**IN POUND.**

The following described animal has been taken up by the marshal of the City of Pendleton, to-wit:

One grown Jersey bull, age 2 or 3 years, wearing iron yoke, no brands visible.

If said animal is not claimed by the owner or those entitled to the possession of it, costs and expenses against it paid and it taken away within 10 days from the date hereof, then at 2 o'clock p. m. of the 17th day of May the said animal will be sold to the highest bidder, at public auction, for cash, at the city pound, located at the Depot Barn, Cottonwood street, in said City of Pendleton, the proceeds of such sale to be applied to the payment of such costs and expenses of making sale.

Dated this 5th day of May, 1915.

JOHN KEARNEY, City Marshal.

**Newsy Notes of Pendleton**

**Sells-Floto Circus Coming.**

Al Butler, advance agent and official herald of the Sells-Floto Circus and Buffalo Bill Wild West Show, blew breezily into town today and announced that he had booked the stellar attraction which he represents for Pendleton on Thursday, June 10, only little more than a month away.

**Normal Students Visit Schools.**

Yesterday the normal class of the high school visited country schools over the county. One group visited the North Yakum school, 11 miles northwest of the city, taught by Carl Bowman. It is a standard school. Those visiting this school were the Misses Fern Holmington, Irma Baltes, Edith Richardson, Rosa Gordon, Edna McReynolds, Fonda Wolfe and Freeman Hendricks. They were accompanied by their instructor, Miss J. Arline Cleveland. They spent the day at the school.

Another group visited the Riverside school, east of the city, also spending the day. Those in this group were the Misses Dorothy Bedwell, Alma Sherman, Edna Earl, Hazel Wagner, Eleanor Arbogast, Winnie Chisholm and Mrs. May Hagar.

This is only one of the practical visits made to schools by the normal class.

## TEAL'S ADDRESS.

(Continued From Page Two)

hundreds of thousands of acres of land needing but the magic touch of water to transform the desert into a garden. The contour of the country is such that but a small percentage of these lands can be irrigated by gravity. They can only be watered by pumping. This method, while the best, can be successfully carried out only by using cheap power. Above Celilo there are many rapids which will ultimately be improved by means of locks and dams, and the general canalization of the river. With every dam, water power will be created and this power should be utilized. In other words, the use of our rivers for navigation should not be the only one considered. All beneficial uses of these streams should be taken advantage of, and when they can be made available in connection with the improvements for navigation, it is worse than a blunder not to do so.

**Possibilities Ahead.**

While I have not time to elaborate this thought, the slightest consideration will disclose the magnificent possibilities that await the proper improvement of the Columbia and Snake rivers. When it is accomplished, as in the not distant day it will be, the Inland Empire will be an empire in fact as well as in name—an empire of industry, of commerce, of manufacture and agriculture; and the valleys of the Columbia and the Snake will have become one vast garden, full of happy homes and contented and industrious people.

It is hardly necessary for me to speak of the profound satisfaction I take in the completion of this great work, and the pride and honor I feel on having been called on to preside at this epoch-making occasion. Not only have we the gratification that comes from seeing the actual results of our labor, but our success thus far will spur us on to further efforts. Already this particular achievement is in the past. Our faces are still set to the future, and we must never falter nor tire until from the mountains to the sea our great river is as free as the air we breathe, and the land it waters and serves is giving forth in abundance all the fruits of the soil—until this country becomes an empire, not only of productivity, but of the highest type of American citizenship.

## THIS WOMAN'S SICKNESS

Quickly Yielded To Lydia E. Pinkham's Vegetable Compound.

Bridgeton, N. J.—"I want to thank you a thousand times for the wonderful good Lydia E. Pinkham's Vegetable Compound has done for me. I suffered very much from a female trouble. I had bearing down pains, was irregular and at times could hardly walk across the room. I was unable to do my housework or attend to my baby I was so weak. Lydia E. Pinkham's Vegetable Compound did me a world of good, and now I am strong and healthy, can do my work and tend my baby. I advise all suffering women to take it and get well as I did."—Mrs. FANNIE COOPER, R. F. D., Bridgeton, N. J.

Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, contains no narcotic or harmful drugs, and to-day holds the record of being the most successful remedy for female ills we know of, and thousands of voluntary testimonials on file in the Pinkham laboratory at Lynn, Mass., seem to prove this fact.

For thirty years it has been the standard remedy for female ills, and has restored the health of thousands of women who have been troubled with such ailments as displacements, inflammation, ulceration, tumors, irregularities, etc.

If you want special advice write to Lydia E. Pinkham Medicine Co., (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.
