Missouri River Traffic Revived.
KANSAS CITY, Mo., April 29.—
Missouri river navigation is coming
back. Since the season opened, the
unusual demand for river transpor-
tation has made it necessary to add
another barge to the fleet. Shipments
this season have included everything
from cut glass to structural steel. At
present the company is operating one
steamer and a string of barges each
way each week between Kaysee and
St. Louis.

The boat line recently handled 3-
300,000 pounds of flour from Kansas
City to St. Louis enroute to Europe
saving the mill 20 per cent on the
freight charges.
Canning factories are springing up
along the Missouri to take advantage

of the cheap water transportation
rates. The Wellington Canning com-
pany of Wellington, being pioneers in
Missouri to use water transportation.

OREGON BIDDIES MAKE FINE RECORD AT FAIR
OREGON AGRICULTURAL COL-
LEGE, Corvallis, April 28.—Having
led in both the pen records and the
individual records for the past month
in egg laying at the Panama-Pacific
exposition has placed the O. A. C.
flocks very close to the lead in both
these divisions for the entire time of
the contest. The three flocks entered
by the college represent the White
Leghorns, Barred Rocks and a pen of
cross-breds, ten hens in each pen.
The Leghorns took first place for
the month ending April 15 with a re-
cord of 237 eggs, while the Barred
Rocks took second place with 225
eggs. The best individual showing
was made by an O. A. C. crossbred
hen, which laid 30 eggs in the 31
days. The fifth best record was that
of the college Barred Rock biddie
that produced 26 eggs.
The Leghorns likewise took second
place in the team race to date, with
a record of 560 eggs, first place going
to the Canada flock of G. D. Adams
with 607 eggs. The fourth place has

been taken by the O. A. C. Barred
Rocks and the fifth place by the
crosses, the number of eggs laid by
each pen being 527 and 524, respec-
tively. Second, third and fourth
places are now held in the individual
term record by an O. A. C. cross with
83 eggs, another O. A. C. cross with
82 eggs, and an O. A. C. Leghorn with
81 eggs.

The official report from which
these figures were taken says that no
exhibit on the ground attracts more
attention from the thousands of daily
visitors than this egg-laying contest
with its fine flocks from different
parts of the world.
