GOSPEL HELPS TRANSFORM WILD INDIAN INTO MODERN CITIZEN

Parsons Motanic, in his wild days, 10 years ago, as caught by Major Moorhouse's camera.

Parsons Motanic as he is today, prosperous farmer and prominent churchman.

Another significant event in the remarkable life-history of Parsons Motanic, well known Indian of the Umatilla reservation, was recorded last week when he purchased a big, six-cylinder Hudson automobile and thus became the second redman on the local reservation to adopt the modern means of travel.

The purchase of an automobile by Motanic is a symbol of the success which he has attained as a farmer. Riding about in it he offers a strange contrast to the Motanic of ten years ago on his racing catlin and in fact every other phase of his present life offers a similar contrast.

In a recent number of the publication entitled "The American Indian and Missions" Rev. J. M. Cornelison of Tutuilla mission tells of the transformation of Motanic from first hand knowledge. Speaking of him when he first knew him, Rev. Cornelison wrote: "He was debauched and a debaucher in every vile sense of the word, indulging in

all of the old customs of the Indian race, together with the newer vices of the white man. He was a leader in these things and the story of it was written all over his wild, coarse face.

"Now and then he attended church and heard the Gospel story and observed its power in the lives of others. His wife was a Christian. During or following one of his drunken carousals about seven years ago from which he came much used up, this man got some sort of a moral kick. The new man simply overcame and supplanted the old man. When the invitation was extended one Sunday about that time, as it always out custom in the experience metimes, this man came forward and said, 'I have been a bad man. In all kinds of wickedness, dancing, gambling, drinking and adultery, make it as bad as you can. I have surpassed any of my friends in it all. But now I am determined, God helping me, to stop that way and from this time on to be on the side of Jesus, to follow him and to be found with Christian people. All of my money I have squandered in the ways of sin when my wife and family needed it but now I will invest it for their good.'

"As a Christian man since that time, I have never heard the slightest criticism of his sincerity and devotion; but on the other hand, unstinted praise for his steadfastness and zeal. In his home he holds family worship night and morning. He loves and is loved in return by his own and is highly respected by his white neighbors. In the church from time to time he holds different offices of influence in the societies, being president of the temperance society now. As a farmer he is successful, farming his own land and renting others. He pays his debts to a penny. He is a physical Hercules, not fearing to wrestle with the world's champion, Frank Gotch, whom he almost threw off the stage. He is growing to be more and more of a spiritual power, a leader in Christian service and a Sabbath school teacher among his people. Such was but now in Parsons Motanic."

SPECIAL STUDY IS PROVIDED MECHANICS

MADISON, Wis., April 5.—An eight weeks' special study course for mechanics opened today at the University of Wisconsin. The class is limited to twelve skilled mechanics who desire to be trained to teach industrial arts. They will get free training and in addition be paid \$60 each for their eight weeks' study.

Supreme Court Reconvens.

WASHINGTON, April 6.—The long-awaited decision upon the appeal of Leo M. Frank of Atlanta, from conviction of alleged murder of Mary Phagan, 14-year-old factory girl, was expected when the Supreme court resumed its sittings after a fortnight's Easter recess. Since it recessed March 29 the court has been preparing opinions exclusively and many other important decisions were expected today.

SHARP ADVANCE IN WHEAT PIT

(Monday's Market.)

CHICAGO.—Wheat closed 3-8c to 2 1-4c higher. Prices in the wheat pit at the opening today were higher. May wheat opened at \$1.54, a gain of 1-8c over Saturday's close. July was up 1-8c at \$1.27 7-8. The tightening of the cash article and dry weather talk was the bullish factor tending to cause the advance. It also had the tendency to check short selling.

Corn was slightly higher. May opened 1-8c higher at 73 1-8c and July was offered at 75 3-4c at the outset. Oats were firm.

Provisions were steady. The chief feature in the wheat market is the great new crop outlook and this offset in the minds of the buyers the fact that the July was 21 cents under the May. Every indication is that the foreign war situation is to run into the coming year. Practically all of the surplus wheat in this country is sold waiting to go out from the seaboard and for late shipments from the northwest.

WHEAT. May—Open, \$1.51; high, \$1.56 1-2; low, \$1.54; close, \$1.56 1-8. July—Open, \$1.22 7-8; high, \$1.24 5-8; low, \$1.22 7-8; close, \$1.24 1-8. Sept.—Open \$1.10 5-8; high, \$1.11 5-8; low, \$1.10 5-8; close, \$1.11 1-8.

Rumania Sells Shells. PARIS, April 5.—A message to the Balkan Agency from Bucharest says the Rumanian government has seized a large quantity of shells in transit from Germany for Turkey.

SEEK MRS. H. H. ALLEN BURNHAM TO TELL HER SHE IS AN HEIRESS

SAN FRANCISCO, April 5.—To tell the beautiful Mrs. Henrietta Harger Allen Burnham that she is heiress to \$50,000 and an estate in Switzerland, detectives are conducting a search that may lead to the war ridden countries of Europe. The heiress is the former wife of Albert Arthur Grant, an artist, formerly of Boston, but now living in Piedmont, Cal. Four years ago the marriage was annulled. No verification of Mrs. Allen's marriage to Burnham can be found and detectives assert the report was spread as a ruse to conceal the fact she had gone on the stage.

SWINE PRICES A DIME HIGHER

(Courtesy Monday's Journal.) PORTLAND, Ore.,—Portland drew upon five states today for its livestock supplies, there being shipments reported in from Montana, Utah, Idaho, Washington and Oregon over Sunday.

While there was an increase in the volume of hogs marketed at North Portland at the opening of the week's trade, strength was indicated in the market at the start with sales as high as \$1.35 for extreme quality or practically the same as the top price last week. This is a dime better than the closing of market the last of the week.

General hog market range: Best light \$7.45@7.75 Medium light 7.25@7.45 Good and heavy 7.25@7.30 Rough and heavy 6.90@7.25 Stockers 6.50@6.80

Cattle Market Remains Weak. Weakness is dominating the cattle situation at North Portland. While there was a marked decrease in offerings as compared with last Monday—totals being 455 head compared with 1632—there was apparently no betterment shown in the demand. Average run of real good hay fed steers sold around \$7.25@7.30.

There was a small supply of stock in from Montana and Utah, indicating that despite the weakness here, still considered the local market is still from a shippers' standpoint, the most favorable to do business with.

General cattle market range: Select pulp fed steers \$7.60@7.75 Best hay fed steers 7.50@7.60 Good to choice 7.00@7.15 Ordinary to fair 6.20@6.75 Best cows 6.00@6.25 Good to prime 5.75@6.00 Ordinary 4.00@5.50 Select calves 7.50@8.00 Fancy bulls 5.50@6.00 Ordinary 4.00@5.00

Mutton Market Is Starved. There was not enough mutton available for the general market at North Portland today for the trade to realize what the market was. Only 925 head appeared, compared with 1240 last Monday, and some of these came on contract to killers, therefore were not offered on the regular market.

With shearing just getting under way in the interior, the outlook is for a good movement of mutton within a short time.

General mutton trade range: Old wethers \$ 7.75 Best yearlings 7.85@8.00 Best ewes 6.75@7.00 Best east mountain lambs 9.25 Valley light lambs 8.50@8.75 Heavy light lambs 8.00@8.25 Spring lambs 12.50

CALIFORNIA IS SEEKING WHEAT

(Monday's Market.)

PORTLAND, Ore.—The recent chartering of the steamer Portland by George McNear to take a cargo of barley from San Francisco to Scandinavia indicates a resumption of the foreign call for coarse grains. Locally the market has been quiet recently, with no change in the situation.

California is again inquiring for milling wheat, and business in that direction with northwest points is daily expected. Recent purchases of milling wheat by the south have been unusually disappointing. In some quarters this was believed to be due to the fact that millers were not anxious to stock up with wheat because of the more limited demand for patent flour. While no open cuts are reported in the price of patent flour here, much of the limited business at present is at 20c lower than the card prices, or \$6.80 per barrel.

Clover Seed — Buying price: Nominal No. 1, uncleaned 11 1-2@12c; ordinary, 11c; alsike, 11c pound.

Flour—Selling price: Patent, \$6.80@7.00; Willamette valley, \$6.80@7.00; local straight, \$6.50; bakers, \$7.

Hay—New crop, buying price: Willamette valley timothy, fancy, \$12.50@13; eastern Oregon-Idaho fancy timothy, \$12; alfalfa, \$12@12.50; vetch and oats, \$11; clover, \$9@9 1/2 per ton.

Grain Sacks—1915 nominal, No. 1 Calcutta, 5 5-8@5 3-4c. Millstuffs—Selling price: Bran, \$28.50; shorts, \$28.50. Rolled Earley — Selling price \$29 @31 per ton.

Corn—Whole, \$25.50; cracked, \$26.50 per ton.

With the exception of Red Five which was unchanged from Saturday, all bids for spot wheat on the Merchants' Exchange showed an advance for the day. Sales included 10,000 bushels prompt Red Russian, \$11.25 1-2.

Spot oats bids on the exchange advanced 1c a ton today. The only sale was 10 tons May at \$12.50. Spot barley bids were advanced 25c a ton. No sales.

A sale of 100 tons prompt shorts was made at \$24.

REVIVAL IS HELD FOR PEOPLE OF DALLAS

DALLAS, Texas, April 5.—Thirty three preachers and singers from all parts of the south will come to Dallas for the simultaneous Baptist evangelistic campaign which opens tomorrow and continues for three weeks. Dr. Joston Bruner, secretary of evangelism of the Southern Baptist Convention, is in charge of the campaign.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. CHENEY & Co., Toledo, O. Sold by Druggists, 75c. Take Hall's Family Pills for constipation.

HAVE DARK HAIR AND LOOK YOUNG

NOBODY CAN TELL WHEN YOU DARKEN GRAY, FLEDED HAIR WITH SAGE TEA.

Grandmother kept her hair beautifully darkened, glossy and abundant with a brew of Sage Tea and Sulphur. Whenever her hair fell out or took on that dull, faded, or streaked appearance, this simple mixture was applied with wonderful effect. By asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this old-time recipe, ready to use, for about \$9 cents. This simple mixture can be depended upon to restore natural color and beauty to the dry and is splendid for dandruff, hair, itchy scalp and falling hair.

A well-known downtown druggist says everybody uses Wyeth's Sage and Sulphur, because it darkens so naturally and evenly that nobody can tell it has been applied—it's so easy to use, too. You simply dampen a comb or soft brush and draw it through your hair, taking one strand at a time. By morning the gray hair disappears; after another application or two, it is restored to its natural color and looks glossy, soft and abundant.

MEAT CAUSE OF KIDNEY TROUBLE

TAKE SALTS TO FLUSH KIDNEYS IF BAKT HURTS OR BLADDER BOTHERS.

If you must have your meat every day, eat it, but flush your kidneys with salts occasionally, says a noted authority who tells us that meat forms uric acid which almost paralyzes the kidneys in their efforts to expel it from the blood. They become sluggish and weaken, then you suffer with a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The uric gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night.

To neutralize these irritating acids, to cleanse the kidneys and flush out the body's urinous waste, get four ounces of Jad Salts from any pharmacy here; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate sluggish kidneys, also to neutralize the acids in urine, so it no longer irritates, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure, and makes a delightful effervescent lithia-water drink.
