Newsy Notes of Pendleton

Indian Boy Dies.
Philip Anthony, an Indian youth, died Saturday on the reservation after suffering for a year from consumption. The body was buried Sunday at the agency.

Brewing Company Sues.
The Minneapolis Brewing Co. has commenced suit in the local court against Thomas Connelly to collect \$660.75 alleged to be past due. Peterson and Ballard are plaintiff's attorneys.

Lead in Fire Hydrant.
Supt. Frank Hayes, while flushing the fire hydrant at the corner of Court and Cottonwood, extracted a piece of lead weighing 16 pounds, which might have seriously interfered with the flow of water during a fire had it not been discovered. It had apparently been in the hydrant for years and was probably caused by a careless bit of work when the pipes were called.

Senior Class Play April 16.
The play to be given by the senior class of the high school has been announced for the 16th of April. This play deals with college life and is entitled "A Strenuous Life." It bids fair to bring more laughs than a "Charlie Chaplin" film. There is an unusually strong cast for a play of this sort among the seniors. The play will be given in the high school auditorium. The cast will be announced later.

Students Prepare Orations.
Under the able tutelage of Professor Gambee, the students of the high school interested in oratory, are preparing orations for both the Umatilla county and eastern Oregon oratorical contests. The oration for the Umatilla county contest need not be original but the one for the Eastern Oregon contest must be written by the student himself. There are a larger number trying out than ever before and prospects are bright for the high school in either contest.

Water is Clear Again.
Residents of Pendleton are again getting clear water through their hydrants after being compelled to put up for a day with a very muddy article due to the storm of Friday evening. Supt. F. B. Hayes rode over the pipe line Saturday and believes he located the seat of trouble on the land of Joe Craig about eight miles from the city. The water had backed up in a gully there and Mr. Hayes thinks it seeped into the pipe through holes made by big rocks. The water at the intake at Thorn Hollow was perfectly clear.

Several Auto Accidents.
Several minor auto accidents occurred during the weekend but no serious damage was done. A car driven by a man named Reeves Sunday ran into the rear of Frank Martin's car, the driver apparently being unable to manage his car, but the consequent damage was small. Another collision occurred on Main street during Sunday afternoon between a Franklin and a Dodge, the latter suffering a bent fender. The Lowell Rogers car is reported to have caught fire during the morning but suffered little damage.

Attorney is Accused.
Charging that Al Saunders and his attorney, G. H. Bishop of Freewater, violated the terms of a stipulation entered into with their attorneys and thereby secured a judgment against them, Alice M. and James F. Tidington have brought suit against the judgment null and void. Defendants recite that Saunders brought suit against them in the Milton-Freewater justice court to collect on a promissory note. They had a meritorious defense they allege, and entered into a stipulation to delay proceedings. Without any notification, they declare, Saunders and his attorney secured a default judgment and had it entered

Week of Lectures in County.
A week in the town of Umatilla county will be devoted to lectures on "Education and Public Opinion" by Dr. James H. Gilbert, professor of economics in the State University at Eugene. Dr. Gilbert's schedule is as follows: Hermiston, April 12; Standfield, April 13; Weston, April 14; Adams, April 15; Ferndale, April 16; Fruitvale, April 17.

Gets Celebration Caps.
The Peoples Warehouse this morning received a large number of hats to be worn by the members of the Umatilla delegation to the Cello celebration on May 4. The hats are purple and in gold lettering are the words, "Cello Canal and Umatilla County, May 4, 1915, Good Roads." The lettering is designed so that "Cello Canal" and "Good Roads" stand out prominently.

O. A. C. Will Play Here.
The fast baseball team of the Oregon Agricultural College will play the Pendleton team of the Blue Mountain league two games next week. Manager Ballard this morning completed negotiations whereby his team will meet the college boys at Round-up Park on Friday and Saturday afternoons, April 16 and 17. The college boys will be enroute to Walla Walla to meet Whitman college and can play here without much additional expense.

Dean Proctor Addresses Students.
Dean Proctor of Pacific University, addressed the students of the high school this morning. He took as his subject "Efficiency, Its Need Today." He told of the advantages that an education gave to the man or woman of today. Some of his comparisons were forceful and unique. In speaking of the foundation that an education gives for after life, he said, "We do not want to live a bungalow life. You can lay down a few shills and build a bungalow upon them, but for the skyscraper that reaches up and up we must have a foundation capable of supporting it." Dean Proctor is visiting his brother, A. Philmaster Proctor.

Columbia School Progressive.
More evidence that the Columbia school in the west end of the county is one of the most progressive of the county rural schools is furnished in a letter received by County Superintendent I. E. Young from Mrs. Lydia McDonald, the principal. Just now, she states, the agricultural grades are doing practical work in budding, making garden, planting trees and getting a lawn started. The students are also engaged in fitting up out-of-door basketball grounds, she writes. The plans for the garden were drawn by Bernard Heller, a sixth grade boy. The school is a two room school, Miss Catherine Carson being the other teacher.

Athens Couple to Wed.
A marriage license was issued this afternoon to Ernest S. Chaddler and Ruth Olive Dockenson and they will be married at Athens tomorrow.

Admitted to Practice.
B. L. Ballard and Osmar E. Smith, two well known young attorneys of this city, were this afternoon admitted to practice before the federal court by Judge R. S. Bean upon motion of Will M. Peterson.

Mrs. Temple's Condition Unchanged.
The condition of Mrs. I. U. Temple, who is suffering from acute pleurisy, is reported this afternoon to be practically unchanged. She was taken to St. Anthony's hospital several days ago when the symptoms became grave.

Round is Very Low.
Frank P. Round, former foreman of the mechanical department of the O.-W. R. & N. Co., is very low at his home on South Garden street and it is feared he cannot recover. He has been afflicted for some months but of late his condition has grown worse.

Solution Case Dismissed.
The case against W. B. White of Hermiston, charged with a statutory offense against a young girl, was this morning dismissed by Justice of the Peace Joe H. Parkes upon motion of the district attorney. Insufficient evidence to prosecute was given as the basis of the motion.

Good Show Coming.
That "Potash and Perlmutter" to be played here Thursday evening will be the best attraction since Margaret Illington is declared by F. E. Welch, manager of the Oregon theater. Wherever the troupe has appeared during the present season the play has been enthusiastically received.

Art Accord is Coming.
Art Accord, popular Round-up rider, will be here Friday and Saturday, not in person but as a movie actor in a film entitled "The Message of Buckshot John" which is to be run at the Alta theater. Accord is now acting in the Paramount pictures and getting plenty of chances to do some tough riding.

Suit for Damages.
Claiming he has been damaged to the extent of \$1048 by the alleged failure of Nehemiah McDonald and John Ritter to fulfill a contract, T. F. Herr has commenced suit against them for that amount. He alleges that he contracted with them verbally to buy ten acres of land from them for \$2000 in 1911 and by reason of the contract expended \$1048 in improvements upon the place. Scott and Butler of Milton are his attorneys.

West End Buried in Mud.
As a result of the storm of Friday evening residents of the far west end of the city are still busily engaged in shoveling mud out of their cellars, off of their walks and from many other places where it was deposited. So great was the flow of water in Tutuilla creek that the waters were backed up over a considerable area. When they receded they left a mud sediment from six inches deep to two feet over many blocks. Herman Peters was engaged in filling in his lot on West Webb street and the waters completed the work.

Driverless Auto Runs Away.
Without a guiding hand at the wheel but with a passenger in the rear seat, the J. W. Myrick automobile took a spin a few days ago that ended in the Walters Mill race, fortunately without damage to car or occupant. Mrs. Myrick had driven the car in front of the home of her daughter, Mrs. Glen Finch, on Perkins avenue while enroute to the farm to take out a new cook. When she went into the house she left the car outside with the front wheels cramped downhill. The cook remained in the back seat. Just as Mrs. Myrick came out of the house, the machine started to glide down hill and continued its way until it stopped in the Walters' race which was dry at the time. Fortunately it made the descent at the only place which was not abrupt and no damage whatever was done.

Well! Some more new ones to show you in Ladies Ready-to-Wear.

There are some Coats, Suits and Dresses you will want to see. Then too, they're priced at about half you would pay elsewhere, because we buy them for less; then we don't add a big long profit. We are satisfied with a small per cent and quick turn over. Better see them.

You will want to see that new silk poplin suit just come in, it's a dandy; \$25 would be a fair price but we buy them different and price is..... **\$12.50**

Other tailored suits in the new blues, sand or putty priced at **\$9.90, \$12.50, \$14.75, \$16.50.**

Have you seen that new white chinchilla coat just the thing for these cool evenings, only... **\$12.50**

Don't forget we sell you coats all this season's models at about half you pay elsewhere, **\$4.98, \$5.90, \$6.90, \$9.90.**

Children's coats for the little ones at only... **\$2.98**

Tailored Skirts; you will be surprised at the values we offer for **\$2.98, \$3.98, \$4.98, \$5.90.**

Shirt Waists, the lingerie kind you pay \$2.00 for elsewhere priced at **98c**

A new lot of real \$3.00 values in shirt waists Golden Rule price **\$1.49**

Silk dresses of poplin, crepe de chine or taffeta only **\$5.90, \$9.90, \$12.50.**

Kimonos of good quality serpentine crepe, seco silk or kimona silk at **98c, \$1.49, \$1.98, \$2.98, \$5.90.**

Silk Petticoats, why pay double our price, **\$1.98, \$2.98, \$3.49.**

YOU CAN DO BETTER AT *The Golden Rule* **WE LEAD OTHERS FOLLOW**

WE have the most complete and up-to-date grinding plant in Eastern Oregon, and can duplicate your broken lens in a few minutes.

W. H. HILL, Optician
with Wm. Hanscom, THE Jeweler

This is the wife of a popular physician of Umatilla county. Her eyes were straightened with glasses in our office in twenty minutes. The principles of glass fitting that did this will give you a glass that will never need changing. Oculists cut the muscles, if either oculists or opticians could do this with glasses there would be no cross eyes.

If you believe what you see in this picture, and you follow our instructions for one month, you are through with eye testing for all time to come. **PARADOXICAL** as it may seem to those who **THINK** they know.

H. SCHOOL STUDENTS STUDY LEGISLATURE

OAKLAND, Cal., April 5.—A delegation of Oakland high school students recently went to Sacramento to see the workings of the state legislature, and so successful was the trip, both in the interest created and in the educational value of the experience, that every high school in Alameda county now is preparing to send its pupils on a similar excursion.

Special trains are being engaged, and the boys and girls will soon make the trip to the capital in delegations of several hundred at a time. The students are urged to make intelligent criticism of the legislators, and the visit of the Oakland students has had the effect of stimulating to great degree their interest in the study of political economy and legislative procedure.

IRVINGTON HEIGHTS

Before you build that proposed home by all means visit Pendleton's new addition. If you are seeking a splendid location and a view unexcelled, locate here. If you are at all interested see

WOMEN WILL MEET WITH WAR VETERANS

WASHINGTON, April 6.—Fully 20,000 members of various women's patriotic societies, more or less connected with the G. A. R. will attend the September encampment in Washington. Mrs. Isabel W. Ball, Woman's Relief Corps officer, announced today. Of these she said considerable portions will be unofficial visitors. However, she predicted that the number of regularly accredited delegates would run into the thousands. Though President Wilson has only tentatively accepted, confidence was expressed that the chief executive would be present at the reception to be accorded the visiting veterans Tuesday evening, Sept. 28.

FOR SALE! 5000 acres well watered, 400 acres in cultivation and meadow. Cuts about 700 tons of hay annually. Much more can be cultivated. 25 million feet of fine saw timber, besides a big lot of smaller. Good house, cost over \$2000, one mile from town; four good barns. Adjoins Nat. forest reserve, and has grazing right thereon. All vehicles and farm implements, some of them new, good blacksmith outfit, and chop mill driven by motor power. You can buy this ranch including the above mentioned property, for \$14 per acre. You can buy with it, 750 well bred cattle, and 90 horses at the market prices; half cash, reasonable time on balance. I have both larger and smaller stock ranches than this, also wheat land, diversified farms, city property, and exchanges.

E. T. WADR, Pendleton, Ore.
