

EASY TO DARKEN YOUR GRAY HAIR

YOU CAN BRING BACK COLOR AND LUSTER WITH SAGE TEA AND SULPHUR.

When you darken your hair with Sage Tea and Sulphur, no one can tell, because it's done so naturally, so evenly.

KEEP URIC ACID OUT OF JOINTS

TELLS RHEUMATISM SUFFERERS TO EAT LESS MEAT AND TAKE SALTS.

Rheumatism is easier to avoid than to cure, states a well known authority. We are advised to dress warmly; keep the feet dry; avoid exposure; eat less meat, but drink plenty of good water.

Rheumatism is a direct result of eating too much meat and other rich foods that produce uric acid which is absorbed into the blood. It is the function of the kidneys to filter this acid from the blood and cast it out in the urine; the pores of the skin are also a means of freeing the blood of this impurity.

At the first twinges of rheumatism get from any pharmacy about four ounces of Jad Salts; put a tablespoonful in a glass of water and drink before breakfast each morning for a week. This is said to eliminate uric acid by stimulating the kidneys to normal action, thus ridding the blood of these impurities.

SINKING OF FALABA WITH 112 MEN AND WOMEN

The photograph shows vividly the fearful scenes that attended the sinking of the British merchant ship Falaba by the German submarine U-28 on March 28 last. Survivors agree that the vessel was torpedoed before the ship's company had a chance to get away in the small boats as ordered. The photograph shows a capsized life boat with passengers struggling in the icy water. Many of them had on life belts but perished

WHEAT FOR WEEK CLOSES STRONG

CHICAGO, April 19.—The most remarkable week for the Chicago wheat trade went to the finish with the greatest display of strength. Every thing considered prices held in a remarkable manner with closing quotation for July at the high point.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great disease and prescribed local remedies, and by constantly falling to cure with local treatment, pronounced it incurable.

WAR ODDITIES.

LONDON.—A British military bandman who suffered amnesia when buried by a shell explosion at Ypres, recovered his memory by reading a sheet of music placed on his bed.

BATAVIA.—The commander-in-chief of the army in the Dutch Indies has forbidden bands to play "It's a Long Way to Tipperary."

COPENHAGEN.—A report from Berlin declared the United States consul-general had ordered menus from all Munich restaurants to send to America to disprove German starvation newspaper reports printed there.

LONDON.—A British "Tommy" writing from the trenches in France thanked a London newspaper for sending cigarettes and added: "The French 'fags' (cigarettes) are simply awful!"

AMSTERDAM.—British soldiers interned at Croningen gave such a creditable vaudeville performance for the benefit of companions that they were asked to appear at the municipal theater. The "deput" was a hit.

AMSTERDAM.—A Dutch newspaper correspondent wrote a letter to a friend in Liege, Belgium, German post authorities returned it inscribed: "Liege unknown." Correct address: "Luttich, Prussia, Germany." This is the new German name for "Liege."

BERNE.—The Swiss watch and clock industry has suffered a loss of \$15,000,000 in revenues since the beginning of the European war.

NEWCASTLE-ON-TYNE.—Fourteen thousand Northumberland miners are now wearing the British uniform, leaving the coal mines to take care of themselves.

LONDON.—A cotton material known as "Joffre" is a popular spring fabric in England and a favorite color is "Petrograd blue."

LONDON.—A facetious employe of the London office of public records decorated the office cat with a German iron cross which has been brought from one of the battlefields.

BERLIN.—Berlin newspapers suggest that there are 20,000,000 pigs in Germany who are robbing the people of their food and urges the government to kill and pickle them.

AMSTERDAM.—A German newspaper advertising for a new editor stated that owing to war and the depleted condition of the staff, the editor's hours would necessarily be from 4 a. m. to 10 p. m.

Whooping Cough. Well—everyone knows the effect of pine forests on coughs. Dr. Bell's Pine-Tar-Honey is a remedy which brings quick relief for whooping cough loosens the mucous, soothes the lining of the throat and lungs, and makes the coughing spells less severe.

Canal Ships Not Immune. SAN FRANCISCO, April 16.—All ships arriving at Pacific Coast ports after passing through the Panama canal will be subject to the usual customs regulations, according to a ruling published by Collector of the Port Davis.

SWINE MARKET IS VERY STRONG

(Courtesy Sunday's Journal.) PORTLAND, Ore.—Continued decreases are shown in supplies of swine marketed at North Portland and further strength in the general trade is foreseen. While it is true that \$7.45 was obtained for a very limited supply here at the start of the week, the market in general has not been reaching above \$7.50.

All over the country there has been growing strength noted of late in the hog market. Decreased supplies are shown everywhere and with a growing demand and with killers rather heavy holders of previous purchases. It is likely that they will help sustain the price within the immediate future in order to force the price higher on their speculative stocks.

General hog market range: Best light \$ 7.50 Medium light 7.40 Good to heavy 7.30@7.35 Rough and heavy 7.00@7.25

Cattle Run is Heavier. Slight increase in the cattle run at North Portland was shown for the week compared with the previous six days. A few pulp fed steers were again sold up to \$7.75, but this by no means indicated the general trade sentiment. If anything the market was slightly weaker than during the previous six days' trade.

General cattle market range: Select steers \$7.50@7.75 Best hay fed steers 7.25@7.35 Good to choice 7.00@7.15 Ordinary to fair 6.40@6.75 Best cows 6.00@6.25 Good to prime 5.75@6.00 Ordinary 4.00@5.50 Select calves 7.50@8.00 Fancy bulls 5.50@6.00 Ordinary 4.00@5.00

Mutton Market is Easier. Liberal increase in the marketing of mutton was shown at North Portland for the week and slight losses in the price were generally shown. Most of the arrivals at this time are shorn and these now form the basis of quotations.

While there was an easier trend in the mutton and lamb trade for the week here, still North Portland interests are trying to force heavier shipments in this direction. The market here has been growing recently and offerings of mutton and lambs have not kept pace generally with actual requirements.

General mutton market range: Spring lambs \$9.00@9.25 Grain fed shorn lambs 8.00 Best shorn wethers 7.50 Best shorn ewes 6.50

Assist Nature. There are times when you should assist nature. It is now undertaking to cleanse your system—if you will take Hood's Sarsaparilla the undertaking will be successful. This great medicine purifies and builds up as nothing else does.—Adt.

CRACK GOLFERS WILL CONTEST ON LINKS

ATLANTIC CITY, N. J., April 16.—The curtain raiser of the northern golf season was the tournament today at the Seaview Golf Club. It will close Saturday and pave the way for the inaugural spring fixture at the Lakewood Country Club. Outmet, Chick Evans and Jerome D. Travers were expected to clash in both opening tournaments.

GRAIN TRADE IS LOOKING BETTER

(Saturday's Market.) PORTLAND, Ore.—Of special interest in the grain trade of the Pacific northwest during the week was the sharply higher prices quoted for wheat at Chicago and other eastern centers.

Were it not for the fact that no American ships are available for loading wheat here for the Atlantic coast, a rather fair movement would probably be on via the Panama canal at this time.

As matters stand the advance in the price along the Atlantic coast has been almost sufficient to pay the heavy freight charge. While no big movement may be expected to the outside from here during the remainder of the season, because of the limited holdings, still everything available can be cleaned up at satisfactory values and be a direct aid in opening the market for next season.

There was no foreign business confirmed in the local wheat market during the week. Ships are still so scarce that it is impossible to secure any for loading here except at a still further advance over the already exorbitant rate. Coarse grains showed more activity, with well maintained prices generally for oats and barley. Flour was inactive, with no general change in values.

Flour—Selling price: Patent, \$6.80; Willamette valley, \$6.80; local straight, \$6.30; bakers', \$6.80; export, \$5.50@5.75. Hay—New crop, buying price: Willamette valley timothy, fancy, \$12.50@13; eastern Oregon-Idaho fancy timothy, \$16; alfalfa, \$13@12.50; vetch and oats, \$11; clover, \$8@9 per ton. Grain sacks—1915, nominal; No. 1 Calcutta, 6 3-4c.
