HAMS—LARDS—BACONS

PERSONAL MENTION

M. D. Orange, well known Juniper farmer, was in the city yesterday. James H. E. Scott, Milton attorney, is a business visitor here today. Marvin Watta, manager of the flouring mill at Athens, has been here today. J. M. Scarborough, well known Hermiton merchant is a visitor in the city today. J. B. Saylor has been in the city today on a business trip from his home at Milton. Leon Cohen, prominent local merchant, left yesterday for Portland on a short business trip. Superintendent William Bollins of the O.-W. R. & N. Co. is in Pendleton today on a trip of inspection. J. W. Brooks, Walla Walla attorney who was interested in a case on trial yesterday, was a guest of the Pendleton. Jack A. Gibson and family returned Sunday from Dallas, Ore., where they had been in attendance upon Mr. Gibson's mother who is still very ill.

Socialists strike.
MILAN, April 14.—A general strike of all workmen was launched in a protest against the killing of a socialist by policemen Sunday during an anti-war demonstration. Great pressure was brought to bear in an effort to prevent calling the strike on the ground the action would place Italy in an unfavorable light abroad.

MARRIES AGAIN.

MRS. CORNELIA B. TOMLIN.

LONDON, April 14.—Announcement is received here from Paris that Mrs. Cornelia Baxter Tevis, eldest daughter of Governor and Mrs. George W. Baxter of Knoxville, Tenn., has been married to Evelyn Tolin of London. Mrs. Tevis was given away by the American ambassador. It is reported that Mrs. Cornelia Baxter married Hugh Tevis, California millionaire who died in Japan on their honeymoon. She married Hart McKee, the divorced Pittsburgh millionaire in 1905 and went to Paris to live. They were divorced and she resumed the name of Tevis.

Why does it pay to trade at THE HUB?

Because we undersell the other fellow. We don't care what the other fellow's prices are, you can always buy the same goods at the HUB for less.

IN BANKRUPTCY.
In the District Court of the United States for the District of Oregon. In the matter of Jesse D. Holden, a Bankrupt.
To the creditors of Jesse D. Holden, of Pendleton, in the County of Umatilla and District aforesaid, Bankrupt.
Notice is hereby given that on the 12th day of April, A. D. 1915, the said Jesse D. Holden was duly adjudicated a bankrupt and that the first meeting of his creditors will be held at the office of the undersigned referee in bankruptcy at Pendleton, Umatilla County, Oregon, on April the 27th, A. D. 1915, at 10 o'clock a. m. of said day, at which time and place the creditors may attend, prove their claims, appoint a trustee, examine the bankrupt, and transact such other business as may properly come before the said meeting.
Done and dated at Pendleton, Oregon, this 13th day of April, A. D. 1915.
THOS. FITZ GERALD,
Referee in Bankruptcy

READJUSTMENT OF COAL RATES WANTED

CHICAGO, April 14.—Readjustment of coal and coke rates, proposed by western railroads in the "western advance rate" case, was argued today in the interstate commerce commission's investigation. Local coal operators of Illinois, Ohio, Indiana, Oklahoma and other middle western states opposed proposed rate increases.

Are breach of promise suits actually more numerous in the springtime, or do they merely seem so?

PROHIBITION IN ENGLAND.

(Continued from Page 1.)

side of the wedge between Saint Michel and Point-a-Mousson. Three times they advanced in attempts to take the strong German positions in the Ailly forest, but were repulsed with fixed bayonets after a bloody hand to hand encounter, it was declared.

BERLIN, April 14.—At least 500,000 Russians have been killed, are missing or wounded since the beginning of the Carpathian fighting, according to semi-official report. Official reports show the Russians have lost 71,000 troops and 508 officers since the war opened.

NOTICES

(Continued on Page 2.)

Mrs. Jerome Troxel and Mrs. Ross Carney entertained six tables at Five Hundred Tuesday evening at the home of Mrs. Carney.

Mr. and Mrs. S. A. Mentzer have returned from an extended trip through the east and south. They returned by way of San Francisco and visited the Panama-Pacific fair.

Yesterday afternoon at 4 o'clock in the office of Recorder Thomas Fitz Gerald, Oliver Smith and Miss Catherine Lander of this city were united in marriage. Recorder Fitz Gerald officiating. The only witnesses were Mrs. O. A. Stoltz and John Kearney.

PROPRIETOR INDICTED.

(Continued from page one.)

The French government, for 1909, Sheriff Taylor, who happens to be president of the Round-up, and S. R. Thompson, livestock director, learned of the theft and recovered the animal, later re-selling him to Huston, Simms was arrested by Sheriff Taylor and is said to have made the statement that he acted upon instructions from Temple.

Both Temple and Simms were arraigned this morning and given until Friday morning at 10 o'clock to plead. They were placed under \$1500 bonds, Temple furnishing his and Simms going back to jail. Temple has retained W. M. Peterson to defend him, while Simms has employed L. A. Esteb of Echo.

Other Indictments.

Six other indictments were returned this morning by the grand jury but bench warrants had to be issued for four and they have not yet been served. Hillary O'Keefe, who is alleged to have robbed Fred Shellenberg in a local rooming house and who was subsequently arrested at Boise, was indicted for larceny and Ray Clark of Milton was indicted for larceny not in a dwelling. Clark was arraigned this morning. W. L. Holbrook was arraigned yesterday afternoon and this morning pleaded not guilty to larceny. S. A. Newberry is defending him.

Among the witnesses being examined this morning were seven young men who were at German Hall Saturday night when the cutting affair took place.

AEROPLANE STUNTS ARRANGED FOR VETS

WASHINGTON, April 14.—Members of the arrangements committee for the G. A. R., encampment to be held in Washington this fall said today that a fine aeroplane exhibition was assured for the gathering. While the army's machines are all in the far west it was stated that the navy planes in the east would be available. Secretary Daniels has expressed much interest in illustrating to the veterans all such military developments since their days of active service.

TRADE COMMISSION TO TAKE CARE OF TRUSTS

CHICAGO, April 14.—Federal district attorneys in general and the department of justice in particular may be relieved by vigilant investigations of corporations suspected of anti-trust violations by the automatic workings of the federal trade commission, according to Federal District Attorney Charles F. Clyne. Especially will this be true of equity cases, Clyne declared. The functions of the commission will practically reduce the number of cases district attorneys take initiative in investigating investigations to an almost irreducible minimum, he believes.

"I do not mean the trade commis-

al body seeking evidence to convict business men," he said. "But its functions are to a great extent remedial and restraining. It likely will be protective of legitimate interests and preventive of corporations violating commerce laws."

Quickly Relives Without Distress

The congestion of waste and refuse from the stomach, fermenting in the bowels, generates poisonous gases that occasion distress and invite serious illness. Health and comfort demand that this congestion be speedily relieved and the foul mass expelled.

The well-founded objection most people have to the violence of cathartic and purgative agents is overcome by using the combination of simple laxative herbs with pepsin that is sold in drug stores under the name of Dr. Caldwell's Syrup Pepsin. A dose at night brings relief next morning, without discomfort or inconvenience. A free trial bottle can be obtained by writing to Dr. W. B. Caldwell, 452 Washington St., Monticello, Ills.

Millinery of today

CANADIAN SHIPS ARE RIVALRY OF YANKEE'S

CLEVELAND, April 14.—Opportunity for an American monopoly of shipping between ports in the United States and South America is threatened by Canadians, who are now operating more than half of the ships plying on the Great Lakes.

Canadian vessel owners, anticipating a long period of business depression in the dominion as the result of the war, declare they will send 50 ships through the Welland canal, equip them for ocean traffic and go after the South American trade.

At the present time there are on the lakes over 100 Canadian vessels, each of 2200 tons capacity, which is small enough to pass through the Welland canal and large enough for ocean traffic. On the Great Lakes there are about twenty-five of the vessels owned in the United States.

Many of these Canadian boats will be sent through the canal, down the St. Lawrence and to the coast.

SCHOLASTIC HONORS ARE WON BY GIRLS

BOULDER, Colo., April 14.—Scholastic honors to the girls again. The smartest students at the University of Colorado, according to official marks, are the women students, with an average of 81.02. The general average of the men was 77.16. Members of fraternities, however, averaged lower than athletes and non-fraternity men.

A 14-year limit for common occupations was established in Alabama this year to go into effect in 1915, thus reducing the number of states without a 14-year limit to five. The law also contains a 16-year limit for mines and regulates street trading and the night messenger service.

CONGRESSIONAL UNION CAN ACCOMPLISH MISSION

NEW YORK, April 14.—The Congressional Union hopes to exist only one year, and in that space of time to accomplish its mission—national suffrage, said Mrs. William Kent, of California, a delegate to the conference. In a year the union hopes to pass the Susan B. Anthony amendment through congress, and encompassed, it has assurances that the 27 states needed would vote for it, thus giving nation wide suffrage.

WHEAT CROP.

(Continued from page one.)

tions the spring wheat is indicating an uncommon yield, although the shortage in rainfall will not be felt for some time.

One thing noticeable about the wheat acreage this season in the Pacific northwest is that in the sections where the greatest output per acre is generally shown, the increase in acreage has been limited—some showing practically none. The gains have almost invariably been made in the lighter land sections. Therefore do not mean as much to the total output as would be the case if the increase was spread over the entire Pacific northwest.

Umatilla Gain Small.

In Walla Walla county, Wash., and in Umatilla county, Oregon, the gains have been practically too small to consider. In the Big Bend and Palouse the showing is better so far as acreage is concerned. In Sherman and Gilliam counties, as well as Morrow county, Oregon, the increase in the planted area is more noticeable. Central Oregon likewise has a very liberal increase in the wheat planting over a year ago, although last year's showing was comparatively small, due to unfavorable climatic conditions. In the Willamette valley there has likewise been a liberal increase in the area of all grains and down in the Klamath county a similar condition is shown. Baker county has some increase in the planted area of wheat.

The Crops in Idaho.

In Idaho the increase in wheat planting is marked in some localities and practically nominal elsewhere. Total acreage of the state, however, is fractionally greater than in 1914.

Coarse grain acreage also promises to be heavier than a year ago and crop prospects are excellent.

Reports from various fruit growing centers of the Pacific northwest practically assure the greatest combined crop of fruits in the history of the Pacific northwest. Apple blossoming was much more profuse than a year ago. The cherry trees were simply loaded with blossoms and most of them have already "set."

The pear crop shows a similar condition in most sections. Peaches have been hurt somewhat in a few sections but an average output is now generally expected.
