No Use to Try and Wear Out Your Cold—It Will Wear You Out Instead.

Thousands keep on suffering coughs and colds through neglect and delay. Why make yourself an easy prey to serious ailments and epidemics as the result of a neglected cold? Coughs and colds sap your strength and vitality unless checked in the early stages. Dr. King's New Discovery is what you need—the first dose helps. Your head clears up, you breathe freely and you feel so much better. Buy a bottle today and start taking it at once.—Adv.

Skins Pay Lad's Tuition.

BELOIT, Wis., May 2.—A student at Beloit is literally skinning his way through college. He is Edwin M. Dahlberg, Cherry Valley, Ill., a senior and he has earned a large portion of his college expenses by trapping muskrats on the Rock river, near this city. Dahlberg began to emulate Daniel Boone last fall. He set a string of traps along the river above the city. Every morning he would visit them, starting out in his canoe at 5 a. m. Drifting down stream, he would skin his catches on the way back to Beloit.

He cured the pelts on some rafters in the men's dormitory, which sometimes were upholstered by several hundred skins at a time.

The student-trapper renewed operations this spring, but was forced to give up the business this week, when the season closed. He reports good profits, although the war materially lessened the price paid for pelts.

Brother Describes War. CENTRALIA, Wash., May 2.—Vividly describing battle scenes on the firing line in France, Miss Madeline Fahrl, a nurse in a Centralia hos-

pital, received a letter from her brother, Walter Fahrl, a soldier in the Sixteenth Battalion, Canadian Scottish, comprising troops from Vancouver, Victoria, Winnipeg and Hamilton. Fahrl was among the first Canadians to be sent to Europe, but his regiment was held at Salisbury Plains until five weeks before the letter was written. He forwarded a souvenir to his sister, a German helmet. The letter bore the stamp of approval of the British censor.

A wife is very dear to the ex-bachelor who formerly saved his money.

FARMERS' UNION HAS INTERESTING SESSION AT HELIX SATURDAY

EXCELLENT PROGRAM HELD IN CONNECTION WITH GATHERING.

Good Crowd Attends Despite Bad Weather—Banquet Served at Noon—Speeches Are Made by Prominent Men—Road Question Among Subjects Which Are Discussed.

(Special Correspondence.)

HELIX, Ore., May 2.—One of the most interesting and instructive programs that have been given before the Helix farmers' union was that at the meeting held here last Saturday. Though the day was cold and rainy there was a good sized crowd present every member of which thoroughly enjoyed the event. At noon a banquet was served in the hall and about 1 o'clock Professor Geo. A. Olson of Washington State College, gave a lecture on wheat varieties and qualities, dwelling to some length on the Washington hybrids, their chemical strength, diseases different wheats are subject to and throughout succeeded in bringing much light to his hearers on a subject of vital interest to most of them.

Following Mr. Olson, Senator C. A. Barrett of Athena, gave an interesting talk on the Umatilla county road question. Mr. Barrett brought out his points in a logical way and showed passed away Friday morning. Funeral study of the problem now of such interest to the people of this county.

Professor Hector McPherson of O. A. C., next addressed the meeting, covering in an hour's time a number of subjects appertaining to the farmers' interests. Professor McPherson is a man well learned along the line of the big farm problems and his talks are worth going far to hear.

W. W. Harrah of Pendleton, gave a short and interesting talk on the road question but owing to lack of time was unable to do his subject the justice he could have done with an hour more. Mr. Harrah has gone into the road question thoroughly and in detail and he can be accepted as one of the best authorities in Umatilla county.

During the afternoon musical numbers, consisting of a piano duet by Mrs. H. W. Drew and Miss Alta Spalding and a vocal solo by Mrs. E. O. Otto were enjoyed by the meeting.

President C. C. Conner presided over the meeting and gave a short talk on the local work at the conclusion of the program.

Immediately after the program the stockholders of the Farmers Mutual Warehouse Company met and elected their board of directors for the coming year. The retiring board was re-elected unanimously. The members are R. Henriksen, Gundel Tergesen, Eugene McCulley, Hey Winn and Ira Scott.

The funeral of Mrs. Chris Christensen was held in Helix Saturday forenoon. The body was brought from Pendleton where the deceased passed away Friday morning. Funeral services were held in the local Christian church and were attended by a large number of friends of the family. Mr. and Mrs. Christensen lived in the vicinity of Helix for many years before moving to Pendleton.

The Helix ball team won a game from the Weston nine on the local field Sunday afternoon by the close margin of a four to five score. The game was close and exciting throughout as have been all games played on the Helix diamond this season. More hitting and poorer fielding were to some extent noticed in Sunday's game as compared with past games, but nevertheless the teams of the East End league have been putting up an article of the national game that is fully as good to watch as in most games in the minor professional leagues.

A. F. May, Manuel Friedly and W. W. Harrah were out from Pendleton for the farmers meeting Saturday.

Many people from Helix and vicinity attended the county spelling contest held in Pendleton Saturday.

close of the annual convention in Portland. Rev. E. W. Warrington of Freewater was elected to the position of superintendent of evangelism.

Mrs. Van Pearson has been ill at her home for the past three weeks.

Home Baking Reduces Cost of Living

THE U. S. Dept. of Agriculture in Experiment Station Bulletin No. 142 says that ten cents worth of wheat supplies almost three times as much protein and ten times as much energy as round steak, and with some other cuts the difference is even greater.

If then, one really desires to reduce her weekly meat and grocery bills, she need only make more use of her oven.

Who ever heard man, woman or child complain that good home-made biscuits, muffins, cake and cookies appeared on the table too often? Instead the tendency is "to make a meal of them" and the variety is so great that something you bake yourself could well be the chief feature of every meal.

Home Baking is Simplified by the Use of K C Baking Powder

With K C, you can make things moist and rich yet have them light and feathery, wholesome and digestible. Biscuits may be mixed the night before and baked fresh for breakfast. Muffins need not be dry and heavy. You can make a cake so light that you can hardly get it out of the pan whole, yet it will not fall.

K C is not like the old fashioned baking powders. It is double acting and continues to give off leavening gas until the dough is cooked through. K C is sold at a fair price—a large can for 25 cents. This would be no object if strength and purity were sacrificed, but every can is fully guaranteed under State and National Pure Food laws and to please. We take all the chances. Your money back if you do not get better results with K C than any baking powder you ever used.

Include a can in your next grocery order, try some of the new recipes that appear in this paper from time to time. Then you will have gone far toward solving this vexing "Cost of Living" problem.
