Mrs. Crystal McReynolds of Pendleton passed through Ukiah last Saturday enroute to Long Creek, where she takes a position as clerk in the Long Creek drug store of Eber Mosele.

A coyote made its appearance at the home of S. Ledgerwood a few days ago and fought two dogs within a few feet of the door and then made its escape, the dogs were put in a pen and are being watched very closely.

Mrs. Wm. Meengs and daughter Edna were in Ukiah Wednesday from their home on Bridge creek.

Mrs. Cannon of Long Creek passed through Ukiah Tuesday on her way to Grass Valley to care for her daughter who is seriously ill.

PEACE MISSION FAILS.

COL. E. M. HOUSE

BERLIN, April 15.—Col. E. M. House of New York, President Wilson's personal emissary who has interviewed high officials in the warring countries, has come to the conclusion that the time is not ripe for peace negotiations and will start at once for the United States by way of Switzerland. He interviewed Sir Edward Grey in London, Rene Viviani in Paris, and Herr Von Jagow here. He had intended to go to Petrograd, but his task has been so fruitless he will do nothing further at this time. Washington has made denials that Col. House is in Europe on a peace mission.

Briton Avoids Interning.

LOS ANGELES, April 19.—Forced by the United States government to leave San Diego harbor, or be interned, the British collier, Lena, around which an international neutrality dispute has been raging for several days, is anchored outside the three-mile limit off San Diego, according to Customs Collector Elliott.

Until orders are flashed from the British admiralty the Lena will remain at anchor. Permission was refused here by the United States to carry \$4000 worth of supplies to the Japanese cruiser Asama, on the rocks on Cedros Island.

Collector Elliott also refused \$1000 worth of provisions to the Lena for her own use, on the ground that the vessel was sufficiently supplied to reach the nearest British port, Victoria.

WHO CAN DOUBT SWAMP-ROOT TESTIMONY OF HONEST CITIZENS?

Some time ago I began the use of your Swamp-Root with the most remarkable results. For years I was almost a wreck and was a great sufferer. I was so bad at times I would faint away and had sinking spells. Finally a new doctor was called in and he said that I had kidney trouble and gave me medicine, of which I took several bottles. I obtained some relief from this but I was getting weaker all the time; I could not sleep and suffered so much pain that my husband and children had to lift me in and out of bed. After this time two friends sent me word to try Swamp-Root, which I did, and I am glad to state that the first dose gave me great relief. After taking the third dose I was helped into bed and slept half of the night.

I took several bottles of Swamp-Root and I feel that I owe my life to this wonderful remedy. The two family doctors said that I could not live three months. I would have to be helped in and out of bed ten to twenty times every night. After taking Dr. Kilmer's Swamp-Root for two days I was entirely free from getting up and could sleep soundly.

MRS. D. E. HILEMAN, Tunnelton, W. Va.
Personally appeared before me, this 11th of September, 1909, Mrs. D. E. Hileman, who subscribed the above statement and made oath that the same is true in substance and in fact.

GOOD SUBSTITUTE FOR FLOUR IS DISCOVERED

DALLAS, Tex., April 16.—Wouldn't it make you feel good to read that they have invented a substitute for flour? A "better than flour" substitute? And wouldn't you think at once of the high cost of living getting a severe jolt in these days when the price of bread is increasing.

Well, a substitute for flour has been invented. It is cotton seed flour. But it is no cheaper than flour. In fact, just now it's twice as expensive. You may now have cottonseed biscuits, cotton seed bread, and cotton seed rolls. There's no limit to the use of the new flour that doesn't apply as well to ordinary flour. But the cotton seed kind is most expensive. A dozen rolls made from the new flour costs twenty cents here today.

The manufacturers of the cotton seed stuff predict that when the process is better developed the new flour will be cheaper than ordinary flour.

Not so many years back the cotton seed was considered of little or no value. It was left in great stacks in the fields and used as fertilizer. Then a series of remarkable discoveries added millions to the value of each cotton crop by developing new uses for the cotton seed. It is now made into meal and hulls for livestock, oil for cooking and flour for baking as well as leaving something

for fertilizer. The oil has numerous uses, even appearing in adulterations of ice cream.

DRINK HOT TEA FOR A BAD COLD

Get a small package of Hamburg Brest Tea, or as the German folks call it, "Hamburger Brust Thee," at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teacup full at any time during the day or before retiring. It is the most effective way to break a cold and cure grip, as it opens the pores of the skin, relieving congestion. Also loosens the bowels, thus driving a cold from the system.

Try it the next time you suffer from a cold or the grip. It is inexpensive and entirely vegetable, therefore safe and harmless.

RUB BACKACHE AND LUMBAGO RIGHT OUT

Rub Pain and Stiffness away with a small bottle of old honest St. Jacobs Oil

When your back is sore and lame or lumbago, sciatica or rheumatism has you stiffened up, don't suffer! Get a 25 cent bottle of old, honest "St. Jacobs Oil" at any drug store, pour a little in your hand and rub it right into the pain or ache, and by the time you count fifty, the soreness and lameness is gone.

Don't stay crippled! This soothing, penetrating oil needs to be used only once. It takes the ache and pain right out of your back and ends the misery. It is magical, yet absolutely harmless and doesn't burn the skin.

Nothing else stops lumbago, sciatica and lame back misery so promptly!

TWO PORTLAND MEN INJURED BY TRAIN

NORTH YAKIMA, April 17.—Curtis Sheldon of Portland, was killed, and Bernard Murray, also of Portland, was slightly injured today when they were struck by a Northern Pacific train four miles from here.

Sheldon and Murray were working their way through the country, and, it is said, they were sleeping off the track.

PORTLAND, Ore., April 17.—Curtis Sheldon's father, A. W. Sheldon, resides at 545 Burham avenue, Woodlawn. His body will be brought to Portland for burial. Bernard Murray is the son of Mrs. L. F. Murray, 506 Dekum avenue.

FREE BOOK ON STOMACH ILLS.

Geo. H. Mast, of 154 Whiting St., Chicago, Ill., a prominent druggist, has published a guide to health, in which he shows how he cured himself and brought relief to thousands of other sufferers from constipation, biliousness, indigestion and intestinal troubles by the use of French healing salts. One dose usually convinces. The most chronic cases rarely need over three doses. This book will be mailed free on request. Mast's Wonderful Remedy is sold by leading druggists everywhere with the positive understanding that your money will be refunded without question or quibble if one bottle fails to give you absolute satisfaction.

Milk Famine is Feared.

BERLIN, April 17.—Berlin milk dealers, who are fearful that there may be a milk famine, have appealed to a board of trade of the capital to induce the authorities to start action against farmers who have failed to live up to price agreements.

The dealers maintain that the farmers annually feed billions of liters of skimmed milk to their hogs, at a loss of 150,000 liters of albumin a year. They ask that this use of skimmed milk be restricted and that freight rates for the transportation of the milk be reduced by one-half.

The authorities are asked to "remind" the farmers that they must live up to their previous agreements with the Berlin dealers. If the officials do not step in, the dealers believe, the present shortage of milk will develop into a milk famine.
