The owner of a passenger-service car, running in the valleys and mountains of California, writes: "We have driven twelve thousand miles. Zerolene has been used exclusively. O-W R AND N IS NOW PART OF THE UNION PACIFIC R. R. SYSTEM

NUMBERS ARE BEING CHANGED RAPIDLY ON ALL ROLLING STOCK.

Change Is Being Made for Sake of Convenience—Easterners Can Now Be Routed Clear Through to Portland on the One Line—This Plan Will Avoid Much Confusion.

Hereafter the O-W. R. & N. Co. lines will be known in the railroad world as a part of the Union Pacific system and already engines and cars passing through Pendleton give evidence of the change taking place. Numbers are being changed as rapidly as possible on all of the rolling stock of both the O-W. R. & N. and the Oregon Short Line.

Late O-W. R. & N. folders show in large type the words "Union Pacific System" at the top, while below in smaller type appears "O-W. R. & N. railway."

Letter heads of the O-W. R. & N. also bear as a heading "Union Pacific System," while O-W. R. & N. appears in smaller type in the corner of the paper.

Indications for the past few months have been that the unmerger of the Southern Pacific and Union Pacific system will cause the systems to divide the smaller subsidiary roads, and it now appears that in pursuance of this policy the O-W. R. & N. and Oregon Short Line will become an integral part of the Union Pacific.

According to T. F. O'Brien, local agent, the change is being made for the sake of convenience. For instance, if an easterner wants to come west now he can be routed by the Union Pacific clear to Portland whereas before he would be routed by the U. P., O. S. L. and O-W. R. & N., leading to much confusion through the fact that easterners are not acquainted with the O. S. L. and O-W. R. & N.

DOPE Famine PROVES A CHECK TO CRIME

PHILADELPHIA, April 15.—Police authorities of this city believe that the curtailment of the drug supply, brought about by the Harrison anti-narcotic law, will be a powerful factor in eradicating the wave of crime which has reigned here during the last year.

Since the law went into effect, according to Superintendent of Police Robinson, there has been a noted enforcement of the law against the sale and possession of habit-forming drugs is responsible for the decrease.

Japan Alarms Missions. WASHINGTON, April 14.—Several prominent American missionaries have cabled from Peking to the government here saying it is said, that they thought it their duty to call the attention of the United States officials to the gravity of the situation arising out of the Japanese demands on China.

The signers of the message included Charles A. Hubbard, W. A. P. Martin, ex-president of the Imperial University; Chauncey Goodrich, H. H. Lowry, president of the Peking University; John Wherry and Edward W. Thwing.

A couple of dozen young fellows met in the Commercial gymnasium Wednesday and took preliminary steps toward organizing an amateur athletic club. There was plenty of enthusiasm for the venture and sentiment favored starting class work at once. By fall it is hoped to have a full-sized club of clean men, young and old.

Bobby Davis is picking up in his hitting for the Portland Beavers. In the opening game at Portland Wednesday, won by Venice 6 to 3, he poked out two of the seven hits garnered by McCredie's men.

DRAMATIC CHAT.

BY BEAU RIALTO.

NEW YORK, April 15.—Despite desperate efforts of the "legit," to stem the tide of popularity of the "movies" invasions of Broadway by the film shows is increasing rather than decreasing. New movie houses are now in the midst of spring openings. Gotham's "moving picture city" population is also increasing.

While actors and actresses complain that the movies are sending them to the soup houses and bread lines, the movie promoters insist that more work than ever is being given. The trouble seems to be that new actors and actresses are getting the jobs—the movie kind with the facile faces—while those that cannot adapt themselves to the new craze are suffering.

This week has seen the launching of several new feature films and the surrender of more "legit" stars to the wiles of the movie magnates' rolls of yellowbacks. Such stars of drama as William Faversham and James K.

Hackett have signed contracts to create a new bunch of matinee admirers via the screen route.

New York is one of the few places, too, where the film fans can see their favorites on the screen and then turn their heads and see them in life seated at their elbow. The Vitagraph Theatre, where new films are "tried on" New York audiences, is gaining popularity because so many of the film stars can be seen in the life in the lobby or orchestra circle. This week I enjoyed a delightful new Vitagraph comedy, "Timid Mr. Tooles," with Mr. and Mrs. Sidney Drew in the star parts and then found them both in adjoining seats watching how their film would "go." It went fine. Incidentally the work of John T. Kelley in this film is alone worth the price of admission.

The Friars Club is to have a new clubhouse at 104-110 West Forty-eighth street. Among subscribers are "Diamond Jim" Brady, \$5000; James K. Hackett, \$5000; Harrison Fisher, \$3000 and many at \$1000. Who said "hard times" along the rialto?

OREGON AGGIES BEAT WHITMAN

Bellinger's Slants Liked by Corvallis Team, Which Wins, 9 to 6. WHITMAN COLLEGE. Walls Walls, Wash., April 15.—The Oregon Agricultural College nine won from Whitman Wednesday in a slow game, 9 to 6. The game was marked by the frequent errors by both teams and the hitting of the Aggies. The Oregon men amazed 11 safe bingles off Bellinger, one of which was for three bases, with the bases full. Doolittle was on the mound for the Aggies and allowed but six hits. He struck out six and passed three. Bellinger had nine strikeouts to his credit. Both teams scored heavily in the

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. The Giant Among Tires

Last year we sold 1,479,883 Goodyear pleasure car tires alone—about one for each car in use.

Yet Goodyear has some hundred rivals. How came this tire to dominate like that?

This is the reason: In the years before we sent into service millions of Fortified Tires. And those tires, by their records, sold the tires of last year. You know that's the only reason.

Supremacies

In at least five ways these tires excel all others. Each way is important. Each is exclusive to Goodyear Fortified Tires. These ways combat rim-cut,

blowouts, loose treads. They combat insecurity, punctures and skidding, as in no other tire that's built.

We spend millions on them, but they save our users more millions. They have made these the super-tires.

3 Price Cuts

In two years we have made three price reductions, totaling 45 per cent. The last was on February 1st. Thus every saving, due to mammoth output or other reasons, is promptly passed on to our users.

Yet the tires grow better as prices come down. We spend \$100,000 yearly in seeking new ways to improve them. You owe yourself a trial of such tires. Any dealer will supply you. (222)
