Ex-Governor Moody Tells of Early Days at Umatilla Landing

One of First Settlers in Old Town, He Writes Interesting Reminiscences for Historical Society.

Ex-Governor Moody of Oregon, now living a quiet life at Salem, has written a paper for the Umatilla County Historical Society in which he relates something of the early days at Umatilla Landing, now the town of Umatilla, of which he was one of the first settlers and the pioneer merchant. The paper was received yesterday by Judge S. A. Lowell and turned over to President A. C. Hampton of the society. The paper is of timely interest because just now attention is focused on Umatilla by reason of the plans for celebrating the Centennial opening in that town. The paper reads as follows:

To the President of the Umatilla Historical Society, Pendleton.

In the spring of 1863 I moved my store from The Dalles to Umatilla Landing, the portage road was not completed from The Dalles to Cello and I had my goods hauled to the mouth of the Deschutes about three miles above Cello where all goods for any place on the Columbia river above The Dalles were taken. I chartered a small steamer called Cascadilla, owned and mastered by Captain Gray, father of W. P. Gray, who was then mate and pilot on the boat, (now chairman of the Columbia river or waterway convention and admiral of the fleet celebrating the opening of the Cello canal). We reached Umatilla landing the second day, staying the first night on or near the river bank. On the landing I found only four white persons on the prospective townsite—Mr. and Mrs. Jesse Lurchin and Mr. Wardwell, partner of M. Lurchin, and Mr. Johnson, partner of a man named Martin who had a store at Swift Station or Crossing, near or at where Pendleton now stands.

Mr. Johnson had a small building to receive and forward goods to their main store at the home place of business. I moved my goods into an

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. CHENEY & Co., Toledo, O. Sold by Druggists. Take Hall's Family Pills for constipation.

CHICAGO WHEAT PRICES HIGHER

 CHICAGO, Ill.—Wheat closed 1-8c lower to 1-7-8c up. Prices in the pit at the opening today were somewhat unsettled. May wheat opened 1-8c lower, while July was up 1-2c. The cash situation is looked upon as the important factor in the trade. Russian wheat is unavailable. With the possible exception of Indian, the present exporting countries—the United States, Canada and Argentina—either have sold or already shipped practically all of their available supplies.

KILLERS GET MUTTON DIRECT

(Courtesy Friday's Journal.)
 PORTLAND, Ore.—While several loads of sheep were reported in the North Portland yards over night, these came direct to killers. Three loads came on previous purchase and a mixed load came on contract from a regular shipper to a local meat company. The three loads from Echo were grain fed and in excellent condition.

Mutton market is a nominal affair at this time. Not enough stuff has come forward of late to thoroughly test the situation and it will probably be a month before real heavy supplies are available. Most of the recent offerings in the market here were mixed lots picked up at various Willamette valley points.

In the meantime, where there is only a very limited call here for spring lambs, the demand for other stuff is so good that no immediate change in values is likely. Today's general price range in The Journal will name shorn stock as the basis. Wool offerings being considered at an advance of \$1 generally.

General mutton market range
 Spring lambs \$9.00@9.25
 Grain fed shorn lambs 8.00
 Best shorn wethers 7.00
 Best shorn ewes 5.50
 Wool stock is generally quoted \$1 higher than shorn.

Cattle Continue Quiet.
 Trade in the cattle market at North Portland continues quiet. Only a very small run was shown in the yards over night and these were not of fancy quality. General conditions are showing practically no change from recent days.

General cattle market range:
 Select steers \$7.50@7.75
 Best hay fed steers 7.25@7.35
 Good to choice 7.00@7.15
 Ordinary to fair 6.60@6.75
 Best cows 6.00@6.25
 Good to prime 5.75@6.00
 Ordinary 4.00@5.50
 Select calves 7.50@8.00
 Fancy bulls 5.50@6.00
 Ordinary 4.00@5.00

Hog Market at \$7.50
 Market for hogs continues at \$7.50 for tops at North Portland. This is the first time for an extended period.

him, it would have meant another run for Pendleton.

The game went at 6-6, through the eighth, ninth and tenth. The Bucks lost a chance to win in the ninth when Peterson got as far as third and the college boys missed fire in the tenth as explained before. In the 11th, Seelye, first up, drew a walk and then O. A. C. did some pretty bunting. McGarrigle fumbled up Smith's bunt and Morgan immediately afterward beat out a bunt hit, filling the bases. Weller, there-

COARSE GRAINS ARE IN DEMAND

(Friday's Market)
 PORTLAND, Ore.—More interest is shown in the coarse grain markets along the entire Pacific coast. Offerings are less liberal for both oats and barley and a somewhat better movement is indicated at various points.

Oats especially are showing more strength for spot delivery with country offers of supplies limited. This is especially true of the interior. The booming prices for wheat in the east continue to attract the attention of the local trade. If a slight further advance is made it will enable the trade here to find the forecast for eastern business. The freight rate from Pacific northwest interior points to Minneapolis is 39c a bushel. We're steamer room available the business would already be passing at better prices than are now shown here.

IF BACKACHY OR KIDNEYS BOTHER

EAT LESS MEAT, ALSO TAKE GLASS OF SALTS BEFORE EATING BREAKFAST.

Uric acid in meat excites the kidneys, they become overworked; get sluggish, ache, and feel like lumps of lead. The urine becomes cloudy; the bladder is irritated, and you may be obliged to seek relief two or three times during the night. When the kidneys clog you must help them flush off the body's urinous waste or you'll be a real sick person shortly. At first you feel a dull misery in the kidney region, you suffer from backache, sick headache, dizziness, stomach gets sour, tongue coated and you feel rheumatic twinges when the weather is bad.

Eat less eat, drink lots of water; also get from any pharmacist four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean clogged kidneys and stimulate them to normal activity; also to neutralize the acids in urine, so it no longer is a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive, cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active. Drug-gets here say they sell lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.
