DR. DARRIN NOW HERE

THIS WELL KNOWN SPECIALIST IS VISITING PENDLETON FOR A FEW WEEKS.

IS STOPPING AT THE HOTEL ST. GEORGE WHERE THE AFFLICTED MAY CONSULT HIM FREE.

THIS SUCCESSFUL PHYSICIAN IS A MAN OF REMARKABLE ABILITY AND NO SUFFERER SHOULD FAIL TO BE EXAMINED BY HIM.

Dr. Darrin, the specialist, who recently arrived in Pendleton, announces that he will remain for several weeks and will give free consultation at his headquarters in the Hotel St. George to those in need of his skillful services.

The coming of this noted specialist is a blessing for the sick and the afflicted. No person suffering from any disease, or complication of ailments should be satisfied until they have been examined by Dr. Darrin, who makes no charge for consultation and undertakes no case unless deemed curable or improvable.

Those who are suffering in silence perhaps have been unsuccessfully treated and believe their cases hopeless or only susceptible to temporary relief, should not despair for it is possible that Dr. Darrin's successful methods of treatment will restore the health and make life once more worth living, as he has done in thousands of so-called hopeless cases. A visit to him will tell, and it will surely be worth the trouble to find out, as health is a most valuable asset, and paramount to almost anything a human being can possess.

Dr. Darrin is certainly one of the most remarkable and successful physicians now before the public. The perceptive faculties of this physician seem so well trained that he is able to tell every disease of the human body and precisely what condition of health or disease exists; detects and describes every symptom, ache and pain, gives a full history of the case from beginning to end; tells so plainly that you know he is correct.
