NO PUFFED-UP, BURNING, TENDER SWEATY FEET—NO CORNS OR CALLOSITIES.

"TIZ" makes sore, burning, tired feet fairly dance with delight. Away go the aches and pains, the corns, callouses, blisters, bunions and chilblains.

"TIZ" draws out the acids and poisons that puff up your feet. No matter how hard you work, how long you dance, how far you walk, or how long you remain on your feet, "TIZ" brings restful foot comfort.

Get a 25 cent box of "TIZ" now from any druggist or department store. End foot torture forever—wear smaller shoes, keep your feet fresh, sweet and happy. Just think! A whole year's foot comfort for only 25 cents.

### SHIPPING AUTO TRUCKS TO FRANCE FOR THE ARMY

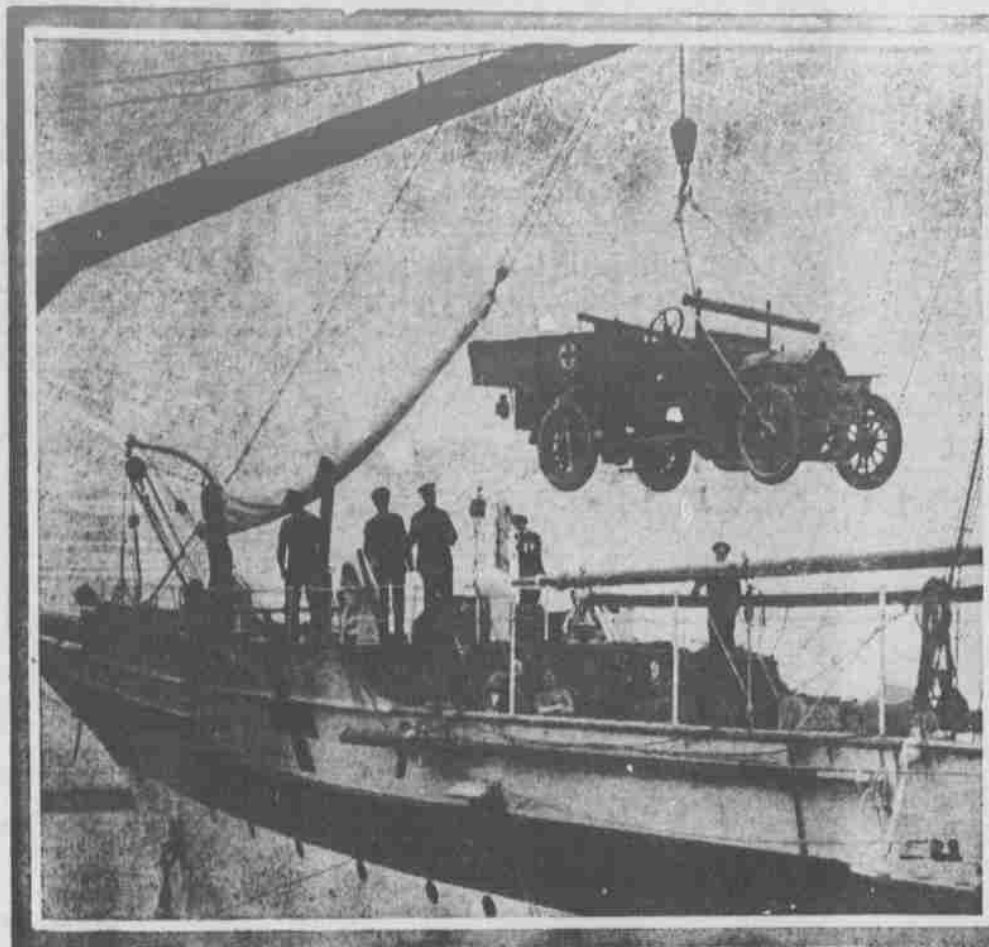

Photo by G. P. ...

The automobile business, particularly the truck line, is deriving great benefit from the war, nearly all American manufacturers being loaded to capacity filling contracts for delivery to the allies. The Eng-

lish and French factories are mainly working on parts and repairs, leaving the building of new cars and trucks to American concerns. In this way thousands of workmen are released for duty at the front or for work in other industries where the

articles cannot be obtained as readily from the United States as in the case of automobiles. The photograph shows automobile trucks being hoisted aboard a steamship for France, where they will be sent to the front carrying supplies.

### PRICES ARE UP AT N. PORTLAND

(Monday's Market.)

PORTLAND, Ore.—Sharp advance in the price of swine was forced in the North Portland yards today. Sales were made at \$7.75@7.85 for extreme tops, confirming the forecasts of a higher market made recently in these reports. By the advance of today the North Portland market again reaches the high point in the country so far as the leading recognized livestock markets are concerned.

There was only a small run of hogs in the yards today although it was slightly in excess of last Monday. Buyers took hold as soon as the market opened. Some real good quality was available and the advance, in price was easily forced.

General hog market range:  
Fest light ..... \$7.75@7.85  
Medium light ..... 7.50@7.65  
Good to heavy ..... 7.35@7.50  
Tough and heavy ..... 7.00@7.25

Cattle Market is Steady.  
General conditions in the cattle market were steady for the day at North Portland. Initial run for the week was small in comparison with last Monday and early trading indicated that killers were quite keen to take hold at current values.

General cattle market range:  
Select steers ..... \$1.50@1.75  
Best hay fed steers ..... 7.25@7.35  
Good to choice ..... 7.00@7.15  
Ordinary to fair ..... 6.50@6.75  
Best cows ..... 6.00@6.25  
Good to prime ..... 5.75@6.00  
Ordinary ..... 4.00@5.50  
Select calves ..... 7.50@8.00  
Fancy bulls ..... 5.50@6.00  
Ordinary ..... 4.00@5.00

Mutton Receipts a Handful.  
Just a handful of mutton were received in the local yards over Sunday. Total arrivals were but 297 head, compared with 1938 last Monday, which, too, was small in comparison with the demand.

Mutton and lamb market conditions are naturally of good character with such a small showing of supplies. There is not being sufficient stuff available to thoroughly test the situation.

General mutton market range:  
Spring lambs ..... \$9.00@9.25  
Grain fed wethers ..... 8.00  
Fest shorn wethers ..... 7.00  
Fest shorn ewes ..... 5.50

Wool stock is generally quoted 11 higher than shorn.

#### DRAMATIC CHAT

BY BEAU RIALTO.

(Written for the United Press.)

NEW YORK, April 17.—Gotham may have a municipal theater. Plans were set afoot today for establishment of a city playhouse to put before the public, at popular prices, the best that the stage can produce.

The New York Drama League is behind the playhouse project, which has been broached often before, but now seems to have prospects of success. Some "angels" have been found along the wealthy membership of the Drama League, I am told, that will start a subscription fund toward the city theater. At present the plans are only to lease a theater, but if the movement is successful it is the ultimate aim of the promoters to buy a home for the league productions.

A feature of the plan, to spread out the burden of expense, is also to have Drama League of Boston, Philadelphia, Washington and other eastern cities, join in the production at least of plays to be toured through the league's circuit. This is felt would injure the benefit of all of the leagues and incidentally increase their membership in each city, as initial productions of plays would probably be largely confined to the league's membership.

Marie Tempest is getting a "welcome home" reception, according to reports reaching here, in her tour of the Canadian northwest under John Cort's direction with her English company. She is now playing at the Walker theater in Winnipeg and will tour Canada and the Pacific coast well into the summer.

"Do not whistle" is a sign displayed at the 29th Street theater. Lou-Tellegen playing "Taking Chances" there, is responsible for the ban on whistling. That whistling on the stage, except during performances of a musical play, is bad luck is a French stage superstition to which Lou-Tellegen clings.

#### A WOMAN DOCTOR

Says, "Eugenics is a necessary factor in the future of the race. The average American girl is unfit for motherhood." This may be true, but if weak and ailing girls passing from girlhood to womanhood would only rely, as thousands do, upon Lydia E. Pinkham's Vegetable Compound—that simple remedy made from roots and herbs—to restore the system to a normal healthy condition, it would cause many ills from which they suffer to disappear, so that motherhood might become the joy of their lives.—Adv.

#### Austria Protests Bill

WASHINGTON, April 19.—The Austro-Hungarian embassy presented to the state department a note calling attention to the workingmen's compensation bill pending before the Pennsylvania legislature as being in violation of the treaty of 1829 between the United States and Austria-Hungary. The contention was made that discrimination against foreigners would be permitted.

Objection was made to that section which provides that non-resident widows or children of alien workmen would receive only 65 per cent as much compensation as those of American workmen, and also to that section under which no compensation would go to non-resident parents or other dependent relatives of alien workmen.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. CHENEY & Co., Toledo, O. Sold by Druggists, 75c. Take Hall's Family Pills for constipation.

### WHEAT ACREAGE AND CROP GOOD

(Monday's Market.)

PORTLAND, Ore.—The wheat crop outlook around Walla Walla is very satisfactory, was the report brought to this city today by J. Z. Smith, a veteran dealer of the Garden City.

According to Mr. Smith, who confirms recent information printed in these columns, the acreage of the Walla Walla section this season was mostly planted during the fall and it is showing very good growth.

"We have already had about as much rain in the light (and section as we need at this time," says Mr. Smith. "With too much rainfall early the wheat does not root as deeply as in the case when the rainfall is deficient during the early period."

"The farmers of the Walla Walla country have gone more in the white wheats than during recent seasons. The acreage planted to bluestem has decreased primarily because it is a spring wheat and does not produce as much as fall sowing. The foothill section is planting the club as hybrids as usual, while in the Eureka Flat country there has been more tendency to take the hybrids and cut out the red wheat. This is due to the fact that the normal demand for white wheat is better than for red.

Locally there is a steady tone being shown throughout the grain trade, but little outside bluestem is reported.

Flour—Selling price: Patent \$5.80; Willamette valley, \$5.80; local straight, \$4.30; bakers', \$5.80; export, \$5.50@5.75.

Hay—New crop, buying price: Willamette valley timothy, fancy, \$12.50@13; eastern Oregon-Idaho fancy timothy, \$11; alfalfa, \$13@13.50; vetch and oats, \$11; clover, \$8.00@9.00 per ton.

Grain sacks—1915, nominal; No. 1, Calcutta, \$ 3-4c; Millet—Selling price: Bran, \$26.50; shorts, \$28.50. Rolled barley—Selling price: \$30 @31 per ton.

Corn—Whole, \$15.50; cracked, \$16.50 per ton. Advance of 2c to 4c a bushel was shown in wheat bids for spot delivery on the Portland Merchants Exchange today, the Chicago advance acting as a strong bullish argument.

Sales included: 15,000 bushels May club at \$1.39. Spot oats bids on the exchange were 50c a ton higher. A sale of 100 tons May was made at \$32.75.

Spot barley market was also 50c a ton higher for bids on the exchange today, but no sales were made.

### CHICAGO MARKET ADVANCES 3 CTS

(Monday's Market.)

CHICAGO.—Wheat closed 1 3/4@ 3c higher. With sentiment in the pit bullish, and the buying power strong, wheat prices at the opening today were higher. May wheat opened with an advance of 2 cents, July was up 2 1-3 cents and September opened 2 cents higher.

Scattered rains over the belt aided the advance. Later in the trading there was some reaction. The foreign situation is the important factor in the trade. Foreigners are making new contracts on this side and this feature is establishing the course of prices. The Liverpool market was strong today.

### MEAT INJURIOUS TO THE KIDNEYS

TAKE A TABLESPOONFUL OF SALTS IF BACK HURTS OR BLADDER BOthers.

We are a nation of meat eaters and our blood is filled with uric acid, says a well-known authority, who warns us to be constantly on guard against kidney trouble.

The kidneys do their utmost to free the blood of this irritating acid, but become weak from the overwork; they get sluggish; the eliminative tissues clog and thus the waste is retained in the blood to poison the entire system.

When your kidneys ache and feel like lumps of lead and you have stinging pains in the back or the urine is cloudy, full of sediment, or the bladder is irritable, obliging you to seek relief during the night; when you have severe headaches, nervous and dizzy spells, sleeplessness, acid stomach or rheumatism in bad weather, get from your pharmacist about four ounces of Jad Salts; take a table-spoonful in a glass of water before breakfast each morning and in a few days your kidneys will act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys, to neutralize the acids in urine so it is no longer a source of irritation, thus ending urinary and bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink, and nobody can make a mistake by taking a little occasionally to keep the kidneys clean and active.

Corn was 7-8c to 1c higher at the outlet. The export demand continues to be heavy, and a great improvement is noted in the shipping. Oats were higher and provisions were strong.

### HAVE DARK HAIR AND LOOK YOUNG

NOBODY CAN TELL WHEN YOU DARKEN GRAY, FADED HAIR WITH SAGE TEA.

Grandmother kept her hair beautifully darkened, glossy and abundant with a brew of Sage Tea and Sulphur. Whenever her hair fell out or took on that dull, faded, or streaked appearance, this simple mixture was applied with wonderful effect. By asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this old-time recipe, ready to use, for about 50 cents. This simple mixture can be depended upon to restore natural color and beauty to the hair and is splendid for dandruff, dry, itchy scalp and falling hair.

A well-known downtown druggist says everybody uses Wyeth's Sage and Sulphur, because it darkens so naturally and evenly that nobody can tell it has been applied—it's so easy to use, too. You simply dampen a comb or soft brush and draw it through your hair, taking one strand at a time. By morning the gray hair disappears; after another application or two, it is restored to its natural color and looks glossy, soft and abundant.
