Between You and Us and the Lamp Post

Many a woman who was accustomed to "shopping around" every time she bought supplies has learned that she can do just as well by dealing with us steadily, and saving herself the running from store to store and the not infrequent disappointments and losses that result.

Standard goods, like Crisco, Royal Baking Powder, etc., at standard prices,—a policy of complete satisfaction or money refunded,—and a service that stops at nothing within reason—these are the things that keep our old customers year after year, and each day bring us new ones to add to our visiting list.

ROADS DISTRICT 13 FORMED AT HOLDMAN TO BOOST HIGHWAYS

ENTHUSIASTIC GATHERING ALSO APPOINTS DELEGATES TO PENDLETON.

W. W. Harrah and Otto Earnhart Address Meeting—Road to the Open River Receives Endorsement—Farmers Signify Willingness to Subscribe Toward Building.

HOLDMAN, Ore., April 9.—A very enthusiastic and well attended good roads meeting was held at Holdman Tuesday evening, April 5. A good roads district was organized with F. F. L. McCrea as president and C. F. Cunningham as secretary-treasurer. F. L. McCrea and William Koppers were elected as delegates to the county meeting at Pendleton Friday, April 9th. John Hooper was elected as delegate from North Holdman road district.

The meeting was addressed by W. W. Harrah and Otto Earnhart, both prominent good roads boosters. Mr. Harrah in a very logical and concise speech presented the many advantages of a hard surface road and the particular need of this section for transportation facilities both with the open river and Pendleton.

A number of prominent landholders spoke of the willingness of all concerned to subscribe the cash in addition to supporting a special tax or bonding proposition.

No antagonism was expressed toward any other district but all expressed the desire that the entire county might benefit from the open river. The figures presented by the speakers very easily proved that tonnage of this district alone would in a short time pay for the building of a hard surface road.

Man Takes His Own Medicine
He has absolute faith in his medicine—he knows when he takes it for certain ailments he gets relief. People who take Dr. King's New Discovery for an irritating cold are optimists—they know this cough remedy will penetrate the linings of the throat, kill the germs, and open the way for Nature to act. You can't destroy a cold by superficial treatment—you must go to the cause of the trouble. Be an optimist. Get a bottle of Dr. King's New Discovery today.—Adv.

THE AUDITORIUM OF THE EASTERN OREGON STATE HOSPITAL WILL BE THE SCENE OF GAY FESTIVITY THIS EVENING WHEN THE YOUNG LADIES OF THE PHOENIX CLUB AND THEIR GUESTS ASSEMBLE FOR THE DANCING PARTY WHICH THIS ORGANIZATION ANNUALLY CONTRIBUTES TO THE SOCIAL SEASON.

The young ladies have made elaborate plans for the affair and it has been anticipated with much pleasure all through the Lenten season.

Mrs. Helen Keller, the deaf and blind girl known throughout the civilized world for the almost insurmountable obstacles she has overcome during the past twenty years, was in Pendleton a short while last evening. With her teacher, Mrs. Macy, she was enroute to Walla Walla where last evening she delivered her lecture on "Happiness" under the auspices of Whitman college. The two women came up from Portland on the train that reached here at 5 o'clock and Pendleton people who were on the train speak in terms of highest praise of the charms of the blind girl.

Mrs. J. Newton Burgess, a high score winner in the season's play by the North Side Bridge Club, receiving a pretty compliment yesterday afternoon when she was surprised with a luncheon at the home of Mrs. Will Moore. All of the twelve members of the club were present and following the luncheon, which was a delightful affair, a few hands of their favorite game were played.

Mrs. Arthur G. Means of Umatilla is a guest of Mrs. James Johns, Jr., and will be joined this evening by her husband. For her pleasure Mrs. Johns will entertain informally tomorrow afternoon at her home, 216 Garden street.

Mr. and Mrs. William K. Livingston have been enjoying a visit from Mr. Livingston's mother and sister of Forest Grove.

Mrs. J. R. Dickson entertained the members of the large chorus which recently sang Stainer's "Crucifixion" at the Church of the Redeemer, on Wednesday evening at her home on South Main street. A delightful musical program was enjoyed.

Library News

Following is the monthly report of the Librarian for March, 1915: This month the books circulated in Pendleton show an increase of 442 over March of last year, making a total in Pendleton of 1918. In the county branches 2544 and from the 11 small rural school stations 455. This totals 4917 for March which is a gain of 231 per cent over last year before the county system was established. Ninety-nine books have been withdrawn from our records. These withdrawals have accumulated for several months past but are being taken from the records at the one time. One hundred and forty-two books

were recently sent to the bindery as their condition warranted their being rebound.

It is now time that the periodical subscriptions should be renewed and four new ones are recommended. Very often reference questions direct us to "Current Opinion." The new magazine "School and Society" is to be indexed in the Reader's Guide and Mr. Landers thinks will be worth while taking. Two magazines useful for playground work are recommended by Miss Boyd. They are "Mind and Body" and "American Physical Educational Review."

A large order of 470 new books arrived last week and are well along in the process of preparation for the circulating shelves.

The Eastern Oregon State Hospital has recently purchased several hundred new books for their hospital library and if the county library board would care to offer the assistance of the library staff in organizing this library, it would be much appreciated by the hospital authorities and would increase by that much the value of the county library in its service to the institutions within the county.

Aus Is Vanage Point.

LONDON, April 8.—The capture of Aus, an important station in German Southwest Africa, by troops of the Union of South Africa, is likely to have a strong bearing on the campaign, says a Reuter's dispatch from Cape Town. The place is situated at the end of a 90-mile stretch of desert from Luderitz Bay, and stands at the gateway of a fertile region, where the Union forces will be able to operate with greater freedom, less hampered by the lack of water and pasturage.

Aus is the principal resting place on the great eastern route from north to south. It was strongly held by the Germans, who were prepared to offer a stubborn resistance, but were obliged to evacuate the dispatch says, when Union forces threatened their flanks and line of retreat to Keetmanshoop.

Mine Explosion Kills 11

GREENVILLE, TIL, April 8.—Eleven men lost their lives as the result of a black damp explosion in the Shoal Creek mine here. Approximately 400 others who had just entered the mine escaped uninjured. Ten bodies were recovered.

Self-Support Is Advised.

NEW YORK, April 8.—P. P. Claxton, United States commissioner of education, advocated making children of the public schools self supporting in an address which he delivered before the National Plant, Flower and Fruit Guild here.

"This work you are doing in encouraging each child to have his little garden plot is valuable," he said. "Gardening teaches a child more practical knowledge than any amount of dry textbooks; it keeps him

HOW FRENCH PEOPLE CURE STOMACH TROUBLE.

A household remedy of the French peasantry, consisting of pure vegetable oil, and said to possess wonderful merit in the treatment of stomach, liver and intestinal troubles, has been introduced in this country by George H. Mayr, who for twenty years has been one of the leading down-town druggists of Chicago and who himself was cured by its use. So quick and effective is its action that a single dose is usually enough to bring pronounced relief in the most stubborn cases, and many people who have tried it declare they never heard of anything to produce such remarkable results in so short a time. It is known as Mayr's Wonderful Remedy and can now be had at all leading drug stores. It is sold with the positive understanding that your money will be refunded without question or quibble if ONE bottle fails to give you absolute satisfaction.

Resinol

stops itching instantly!

The moment that Resinol Ointment touches itching skin the itching stops and healing begins. That is why doctors have prescribed it successfully for twenty years in even the severest cases of eczema, ringworm, rashes, and many other tormenting, disfiguring skin diseases. Resinol Ointment makes the skin healthy, quickly, easily and at little cost. Sold by all druggists.

out in the open air and it can easily be made remunerative.

"If one or two boys can raise a hundred dollars' worth of vegetables during the summer months, it makes a great difference to their families. Let the children work. It is the best thing in the world for them, provided the work is congenial and brings into play their creative faculties.

SOCIETY LEADERS AND STAGE STARS TANGO

NEW YORK, April 8.—Stage stars and society leaders will mingle tonight at the annual ball of the Allied Arts, for the benefit of the Actors Relief Fund of America at the Hotel Astor. The Lambs, Friars, Players and Screen clubs and other allied organizations will be represented.

FRECKLES

Don't Hide Them With a Veil; Remove Them With the Othine Prescription.

This prescription for the removal of freckles was written by a prominent physician and is usually so successful in removing freckles and giving a clean, beautiful complexion that it is sold by druggists under guarantee to refund the money if it fails.

Don't hide your freckles under a veil; get an ounce of othine and remove them. Even the first few applications should show a wonderful improvement, some of the lighter freckles vanishing entirely.

Be sure to ask the druggist for the double strength othine; it is this that is sold on the money-back guarantee.

An Everyday Cake

Here is a simple and inexpensive cake that can be varied in many ways with different frostings and icings. It looks a little nicer baked in a tube pan, but will be equally as good baked in a square loaf.

K C Gold Cake

By Mrs. Janet McKenzie Hill, Editor of the Boston Cooking School Magazine.
1/2 cup butter; 1/2 cup sugar; yolks of 4 eggs, beaten light; 1 cup flour, less 2 level tablespoonsful; 2 level teaspoonfuls K C Baking Powder; 1/2 cup milk; grated rind of 1 orange.

Sift flour and baking powder together three times; cream butter and sugar, beat yolks of eggs, add these to creamed mixture, and lastly add the moisture and flour alternately, beating butter until smooth. Gold Cake can only be made successfully by beating yolks of eggs, very, very creamy and light lemon colored, using a rotary beater. The rotary beater is the only beater that will do justice to the yolks of eggs. The beating kills all egg taste and improves the texture of the cake.

Cocoanut Frosting
Beat the whites of 2 eggs dry; gradually beat in half a cup of sifted confectioner's sugar and continue the beating until the frosting is smooth, thick and glossy; then beat in grated cocoanut, fresh or prepared, and spread upon the cake. This frosting is made thick by beating rather than by sugar.

Save this recipe. You will want to use it frequently. Or better, send us the colored certificate packed in each 25-cent can of K. C. Baking Powder and we will mail you "The Cook's Book" containing this and 89 other baking recipes equally good—all by Mrs. Hill. Jesse Mig. Co., Chicago.
