(Written for the United Press.)

NEW YORK, Apr. 14.—They're off today. The chase for the 1915 championship began when the National and American leagues opened their seasons. Seven months of baseball of the "organized" big league variety was served up on the platter to American fandom today. Seasons in both leagues close October 7. Then comes the world's series.

Great celebrations today in cities lucky drawing the opening games were held. The usual brass band parades with mayors, governors and baseball magnates tossing out the first ball were scheduled. President Wilson is slated for this duty in Washington today if he can discard cares of state for the call of the horsehide.

Old Doc Weather was the big factor in today's baseball debut. Fans anxiously scanned the clouds this morning. At most cities the click of the turnstiles was begun at noon. All cities reported "standing room only" on advance sales.

Mayor Mitchell promised to toss out the ball today at the Polo grounds, where the Giants and the Brooklyn Dodgers had a mammoth crowd awaiting the clang of the gong. "Big Six" Mathewson and Nap Rucker were slated for the mound. McGraw however, was not fully decided and may substitute Teague at the eleventh hour.

The world champs, Boston Braves, had the Phillies as their foes at Beantown, with a capacity crowd promised to welcome the champions. Manager Johnny Evers planned to pitch big Dick Rudolph, but Tyler and James are "in the hole."

The Pirates were at Cincinnati to battle Charley Herzog's Reds and at Chicago, Roger Bresnahan's Cubs opened the West Side park with the Cardinals.

In the American league the Collinsless, Bakerless Athletics opened at Shibe Park with the Boston Red Sox, the latter picked by many fans as the probable American league pennant winners. Walter Johnson at Washington will, as usual, pitch the opening game there against Bill Donovan's rejuvenated Yankees, with King Cole as the probable pitcher for the latter.

With Eddie Collins in a White Sox uniform at second, the Chicago team will meet Branch Rickey's Browns at St. Louis, and Ee-yah Jennings' Tigers hook up at Detroit with the Cleveland cellar champs.

Switches and trades, drafts and purchases since the season closed last fall gave fans renewed interest in the new lineups presented for the first time today. The Athletics showed the best record change, with Nap Lajoie on second instead of Collins, and Coombs, Bender and Flank absent from the pitchers' roll.

All managers made their usual ante-season pennant claims today, with all eight teams in each league certain of the "old rags."

Tighter races are assured, however, in both leagues. The Giants and the Braves look to me like the class of the veteran organization, and the Red Sox and the White Sox in the Americans.

Soph Girls Beat in Indoor Baseball

Last evening in the high school gymnasium the girls of the Washington school and those of the sophomore class of the high school played the closest and most exciting game of indoor baseball seen this year. It was not until the last inning that the sophomores showed their superiority, thus breaking up what had been almost a tie game from the first. The final score was 23-16.

This is perhaps the last game the sophomores will have to play as they have defeated almost every other team in the league, which was organized by Miss Cecile Boyd, the physical instructor of the city schools.

812,000 Allies Captives.

AMSTERDAM, Apr. 14.—A dispatch received here from Berlin says that on April 1 812,508 prisoners of war were being held in Germany—10,175 officers and 802,333 men.

The dispatch gives the prisoners by nationality as follows: French, 3828 officers and 228,489 men; Russian, 5149 officers and 694,210 men; Belgians, 647 officers and 39,220 men; British, 630 officers and 20,297 men.

Society women of Pendleton are gathered this afternoon in the Eagle-Woodman hall for the bridge party given by six prominent matrons, Mrs. R. Alexander, Mrs. Charles Bonney, Mrs. Will Moore, Mrs. James B. McCook, Mrs. John F. Robinson and Mrs. Eliza T. Wade.

The first meeting of the Jolly Neighbors since Lent put a check to social activities was held yesterday afternoon at the apartments of Mrs. Harry E. Bickers on Main street. Mrs. Bickers being hostess, and it proved as enjoyable as the name of the club would suggest. The club prize was won by Mrs. Lowell L. Rogers, while guest honors were captured by Mrs. Charles M. Stype. Guests additional to club members included Mrs. Charles F. Coleworth, Mrs. James B. Perry, Mrs. Stype, Mrs. C. S. Jerard, Mrs. Joseph V. Tallman, Mrs. George E. Perlinger, Mrs. Walter S. Bowman, and Mrs. H. H. Hattery.

Mr. and Mrs. Jerry Stone were down from Athena yesterday in their automobile.

About forty ladies yesterday afternoon attended the meeting of the Presbyterian Ladies' Aid Society, which met at the home of Mrs. Frank E. Boyden on Lewis street, Mrs. Boyden, Mrs. Horace Mann, Mrs. W. P. Temple and Mrs. P. J. Hegeman being hostesses. The entertainment consisted of very pleasing vocal selections by Mrs. Carl Power, Mrs. E. B. Aldrich and Miss Mayree Snyder. Plans for the services a week from Sunday which the ladies are to sponsor were discussed to some extent during the afternoon.

TREES AS WINDBREAKS ON IRRIGATED SANDY SOILS

OREGON AGRICULTURAL COLLEGE, Corvallis, Oregon, April 13.—The need of windbreaks to protect soils of many irrigated regions, especially those of Eastern Oregon, is pointed out in a new bulletin written by Superintendent R. W. Allen, of the Umatilla Branch Experiment Station and issued by the Oregon Station. The continuous need of shelter renders the permanent form of windbreaks necessary for best protection, says Mr. Allen. Since trees reach higher than any other form of windbreak and permit wider spaces between successive rows, they are the most effective. And the kinds of trees adapted to the various conditions of the different districts are being determined by extensive experimental plantings.

The value of the windbreaks lies in their influence in diminishing soil erosion, mechanical injury to soils and crops, and evaporation from and plants. One of the most harmful effects of soil erosion, though frequently overlooked, is the removal of the finer and more fertile portions from the soil, leaving the coarse sands. If soil blowing continues the soil cannot be improved.

The location of windbreaks is considered in the bulletin, which gives much valuable information on the principal phases of trees and hedges as windbreaks and the use of ornamentals on the farm. The bulletin will be sent free to any resident of Oregon.

Taking Care of the Children.

No parent would consciously be careless of the children. Joe A. Roman, Clarkston, Neb., uses Foley's Honey and Tar for his two children for croup, coughs and colds. He says, "We are never without Foley's Honey and Tar in the house." A distressing cough, sleepless nights and run-down, inflamed throat lead to a bad condition in which the child is not able to resist contagious or infectious diseases. Foley's Honey and Tar is truly healing and prompt in action. It relieves coughs, colds, croup and whooping cough. Sold everywhere.—Adv.

Powder Plant Adds Men.

TACOMA, April 14.—Forty-five men have been added to the payroll of the Dupont Powder Works south of Tacoma, it was announced. Increased demand for explosives is the reason.

The Japanese steamer Hakuhaika Maru in port loading will take 1000 cases of dynamite for Vladivostok.

The steamer Robert Dollar, which left this week for Vladivostok, took a similar shipment and 1000 cases of dynamite will be sent from the Dupont Works to Montana next week. All employees of the Dupont Works recently were given a wage increase of 20 per cent.
