NEWS OF FARM & RANGE

WAREHOUSE COMPANY IS OPTIMISTIC OVER WOOL

GREAT SHORTAGE IN AUSTRALIAN CLIP WILL HELP BULL AMERICAN PRICES.

That the wool market will be strong as soon as the buyers come west in sufficient numbers to make some competition is indicated by the advice of the Portland Wool Warehouse company embodied in a letter to patrons April 15. In part the letter states:

As is usual this time of the year, there is apparently a quiet market prevailing in the lack on the part of the wool buyers to indicate in the least to the grower what he may expect to pay for his wool. Taking, however, as a basis for prices the actual sales that are being made today, fully substantiated that wool prices are strong with no apparent reason for a break. The reported shortage of some 400,000 bales in Australia means 170,000,000 pounds less wool to be shorn in Australia, and if this is true it will be a decided advantage to the strength of our domestic wools.

We have received up to the present time in the neighborhood of 250,000 pounds of wool, most of which has been shorn along the Columbia and in the Yakima valley in Washington. These wools are now being graded and will be offered for sale in the very near future, and after that time we will be able to give to you more fully the price you may expect to receive. We beg to report sales of short, fine wool this week of 22 1-2c a pound.

Heppner Makes Protest—At the mass meeting of the people of Heppner and the users of the Umatilla national forest last Friday night it was presented the reasons against the removal of the forestry office from Heppner the unanimous opinion of all present was that any change in the location of the office was undesirable and that Heppner was the logical place for this office.—Heppner Herald.

Rain is Beneficial—Over two inches of rain has fallen in the last two weeks, which has been a great aid in bringing out the late sown grain. In fact, after the rain of a couple of weeks ago, the grain seemed to shoot up overnight. Fruit trees of all descriptions are in bloom and even the locusts are leaving out very fast.—Pilot Rock Record.

Grass Will be Good—Forest Supervisor J. M. Schmitz has returned from a several days' inspection trip through portions of the Wenaha reserve, made especially to measure cord wood and to investigate range grazing conditions.

Mr. Schmitz states that early range grazing will be splendid this year, the lack of snow having no effect on mountain grass, which is always good in the spring and depends later in the season on the late rains. Mr. Schmitz also says there is considerable tick fever among the cattle on the Umatilla and that on Meacham creek there is a lot of trouble with rabbit coyotes.

Expect Big Crop—Fruit growers must get together at an early date on the handling of this year's crop. We have an organization already, but not all with fruit for sale this year are members. Everyone should get in and stick together. Unless this is done best results will not be secured. It now seems certain that the Hermiton district will have an enormous crop this season—one to be measured by the carload. It will require good business to handle this output and we hope the first real crop will be taken care of right.—Hermiton Herald.

Two East End Deals—W. S. Banks has traded his town property for 80 acres of bottom land on Dry creek belonging to J. H. Overturf. This is the first class alfalfa land and the winter water from Dry creek will be supplemented by a well to be dug by Mr. Overturf.

F. Dixon of Vincent has sold his 20 acre alfalfa ranch to J. Trash of Dixie. It was a cash deal. Mr. Trash will take immediate possession while Mr. Dixon intends removing to southern Idaho to make his home. The deal was made through the Taylor Realty Co. of Walla Walla, whose advertisement appears in the Times.—Freewater Times.

IN POUND.
The following described animals have been taken up by the marshal of the City of Pendleton, Umatilla County, Oregon:
One grey mare, very gentle, age about four years, weight about 1000 pounds, branded single tree hook on left shoulder.
One grey gelding, about 3 years old, weight about 1000 pounds, branded single tree hook on left shoulder.
One dark grey gelding, age about four years, weight about 1000 pounds, branded single tree hook on left shoulder.
One grey gelding, age about four years, weight about 1000 pounds, branded single tree hook on left shoulder.
One light grey work horse, age about ten years, weight about 1050 pounds, branded L with bar over ot, left hip, ring bone on right front foot.
One brown gelding, white stripe in face, age about six years, weight about 1050 pounds, branded X on right shoulder.
If said animals are not claimed by the owners or those entitled to the possession of them, costs and expenses against them paid and they taken away within ten days from the date hereof, then at 2 o'clock p. m. of the 29th day of April, 1915, the said animals will be sold to the highest bidder, at public auction, for cash, at the city pound, located at the Depot Barn, Cottonwood street. In said City of Pendleton, the proceeds of such sale to be applied to the payment of such costs and expenses of making sale.
Dated this 17th day of April, 1915
JOHN KEARNEY,
City Marshal

An Automobile Fort
One of the latest inventions for service in war times is called the war motor or movable fort. It can be operated by a few men, and wherever it has been used has always demonstrated its efficiency.
An efficient aid to Nature in cases of poor appetite, headache, bloating, indigestion, dyspepsia, biliousness and constipation can be found in Hostetter's Stomach Bitters. Time and again it has demonstrated its efficiency, and if you will only use it promptly may be the means of helping you very materially towards recovering your health and strength. Give it a fair trial.
