer, of the Panama canal. He will use systems of accounting as accurate as those which he devised for keeping check on expenditures of \$350,000,000, which were passed through his hands on the canal work.

Of the \$350,000,000 of canal money Mr. Williams accounted for every penny, and in the eight years' service led only \$22.19 get out of his grasp. A bill is before congress to reimburse him for this amount, which he paid to the government under his \$260,000 bonds. This was on account of theft by four laborers who were caught by Mr. Williams forging pay checks. Before being asked to take charge of canal finances, Mr. Williams was paymaster of the Northwestern Railway, disbursing \$3,000,000 a month.

Highest Boy "To Be Real." ST. LOUIS, April 1.—St. Louis' richest boy, Edward Carleton Re-

kirt, who, according to dispatches from Cincinnati, has inherited \$1,000,000 from his grandmother, Mrs. Lauretta E. Gibson, the wealthiest woman in Ohio, doesn't even know of his good fortune.

Mrs. Gibson was the mother of Llewellyn E. Reakirt, former husband of Mrs. Edna Reakirt, of 1433 Kingsbury boulevard.

When Mrs. Reakirt obtained a divorce from the Cincinnati millionaire the court awarded her \$250,000 alimony and a lien on her husband's estate for \$1,000,000, the latter a provision for the "million dollar boy."

Mrs. Reakirt is a daughter of Mr. William S. Shea of 5120 Etnel avenue. She met Reakirt at a Northwest resort.

Edward Carleton Reakirt now is 8 years old. He goes to the public school and is going to be a "regular boy," according to his mother. The Reakirts, who is famed for her beauty, started St. Louis society two years ago when she appeared at Mrs. Charles Cummings Collins' charity ball in a gown costing \$14,500. The jewels she wore increased the cost of her costume to \$17,000.

Speaking of her son's future, Mrs. Reakirt once said in an interview that she wanted him to develop a business or profession before he finds out how rich he is.

sued to drivers of 5-cent-fare automobiles here in the last three weeks. The police license bureau gave the total number of licenses in force as 2781. February 24 there were 1900. One automobile line, of the double-deck type, has arranged a transfer system with the municipal railroad. A market increase in automobile accidents, according to the police, is due to the increased number of automobiles. The rate of accidents to automobiles is no greater than formerly, they say.

CANADA SENDS FUNDS TO HELP DESTITUTE

NEW YORK, April 5.—A report from Hector Prud' Homme, of Montreal, treasurer of the central executive committee of the relief work for the victims of the war in Belgium, to the commission for relief in Belgium, 71 Broadway, New York, shows that Canada's contributions to the feeding of the destitute Belgians have probably exceeded \$2,000,000 in value. Up to February 23 the total was \$1,873,245. There were, in all, 866 carloads of food and clothing. The province of Nova Scotia led all in the generosity of its gifts, aggregating 125; New Brunswick with 98; Quebec with 58; Alberta, 28; British Columbia, 20; Manitoba 19; Saskatchewan, 9; and Prince Edward Island, 8. From general contributions by Canadians, exclusively of maritime

provinces, the central executive committee of Montreal purchased 227 carloads. Shipments were made on the Tremorah to the value of \$274,800; the Doris, \$375,900, the Calcutta, \$267,500, the Trenglois \$460,500, by regular lines, \$6,445. There remained for a fifth steamer goods valued at \$25,000 and a cash balance for the purchase of goods, \$137,000.

ATLANTIC FLEET IS AWAY FOR PRACTICE

GUANTANAMO Cuba, April 5.—Finishing a month's fleet and target practice, the Atlantic fleet steamed northward today, commanded for the first time by an officer with the rank of admiral—Admiral Fletcher. The fleet is due at Tangier Sound, in Chesapeake Bay, April 9, and from April 11 to May 3 will have target practice off the Virginia Capes before going to Newport for the mobilization of all naval war craft for a "war game" May 18. Late in June the fleet may go to San Francisco via the Panama canal if the "big ditch" is cleared of slides.

While Europe has been piling up immense debts, the United States has been squeezing the water out of its stocks, getting rid of inflations and generally finding itself.

Library News

The public library has been making a special collection of books for the benefit of young people who are considering the choice of an occupation for their life work. Two often boys and girls drift into some line of work because it happens at the time to be offered, without any thought as to whether they are especially adapted to it or whether it will prove congenial or will offer chances for advancement either financially or mentally.

Mistakes are found in every occupation and many workers do not enjoy the business at which they must spend the best hours of each day. Consideration and comparison of the various interesting occupations would avoid such mistakes and it is for this reason that young people are given this opportunity to read and judge for themselves.

The reading of one book from each of the following groups during a summer vacation may be the means of giving some boy or girl aspirations otherwise undreamed of. Parents will also find many helpful suggestions in directing the line of the family reading.

These books will be kept together and may be readily found on a special book case in a corner of the library reading room.

DYSPEPSIA OVERCOME

Tone Up the Stomach with Hood's Sarsaparilla.
When you have dyspepsia your life is miserable. You have a bad taste in your mouth, a tenderness at the pit of your stomach, a feeling of puffy fullness, headache, heartburn, and sometimes nausea.
Dyspepsia is difficult digestion—that is what the word means—and the only way to get rid of it is to give vigor and tone to the stomach and the whole digestive system. Hood's Sarsaparilla, sold by all druggists, is the one medicine which acts on the stomach through the blood and also directly. Its beneficial effects are felt at once. Improvement begins immediately.
Hood's Sarsaparilla purifies the blood, makes the rich red blood that is needed for perfect digestion, and builds up the whole system. No other medicine can take its place.

ONE ROBBER CAPTURED IN EXCITING CHASE

SAN FRANCISCO, April 5.—In broad daylight two robbers held up Clerks J. P. Brady and P. H. Chambers, employees of the San Francisco Lottery Company, in its store in the business district. After an exciting chase in which citizens, automobiles and mounted police participated, Stephen Ross was arrested. Five hundred dollars taken from the store was found on his person. His companion escaped.

Men Pay Homage to Mother's Friend

"I am not surprised to observe the number of men who come into the store to purchase 'Mother's Friend,'" remarked a leading druggist. It is a happy thought to send hubby to the drug store. "Mother's Friend" is applied externally over the abdominal muscles. It is a gentle, soothing lubricant, penetrates to the finest network of nerves beneath the skin and has a marked tendency to relieve the muscular strain to which these broad, flat abdominal muscles are subjected. The cords, tendons and ligaments are thus permitted to stretch without the corresponding surface strain so often involved during the period of expectation. This in part accounts for the entire absence, in many cases reported, of nausea, morning sickness and other distresses, such as irritation of the epidermis so often the case when this form of lubrication is neglected. "Mother's Friend" has been highly recommended by a host of women who know from experience and by men who know from observation. Write Bradfield Regulator Co., 204 Lamar Bldg., Atlanta, Ga., and we will send you a valuable little book to expectant mothers.
