YOUR attention is respectfully called to an important point not generally known, that a laxative should have a tonic element to successfully meet constipation.

Mr. John B. Capers, of 610 Pecan St., Fort Worth, Texas, had a significant experience in this particular. He was afflicted with a severe case of constipation and bowel trouble. He spent a good deal of money in trying to find a remedy. To his astonishment Peruna very quickly relieved him of his bad symptoms.

This happened a number of years ago. Since then, Mr. Capers states that he has had similar attacks of trouble, the prominent symptom of which is constipation, and has always found prompt and efficient relief from Peruna. He says: "Up to the time I started using your Peruna I could drink castor oil like water. It did no good. As for salts, they were of no use. Physica of all kinds and classes were used, but we had to call on the fountain syringe for help." Peruna was able to correct this condition completely in Mr. Capers' case, and there is every reason to believe that it was the tonic qualities of Peruna, added to the laxative qualities, that procured this very desirable result.

Miss Nellie Darr, who is teaching school in Athena, came home Friday.

ECZEMA IN PIMPLES ON FACE, NECK

And Head, Itched Terribly, Prevented Sleeping, Burned When Scratched, Hair Fell Out. Used Cuticura Soap and Ointment. In One Month Freed From Eczeama.

LaCledo, Idaho.—"My trouble began on my face, neck and head with small red pimples. They told me it was eczeama. It itched terribly throughout the day and prevented me from sleeping at night. It burned scarily when I scratched it. My hair fell out and was very thin and lifeless."

"I took treatments but with no good results. I read and thought I would try them. So I bought a box of Cuticura Soap and Ointment and began to use them immediately. After using them two weeks I was relieved from the itching and a month later I was entirely freed from the eczeama." (Signed) Amosie Meria, June 5, 1914.
