Stories From the War Zone

PARIS, April 2.—(By Mail to New York)—While the French government itself has undertaken the rebuilding of the thousands of homes destroyed in the present war, the women of France have just completed an organization to insure their re-furnishing. The population in the invaded districts they assert will be as helpless to re-furnish the homes as they would be to rebuild them.

The "Union Fraternelle des Femmes" is the organization which has just perfected the project. Madame Amelle Hammer, the president, has just explained to the United Press what is to be undertaken and how it is to be accomplished.

"Our work, she said, 'is to be as much moral as it is social. We propose merely to help the unfortunate and not to give them charity. Every person whose home has been destroyed and who is unable to re-furnish the new one which the government builds for them, will have help from us in just the degree they need. If absolutely imperative, we will furnish their homes without expectation of repayment. But the others will pay us back in installments in conformity with their possibilities."

"While it is inevitable that Paris will be the center and the brain of this work and this organization, we

have already perfected the details for other centers to participate in it. In all of the provinces adjacent to the invaded districts we have arranged for at least one city to be a depot for supplying the furnishings to the new homes. This will give a quicker response to the needs of the destroyed villages and isolated houses and will also result in a distribution of the work that will be involved in the manufacture of the household equipment necessary."

France is already making a reasonable use of her war prisoners in keeping up the necessary manual labor of the nation.

For the time being at least, the sending of the prisoners to Algeria and Morocco, where thousands have been employed almost from the first days of the war, has been temporarily abandoned. They are now being utilized closer to home.

In Corsica about 2000 are now being worked in the mines. In the agricultural districts of France about 450 are being worked at Puy-de-Dome, about 1070 in Brittany while another lot is used in railway construction along the north coast, while large contingents are being utilized in other public works in the Champagne, Creuse, Ardeche and Herault.

HORSE RACING STILL POPULAR IN NEW YORK

LARGE LIST OF ENTRIES FOR QUEENS COUNTY STAKES RUN ON JUNE 26.

BY HAL SHERIDAN.
NEW YORK, April 20.—Despite restrictive laws, prohibition of betting and popularity of automobiles, horse racing is still popular in New York state and has its devoted band of followers who do not swerve from their loyalty to the blue-blooded equines.

This was evidenced today by the large list of entries of the Queens County Jockey Club for stakes to be run at the Aqueduct home of the organization beginning June 26.

The entries closed today and Secretary Fred Rehberger says anti-betting law put a crimp in horse racing.

The principal events of the Queens County card will be the Brooklyn Handicap for 3-year-olds, with a guaranteed value of \$5,000, to be run on the race opening day. The Great American Stakes, worth \$3,000, for two year-olds, will also be another star feature.

A trip to the new baseball park of the Newark Feds at Harrison, N. J., has given baseball fans hereabouts a pleasant surprise. The players also share in the "surprise" which is

the discovery of a baseball park without a sun field. The new Fed home is situated so that none of the outfielders have a direct glare sun to contend with. The new park seats 20,000 and was designed by the same architect who built the Brookfield park.

MIND AFFECTED BY BROODING ON WAR, GOES TO ASYLUM

LOS ANGELES, April 17.—His mind believed affected by brooding over the European war, a man who declared he is Johann Wulffsohn, 58, for 26 years German consul at Vancouver, B. C., was taken in charge early today. He stationed himself in the residence district, the police said, with a great bunch of roses in one hand and a broomstick in the other, and was shouting at passersby.

French Discuss Pensions.

PARIS, April 19.—A bill was proposed in the chamber of deputies providing for the pensioning of those totally disabled in the present war. The proposal which apparently had strong support, provides for the following pensions. Officers, two thirds of their pay on active francs (\$190) yearly; privates, 850 francs (\$170). If the bill is adopted, pensions and allowances will be made also for widows and orphans.

CALLED TO CLEAN UP SERBIA.

GENERAL GORGAS.

WASHINGTON, April 20.—Major General William C. Gorgas, surgeon general of the United States army, has been invited by the Rockefeller Foundation to become a permanent member of its staff and to take charge of the work of putting down the typhus epidemic in Serbia. He has taken the offer under consideration.

Child's Rights Asserted.

BUFFALO, N. Y., April 20.—So-ciety was arraigned in resolutions adopted here by the Religious Educational Association for its neglect of the child. Its rights to be well born to health, to education and to the religious heritage of the race are denied, the resolutions declare, and powers for growth and for human happiness are being turned into commercial assets.

"We cannot save ourselves unless we save our children," the resolutions continue. "We declare that the situation calls upon our whole people to repeat and to resolve that through homes and churches, through civic and community life, through co-operation of child-helping agencies and through the right of citizenship the full rights of the child shall be recognized and secured."

S. F. CELEBRATES ITS RISE FROM RUINS IN QUAKE 9 YEARS AGO

SPECIAL EVENTS ARE TAKING PLACE IN HONOR OF RE-BUILDING OF CITY.

Great Parade Is Held — Eastern Oregon People at the Exposition Register at the Oregon Building—Mr. Mencham Writes of Affairs at the Panama-Pacific Fair.

(By W. E. Mencham.)
SAN FRANCISCO, April 20.—Special events are taking place at the exposition grounds for the next few days in honor of "Nine Years After."

Nine years ago Frisco was in ruins and today it is holding the greatest exposition the world has ever seen.

A great parade was held this morning of sailors, soldiers and civic organizations in honor of the event and special events will be featured for several days.

Eastern Oregon Visitors.

The following eastern Oregon people have visited us the past week:

George Wilde, La Grande; H. M. Johnson and wife, Baker; Mrs. L. E. Jones, Ontario; Frank McCarroll and Leo Bessier, Sumpter; J. E. Mills, Baker; M. C. Moore, Vale; J. L. Hinderman, Elgin.

Hon. N. J. Sinnott, congressman from eastern Oregon, has been an interested visitor here for several days. He is on his way home at The Dalles.

He was greatly interested in the various exhibits and particularly the Oregon building.

The eastern Oregon exhibit appealed to him as representative of his section and a good ad for the great district that he represents in congress.

With him was his private secretary, Edward Baldwin, who made the trip through the canal on the Northern Pacific.

Cranston Arrives.

C. K. Cranston arrived yesterday and will represent eastern Oregon and Umatilla county for the next two months.

I expect to make a short visit to Los Angeles and San Diego and then back to the great eastern Oregon country for me. I am satisfied that our section will receive splendid advertising and much good from our showing here and that the time and money spent is well invested.

BUSINESSMEN WILL HELP TO CARRY OUT BELGIAN RELIEF WORK

ARRANGEMENTS COMPLETED FOR CARRYING OUT PLANS IN PRACTICAL WAY

NEW YORK, April 17.—So many committees throughout the United States are engaged in sending supplies or money to the sufferers in Europe that such duplication and a good deal of wasted effort have resulted. Ever since American generosity responded to the first call the need has been felt of a more systematic method of dealing with the situation than now exists.

Above all, those who have contributed or who have wished to contribute in this country have been hindered and embarrassed by the lack of definite, reliable, up-to-date information as to what was most wanted and where and how to send supplies to Europe.

The War Relief clearing for France and Her Allies has been formed to supply this information free to all inquirers and to aid them in sending shipments abroad. A central Clearing House has made arrangements with the French Government for the free transportation in France of all relief shipments and a similar arrangement has been made with the French line for the free ocean carriage of certain goods.

It is the purpose of the Clearing House to co-operate with existing committees engaged in relief work throughout the country by affording them exceptional facilities for transportation. Such arrangements have already been made with the principal relief committees having headquarters in New York City.

Among the officers of the Clearing House are:

Joseph H. Choate, former Ambassador to Great Britain; A. Barton Hepburn, Chairman, Board of Directors of the Chase National Bank; C. A. Coffin, Chairman, Board of Directors of the General Electric Company; Thomas W. Lamont, of J. P. Morgan & Co.; Horace E. Andrews, President New York State Railways Co.; Henry W. Taft, of Cadwalader, Wickersham & Taft; Cornelius Vanderbilt, B. D. Caldwell, President, Wells Fargo & Co. Express.

CANADA TO TAX LETTERS

OTTAWA, Ont., April 17.—The special war revenue act will become operative on April 15. It provides for a war tax postage of one cent, of a one-cent postage stamp in lieu thereof, will have to be affixed to all letters and post-cards before mailing. The extra stamp will not, however, have to be placed on circulars.

On checks and drafts and promissory notes negotiated through a bank a two-cent stamp will have to be affixed. Any person sending a telegram will have to pay an extra cent to the telegraph company for His Majesty's treasury. Purchasers of railway tickets will have to pay 5 cents on all tickets costing more than \$1.00 and up to \$5, and an additional 5 cents for every \$5 or part of \$5 of the cost of the ticket.
