## "JOKER" IN BILL IS PROVING BOOMERANG

ST. PAUL, Minn., April 5.—Because certain farmers had complained that they did not have friends in the legislature, Sen. E. J. Westlake of Minneapolis introduced a "joker," which he said today, he never hoped to pass. Now his political enemies threaten to get behind the bill and force it through with his name attached, unless he gives certain concessions on a 2-1-2 cent fare bill. Some of the provisions of the joker follow.

All bulls, on highways, must carry 50 pounds of bells, a steam whistle and an electric headlight of not less than 1,500 candle power.

Cows shall not be permitted to give more than 50 quarts of milk a day.

Sheds shall be built over all fields where hired men work in summer.

Produce prices must not be increased without the consent of a commission.

Eight hours shall constitute a hired

## RESIDENTS PUZZLED OVER "WET" AND "DRY"

HEMIDJI, Minn., April 5.—The village of Littlefork is wet. The township of Jameson is dry. Residents of Littlefork say they have a "booze" divorce from Jameson township. They did get a partial divorce. But the law says they are not separated, in the matter of elections and assessments. So the attorney general had to rule that according to the laws made and provided a man might drink all he wished, if he lived in the village, but that it would be a crime to buy a drink if he lived outside the village, and inside the township.

## What New York Is Doing In New Popular Music

Our great metropolitan city is not only the center of commercial and industrial activity, but the whole country looks to it for the latest productions in popular music. Our readers who are interested in musical matters will undoubtedly be glad to know about two successful pieces that have been launched this season by New York's publishers of popular music. In the line of instrumental pieces, New York seems to have gone wild over an eccentric novelty called "BY HECK" which can be played either as fox-trot or one step.

"BY HECK" is by S. R. Henry, who has written such well-known instrumental pieces as "Polly Prim," "Peter Piper," "S. R. Henry's Barn Dance," etc. The famous "Castles" are dancing to it and the favorite light opera star, Mr. Donald Brian, has created some fascinating steps to it in "The Girl From Utah," while Bernard Granville is taking numerous encores with this number in his vaudeville engagements. A song arrangement of

"BY HECK" the words of which are by L. Wolfe Gilbert, is being sung in vaudeville by the well-known Mr. and Mrs. Carter de Haven, Fannie Brice, Ruth Royce and many others of equal prominence.

"MY LITTLE DREAM GIRL" is the title of a sweet love ballad, the lyric being by Mr. L. Wolfe Gilbert, writer of many famous successes, including "Waiting for the Robert E. Lee," "Hitchy Koo," etc., while the music is by Anatol Friedland, whose beautiful song, "My Little Persian Rose," is known from coast to coast. The best orchestras everywhere are using these successes either for concert or dance purposes, and if you haven't had the good fortune to hear them as yet, just ask the musical director of the next affair you attend to play them.

By permission of the publishers we are printing herewith a brief excerpt of each of the pieces mentioned so that our readers may have an idea of their character.

## WALLAWALLA MAN AND ONE FROM ECHO NAMED UMPIRES IN LEAGUE

### BLUE MOUNTAINEERS GETTING INTO SHAPE FOR OPENING GAME SUNDAY.

Jacx Cox and Carl Gilbert Accept Commissions to Hold Indicators for the Season—Both Men Are Well Known in Baseball Circles—Teams Ready for Getaway.

James Cox of Walla Walla and Carl Gilbert of Echo will handle the indicators in the Blue Mountain League this season, according to an announcement made this morning by President L. D. Drake. He has officially commissioned them and they have accepted the appointments.

Both men are well known to the county baseballists. Both have played many games during their residence in the county, Cox having formerly played at Weston and Gilbert having played for a number of years on the Echo team. Their knowledge of the game is thorough and both have had experience in the umpiring game. Cox has officiated in the Blue Mountain league several years while Gilbert last year was an arbiter in the Irrigation league. Their appointment will meet with the approval of the fans.

All Teams Are Ready. All four of the teams are this week practicing hard in order to be in shape for the opening of the season next Sunday. Here in Pendleton Manager Ballard has a big bunch of men out each evening at Round-up Park and some keen competition is developing for places. Two of the latest men to join the squad are Charlie Sturdivant, who is working behind the bat for the job as change catcher, and "Chot" Gordon, well known high school athlete who is proving a whirlwind at short. Inasmuch as Roscoe Vaughan left Saturday for Portland to remain, the addition of Gordon is a pleasing one to the club.

Suits Will Arrive. The new and natty suits for the Bucks will arrive in time for the opening game. This intelligence was received yesterday by L. G. Frazer from the factory, the suits now being en route. The grounds have been put in first class shape and, with a few more warm practices, the team will be able to put up an exhibition that will make the Pilot Rock sluggers travel a fast pace Sunday.

Now several shop girls and factory employes have corroborated Miss Peck, as is shown in evidence taken before state investigating committee, when the girls quoted Miss Peck often and said her menus for 25 cent meals were practicable and satisfying.

CETTINJE, April 2.—For the third time attempts have been made on the lives of the Montenegrin royal family by Austrian aviators. Flying over the royal palace an Austrian hydro-aeroplane dropped two bombs at the structure. Both exploded but no damage was done. Five bombs were dropped in other sections of the city, exploding with great force. Four civilians were injured.

## Turkish Munitions Poor.

GENEVA, April 1.—A Constantinople dispatch received here by way of Bucharest says that while ammunition is not lacking for the Turkish army, it is of poor quality. The supply of cartridges provided by Germany in March, 1914, has been exhausted and Turkey now is forced to rely on those of her own manufacture, which are inferior to those of German make.

Disorders and insubordination among the Turkish soldiers are of frequent occurrence, the dispatch says, during the transport of troops. Many Turkish officers are reported to have been arrested for their hostile attitude toward the Germans.

## THE DANCING CRAZE

"The dancing craze is absolutely over," said the blaze Man About Town in the early fall and winter.

"Mark my words, its bubble of popularity has been pricked."

And we waited for the prediction to come true.

And it never did! For if dancing is on the wane, it isn't noticeable.

## MISSIONARY DOCTOR SAVES 3,000 SYRIANS

Dr. Henry P. Packard. Dispatches and letters from Urumiah, sixty-five miles southwest of Tabriz, in northwestern Persia, say that the American Presbyterian missionaries stationed there are in great danger, as Turkish regular troops and Kurds are persecuting and massacring Syrian Christians.

An act of heroism by Harry P. Packard, doctor of the missionary station at Urumiah of the board of foreign missions of the Presbyterian church, saved the lives of 3,000 Syrians at Geogtapa, where they had made a last stand before their persecutors. Their ammunition was gone after a three days' fight and a massacre was imminent, when Dr. Packard, with an American flag in his hand, advanced between the lines. The Turks and Kurds thereupon withdrew and all of the Syrians escaped except 290 who had been burned in a church.
