### Library News

"SEE AMERICA FIRST."

An sentiment among travelers this year is for "seeing America first," the library has purchased several new books of description and travel in the western states and South America.

Those who expect to enjoy a vacation of western travel will be interested in reading in advance about the special points of interest as given in these books.

**Atherton—California, an intimate history.**—Mrs. Atherton tells the picturesque story of California from the days of the Spanish missions to the present. She says: "In compressing the history of California into one volume it is only possible to select the main historic events for treatment, connecting them with a synopsis of the contributing causes and illustrating them with all the personalities and anecdotes available." A book of importance beyond its possible momentary use by those who would know something of the land toward which their feet are set.

**Austin—California.**—The collaborators have succeeded in conveying both by text and illustration, something of the charm of the California landscape. The thirty-two colored plates by Sutton Palmer are delightful and give an excellent impression of the wonderful variety and striking contrast of scenery throughout the state. The text is equally attractive. Has the appearance of a gift-book.

**Enock—Ecuador.**—A comprehensive survey of Ecuador, on which there has been hitherto no adequate English book. Like others of the series, it deals with history and antiquities, government, natural scenery, people, resources and economic possibilities, with a view to the interests of prospective investors and settlers or others seeking practical information.

**Markham—California** the wonderful—A work that is both historical and descriptive. The author, who is a Californian, writes with enthusiasm for his native state. He gives glimpses of early history, with an account of the geological background of the state; writes of the original Indian tribes; devotes one chapter to the old missions and their romance; and tells the story of the transformation brought about by the discovery of gold. Many chapters are descriptive of California's wonderful scenery, and her industries are not neglected. One chapter is devoted to the women of California; one to intellectual California, and one to Oregon and Washington, her northern neighbors. The book contains much of the information that the traveler, starting for California in this year of expositions will desire.

**Mills—Wild Life on the Rockies.**—The explorations, adventures, observations and impressions of a government expedition officer in the wilds of Colorado. A sturdy mountaineer, a calm philosopher, a great nature-lover, the author writes of winter excursions, mountain climbing, furred and feathered life, of rocks and trees, all with a love and reverence for unspoiled, primeval grandeur. The work is fittingly illustrated and is dedicated to John Muir.

**Powell—End of the Trail.**—A very readable description of a motor trip from Mexico to Alaska, along the Pacific coast, off the beaten track. Interesting to travellers and a strong argument for "seeing America first." Gives historical background and enough facts and figures to make the book useful to homeseekers. Photographs illustrate frontier life. It is a good book to put into your collection if you are going to the Pacific coast next summer; and indispensable if you propose to extend your journey north of the international boundary. A book which reclothes our own country with some of the primitive charm, the glow and fascination which enveloped the new world at the time of its discovery.

**Vivian—Peru.**—One of a new series of informational and statistical guides to South America, designed for manufacturers and intending investors. Arranged to fit a definite outline, which allows little originality of treatment. Contains a gazetteer of towns, and appendices relating to postal facilities, currency and kindred topics.

**Wood—Tourists California.**—A comprehensive guidebook, readable, and timely on account of the approaching exposition. A chapter of general information is followed by others on hotels and restaurants, theaters and sports, and descriptions of trips which may be taken from San Francisco to the Upper Coast region, to Sacramento, the Yosemite, the mission country and elsewhere throughout the state. List of tourist cities and resorts.

**New Fiction.**  
Adams—Health Master.  
Breber—Christopher Quirlez.  
Buck—Battle Cry.  
Davies—Tinder Box.  
Freeman—Copy-cat and Other Stories.  
Gale—Neighborhood Stories.  
Greene—One Clear Call.  
Grey—Light of Western Stars.  
Hagedorn—Faces in the Dawn.  
Hannay—Lost Tribes.  
Hartman—White Sapphire.  
Hay—Happy-go-Lucky.  
Lafon—Jean Gilles, School Boy.  
MacManus—Yourself and the Neighbors.  
Montgomery—Chronicles of Avonlea.

O'Higgins—Adventures of Detective Barney.  
Oppenheim—Mr. Grex of Monte Carlo.  
Oppenheim—Pay envelopes.  
Pawlowaka—Child Went Forth.  
Reeves—Lady and Her Husband.  
Richmond—Strawberry Acres.  
Rile—Children of the Tenements.  
Rinehart—Street of Seven Stars.  
Sedgwick—Encounter.  
Sutner—When Thoughts Will Soar.  
Turnbull—Looking After Sandy.  
Vachell—Quinn's.  
Wason—Happy Hawkins in the Panhandle.  
Watts—Rite of Jennie Cushing.

## You can't be too careful of the Meat You Eat

Cattle, like people, are not all healthy. If great care is not taken, diseased and contaminated meat is liable at times to find its way into your home.

It is as dangerous and deadly as poison.

—protect your home

—demand government inspected meat

We sell U. S. government inspected meats, examined by Uncle Sam's veterinarians. Nothing can pass by them but what is pure, wholesome and germ-proof.

### TRACK FOLLOWERS ON HAND AS RACE OPENS

**HAVRE DE GRACE, Md., April 16.**—The real 1915 spring racing season of the north opened today at the Havre De Grace tracks, with a big attendance of track followers from Baltimore, Philadelphia and Washington present. The inaugural handicap was the big feature of today's card.

### MAYOR OF CITY PAID 25 CENTS PER MONTH

**CRIPPLE CREEK, Colo., April 16.**—Mayor—25 cents a month; each of four aldermen—8 1-2 cents a month. With these salaries there were, nevertheless, many candidates for office at the election held April 6. The highest salaried city official is the city clerk who gets \$50 a month.

# Women Everywhere

## Praise Lydia E. Pinkham's Vegetable Compound

Women from the Atlantic to the Pacific, from all sections of this great country, no city so large, no village so small but that some woman has written words of thanks for health restored by Lydia E. Pinkham's Vegetable Compound. No woman who is suffering from the ills peculiar to her sex should rest until she has given this famous remedy a trial. Is it not reasonable to believe that what it did for these women it will do for any sick woman?

### Wonderful Case of Mrs. Crusen, of Bushnell, Ill.

**BUSHNELL, Ill.**—"I think all the trouble I have had since my marriage was caused by exposure when a young girl. My work has been housework of all kinds, and I have done milking in the cold and snow when I was too young to realize that it would hurt me. I have suffered very much with bearing down pains in my back and such miserable pains across me, and was very nervous and generally run down in health, but since I have taken Lydia E. Pinkham's Vegetable Compound my back never hurts me, my nerves are stronger, and I am gaining in health every day. I thank you for the great help I have received from your medicine, and if my letter will benefit suffering women I will be glad for you to print it."—Mrs. JAMES CRUSEN, Bushnell, Illinois.

### A Grateful Atlantic Coast Woman.

**HONOLULU, Me.**—"I feel it a duty I owe to all suffering women to tell what Lydia E. Pinkham's Vegetable Compound did for me. One year ago I found myself a terrible sufferer. I had pains in both sides and such a soreness I could scarcely straighten up at times. My back ached, I had no appetite and was so nervous I could not sleep, then I would be so tired mornings that I could scarcely get around. It seemed almost impossible to move or do a bit of work and I thought I never would be any better until I submitted to an operation. I commenced taking Lydia E. Pinkham's Vegetable Compound and soon felt like a new woman. I had no pains, slept well, had good appetite and was fat and could do almost all my own work for a family of four. I shall always feel that I owe my good health to your medicine."—Mrs. HAYWARD SOWERS, Hodgdon, Maine.

For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. No one sick with woman's ailments does justice to herself if she does not try this famous medicine made from roots and herbs. It has restored so many suffering women to health. Write to LYDIA E. PINKHAM MEDICINE CO. (CONFIDENTIAL) LYNN, MASS., for advice. Your letter will be opened, read and answered by a woman and held in strict confidence.
