MAGICAL FLOYDS TO BE HERE AT CHAUTAUQUA
The Magical Floyds, coming here with the chautauqua, in June, rank with any entertainer in his line on the boards. By their merit they have been able to secure and to hold first place for many years and their show is greater now than at any previous time.

Floyd himself is one of the most wonderful magicians that ever appeared before American spectators. Many of his feats remain a puzzle year after year and are a great mystery to those who have seen them repeatedly than when they saw them for the first time.

Mohala, the mind reader does feats in mental science that seem inexplicable. They not only puzzle and bewilder and entertain by their startling surprises but her performances are a demonstration of great scientific interest.

The music that accompanies this entertainment adds much to its effectiveness and Allard, the third member of the company, is gifted along these lines. Floyd keeps up rapid-fire wit and humor while he works and their program on opening night absolutely does not have a dull moment in it. This is a good "opener" for the week and this night program will be of as much interest to the young people and children as to those of older years.

MANY BUILDINGS LOST IN NORTH POWDER FIRE

NORTH POWDER, May 1.—With the exception of one building, an entire block in the heart of North Powder was wiped out by fire thought to have been of incendiary origin, at an early hour Thursday. It was discovered at midnight and in two hours 12 buildings were in ashes. Except for \$500 of uninsured merchandise stored by Fortstrom and Plicher, owned in the Parker building, practically all goods and equipment in the string of various business houses were saved. Three saloon buildings went up in smoke. The buildings were located on the north side of the very core of North Powder, and the wind was such as to confine it in one direction and in that direction lay a new cement-block hotel building—the only one left standing in the path of the blaze. With the destruction of the North Powder hotel one of the oldest landmarks in Eastern Oregon is obliterated. It has been improved considerably of late years by Toy Young of La Grande who a few days ago traded it for some property in La Grande.

No announcements have been made as to rebuilding the destroyed business houses. They were all of frame nature, old, and huddled closely together. The livery barn owned by Riggs and Haines was a big shell that burned with extreme rapidity, and the more substantial buildings were licked up in haste.

OATS MARKET IS A HEAVY FACTOR

(Friday's Markets)
PORTLAND, Ore.—Aside from the Australian developments reported in this paper yesterday, there is nothing new in the grain trade. Eastern business seems to be subsidizing in the interior wheat markets. There is more wheat remaining there unshelled than had been anticipated, although little of it is held by farmers.

The oats market is coming to the front as a real strong factor. With the Australian demand and the government call for supplies for the Philippines as well as the recent destruction by fire in this city of supplies, the trend of the trade is somewhat better.

Advices received here indicate that the drenching the grain fields have received in the interior will be of much benefit, especially to the spring sown cereals, although here and there the downpour was severe enough to inflict some damage.

Flour—Selling price: Patent, \$6.80; Willamette valley, \$4.80; local straight, \$4.30; bakery, \$4.80; export \$5.50@5.75.

Hay—New crop, buying price: Willamette valley timothy, fancy, \$12.50 @ 13; eastern Oregon-Idaho fancy timothy, \$12.00; alfalfa, \$13@13.50; vetch and oats, \$11; clover, \$8@9 per ton.

Grain sacks—1915, nominal; No. 1 Calcutta, 6 2-4c.
Milletstuffs—Selling price: Bran, \$25; shorts, \$27.

Rolled barley—Selling price: \$29 @ 30.
Corn—White, \$24@25; cracked, \$23.50@24.50 per ton.

California interests were bidders for Red Pile wheat today on the Portland Merchants exchange; in fact, were in the market for several varieties. Wheat bids for spot show no change for binestem. Fortyfold was 1-2c higher, club 1-2c, Red Five 7-8c higher and Red Russian unchanged. Sales included: 5000 bushels May Red Pile \$12.25 1-2.

Spot oats bids on the exchange were 2c a ton higher again with an export demand. Sales included: 100 tons June at \$23.50.

Spot barley bids on the exchange were also 5c a ton higher. Sales included: 200 tons May at \$25 a ton.

SWINE MARKET SHOWS WEAKNESS

(Courtesy Friday's Journal)
PORTLAND, Ore.—Slight weakness has developed in the hog market situation here. With the Puget sound interests not keen with bidders here today there was a less favorable trend in the trade, although scarcely enough stuff came forward to make any commotion in the price.

General run of good stuff was showing bids around \$7.85 today, although it is still believed possible for real toppy stuff to bring at least within a fraction of the former top.

General hog market range:
Eest light \$7.90@7.95
Medium light 7.80@7.85
Good to heavy 7.35@7.50
Rough and heavy 6.35@7.25

Mutton Market Weakens.
While lambs again sold as high as \$8.75 for spring offerings at North Portland, the general run of stuff showed weakness in the mutton trade today with a loss of 19 to 15c from yesterday. There was a fair supply in the yards today; but some of these came on contract to killers.

NEW YORK, May 1.—"The hope of working women is in trade unions," says Mrs. Raymond Robins, president of the National Woman's Trade Union League. "As long as woman stands alone she must be the victim of bad working conditions, long hours, unjust fines, low wages, slack seasons—Besse that science has been able to cure in all its stages, and that is Catarth. SELLING PRESSURE CAUSES DECLINE

(Friday's Market)
CHICAGO, Ill.—General selling in the pit at the opening of the market caused a decline in wheat values.

July wheat opened with a drop of 1-8c, September was off 1c a bushel and May wheat started with a decline of 1c. The weather conditions continued to be the dominating factor in the course of prices.

Damage reports in corn caused a higher opening, while in the oats trade the prices at the outset were irregular.

In the later trading there was a lift in prices all around, due to good buying by the leading commission houses. Cash houses were good buyers.

The tendency of the grain trade has assumed a waiting attitude, owing to the uncertainty as to the disposition of the May delivery. It is expected that between 400,000 and 500,000 bu. wheat, 100,000 to 200,000 bu. corn and 2,000,000 to 4,000,000 bu. oats will be sent out on May contracts tomorrow.

WHEAT.
May—Open, \$1.62; high, \$1.63 1-4; low, \$1.61 3-4; close, \$1.62 B.
July—Open, \$1.58; high, \$1.59 7-8; low, \$1.57 3-4; close, \$1.58 1-8 A.
Sept.—Open, \$1.25 1-8; high, \$1.26 1-4; low, \$1.24 7-8; close, \$1.25 B.
